BOOTS AND SHOES FOR SUMMER.

Stylishness for the ladies,
Comfortableness for the men,
Ruggedness for the children.

We've picked our stock according to these ideas.

And style doesn't leave out durability. Neither does long wear sacrifice looks. It needn't and it doesn't.

All-round Shoe goodness for every member of every family, as low as \$1.00 a pair, as high as \$5.00, but all worth what you are asked to pay.

We have everything in the grocery line at close prices.

J. L. ARNOLD.

To the consumers of TEA in Fenelon Falls and surrounding country:
You are the judges of this commodity, and the best way to get you thoroughly sure that I have the

BEST VALUE IN TEAS

is for you to try my Ceylons in black or green Japans and siftings, or Salada in all grades.

Sure winners at

W. L. ROBSON'S.

Who's Your Tailor?

If you ask any particularly well-dressed man in Fenelon Falls or surrounding district, "Who makes your clothes?" invariably he will tell you

'TOWNLEY.'

Be one of the number, and call and see what he is doing for the Spring and Summer. His prices are right, consistent with first-class style and workmanship. He makes no other.

POUNDING PORT ARTHUR

The Japanese Land Forces and the Fleet Are Engaged.

Related Telegrams From Gen. Stoessel Indicate That Garrison Expects to Hold Out Despite Japs' Furious Onslaughts—Latter Captured Two Forts—Battle Imminent At Mukden, As Japs Are Advancing With Nine Divisions.

St. Petersburg, Sept. 21.—Interest is again concentrated upon Port Arthur, owing to news that a general storming of the fortifications there has begun. A few belated telegrams from Gen. Stoessel, the commander at Port Arthur, strengthens confidence in the ability of the defenders to hold out, despite the furious onslaughts of the Japanese.

The last attack mentioned by Gen. Stoessel took place the night of Sept. 14 and was directed against redoubt No. 8, which protects the water supply of the city. The redoubt is about two miles beyond the line of permanent forts and the attack upon this shows that the Japanese were not within striking distance of the main fortress.

The sensational announcement that Gen. Kuroki has crossed the Hun River unopposed, and that the whole Japanese army is advancing upon Mukden does not receive credence here.

General Attack on Port Arthur. Che Foo, Sept. 21.—Authoritative information has been received here of a general attack upon Port Arthur by the Japanese forces which began before daybreak yesterday and continued until dark. All indications point to an effort to capture certain of the northeast main forts.

Two Forts Captured. Shanghai, Sept. 21.—The general attack on Port Arthur in which the Japanese fleet is co-operating, began yesterday morning. The Japanese captured two forts on either side of Sutzoying, north of Port Arthur.

Attack Near Waterworks Repelled. St. Petersburg, Sept. 21.—Lieut.-Gen. Stoessel, commanding the Russian military forces at Port Arthur, reports by telegraph that on the night of Sept. 16 the garrison repelled two attacks on the redoubt protecting the waterworks.

Battle Imminent. Mukden, Sept. 21.—A battle is imminent. The Japanese are advancing with eight, and possibly nine, divisions.

The crops of tall millet have nearly all been harvested, affording a better field over which to form on the flat plains.

The Hun River is the direct front of the Russian army.

G.T.P. DIRECTORATE RE-ELECTED.

First Annual Meeting Held—Pacific Terminus Not Yet Selected.

Montreal, Sept. 21.—The annual meeting of the shareholders of the Grand Trunk Pacific was held at the general offices of the Grand Trunk Railway at noon yesterday. The former directorate was elected, and the meeting then adjourned.

Mr. Hays on his return from the tour of inspection of the West, said yesterday that the western terminus for the Grand Trunk Pacific had not yet been decided on, but Port Simpson and other places of possible choice along the coast to Vancouver had been visited.

Experts, he said, were now collecting data as to the approaches, both by land and water to several ports, which would later on be submitted to the directors, following which an announcement of the choice of a terminus would be made.

John Morley Coming.

Toronto, Sept. 21.—Hon. Richard Harcourt received an interesting letter from Rt. Hon. John Morley yesterday.

He had written him in regard to his approaching visit to Pittsburg and expressed the hope that he would not lose the opportunity of visiting Canada.

