

dow frames are in; but there is still a good deal to be done, and Mr. McFarland does not expect to be in it much before Christmas.

**THE POWER HOUSE.**—Mr. Kennedy, under whose superintendence the new power house is being built, tells us that he hopes to have it finished in about a month. The foundation walls, which are of concrete, took a long time, as all sorts of difficulties had to be contended with, and when they were finished Mr. Kennedy said that the worst of his work was over. The superstructure will be of cement. The steel flume arrived several days ago, and was at once placed in position.

**AN AUTO TRIP.**—On Saturday last Mr. J. M. Loose ran out from Toronto to Fenelon Falls with his automobile, covering the distance, about 87 miles, in a few minutes over six hours—pretty good time, considering the kind of roads travelled over. After passing Powles' Corner he met Mr. Edward Worsley, whose horse wheeled around suddenly when about six rods from the auto, throwing Mr. Worsley out of the buggy into the ditch, and running away after breaking loose from the buggy. Fortunately, Mr. Worsley was not seriously hurt. Mr. Loose, who was accompanied by his son and daughter, was the guest of his brother-in-law, Dr. Gould, until Monday afternoon, when he returned to the city.

**ORANGE PICNIC.**—On Tuesday of last week the annual Orange picnic was held in a beautiful grove about a mile west of Glenora, and at night there was a concert, at which Col. Sam Hughes presided as chairman. Miss Bellegham, of Peterborough, sang magnificently, and Mr. H. W. Moore, of the same city, gave two good recitations in first-class style. In the afternoon there was a match at football and one at baseball, which were much enjoyed by the young athletes who participated in them, as well as by the spectators; but we do not know the names of the clubs whose representatives took part in the games, nor who were the victors. The affair was a pronounced success, the receipts amounting to nearly \$100.
