

year out, is a record to be proud of, and facts and figures show that since the Liberals came into power, eight years ago, this has been an actual fact. Mr. D. L. White, of Midland, who is an authority on matters of trade and commerce, pointed this out at the Liberal convention."

OPTICAL.—Mr. M. D. Tugendhaft, the well-known eye specialist, from Toronto, will be at the Mansion House, Fenelon Falls, on Wednesday, Oct. 26, one day only. This will afford a good chance for any person affected with weak or inflamed eyes to consult a good man. Headaches are often the result of eye errors and may frequently be cured by proper attention to the eyes. Better make a note of the date of his visit. He will be at Scott's hotel, Kinmount, on Tuesday, Oct. 28.

NOBODY KNOWS.—"Forest and Stream" has predicted that the coming winter will be a severe one, on account of the pin feathers and down on the bodies of wild birds; but Mr. Stupart, chief of the Dominion Weather Bureau, says that the records show that the most severe winters are invariably followed by comparatively open ones, and last winter was unusually severe. We place no faith in either prediction. Nobody knows what kind of a winter is ahead of us; and we would just as soon bet that the approaching winter will be as hard as one as the last as we would bet that it will be one of the mildest on record.