In reply Mr. Morley said that he hoped to be in Toronto for a day or two in October prior to his visit to Pittsburg.

Mr. Harcourt said that arrangements would be made to give him a proper reception, and the university would tender him an honorary degree.

King's Prizeman Made Sergeant.

Vancouver, B.C., Sept. 21.—Private Perry, King's prize winner, was entertained at dinner Monday evening by the officers and men of his company in the sixth regiment, Duke of Connaught's Own Rifles. During the course of the evening the announcement was made that Perry had been promoted to the rank of sergeant.

LINDSAY MERCHANT INJURED.

Thrown Out By Runaway and Found Unconscious on Road.

Lindsay, Ont., Sept. 21.—Yesterday afternoon A. Primeau, grocer and butcher, and for 25 years a prominent business man of this town, drove out into the county west of here for a load of produce.

Last night two bicyclists found him lying unconscious on the Little Britain road, a short distance from town.

He was brought to the Ross Hospital, where he now lies unconscious as a result of severe concussion of the brain.

His horse had run away and thrown him out.

His recovery is very doubtful.

Gun's Recoil Upset Canoe.

Port Arthur, Sept. 21.—V. Mill, a Nova Scotian, was drowned by his canoe upsetting in Negging River yesterday morning. He and companion went out duck shooting. Both men fired at a bird and the recoil of the gun upset the boat. Neither could swim. One man grabbed the boat and held on until he reached shore.

Roller Under Fender.

Ottawa, Sept. 21.—Joseph Dorrie of Maxville, Ont., an excursionist to the fair, lies in a precarious condition in the Protestant Hospital as the result of a street car accident. He was caught under the fender and dragged a considerable distance. He is about 22 years of age.

Loses His Right Hand.

Peterboro, Sept. 21.—Burns Noble, a young man whose home is in Sunderland, had his right hand taken off here yesterday afternoon while working at the Peterboro Canoe Factory. He was engaged in running one of the planers when his hand became caught in the rollers. He is about 22 years of age and had been in town for two months.

Eight Passengers Injured.

Winnipeg, Sept. 21.—The eastbound Imperial Limited ran into the west-bound Transcontinental Express at Medicine Hat yesterday. Eight passengers were injured, though none seriously. The cow-catchers on both engines were badly damaged, and the cars of the trains more or less damaged. The explanation given by the engineer of the limited was that steam issuing from an engine on a side-track had obscured his view of the signals and the Transcontinental standing before the station.

Freights Collide in Fog.

Forest, Sept. 21.—During a heavy fog yesterday morning about one o'clock a freight train, westbound, ran into the rear of another freight train, near the town line crossing. One engine was derailed and a cattle car was thrown into the ditch. No one was injured except brakeman J. J. O'Rourke, who received a slight injury to his nose.

FROSTS NIP WESTERN GRAIN.

Average Wheat Yield Will Not Be More Than 16 Bushels.

Winnipeg, Sept. 21.—Heavy frosts were general throughout the west Monday night, ranging from 2 to 8 degrees, practically no district escaping. Although the great bulk of wheat is now in, certain sections in Saskatchewan and Northern Assiniboia have still a considerable percentage to harvest.

According to the C. P. R. weekly crop reports, given out yesterday, wheat growers all over the country are being greatly handicapped by the rains of the past week. In some parts it has been raining continually for the past four or five days, while in other places, frequent showers are putting a complete stop to threshing. As a result, at some points, from 5 to 25 per cent. of wheat and oats still remains to be harvested.

Many sections of country were not visited by rust at all, but at many of these places rust has nipped the grain considerably, although, in no instance, in comparison to injury by rust. It would appear that the average yield of wheat will not reach higher than 16 bushels to the acre. Some points show a yield as high as 30 bushels, with oats averaging up to 40 bushels, but these places are extremely rare.

\$50,000 Gift to McGill.

Montreal, Sept. 21.—The medical faculty of McGill University has been enriched by a gift of \$50,000 from Lord Strathcona, the money to be used for general endowment purposes. Announcement of the gift was made by Dean Roddick at the opening lecture yesterday.

Experiment Worth Trying.

London, Sept. 21.—(C. A. P.)—The St. James' Gazette, regarding the establishment of a colonial class at the public schools, says the theory seems good enough to warrant the experiment.
