

FANCY THEIR FEELINGS—On Saturday afternoon Messrs. Thomas Robson, Lorne Davey and E. C. Edwards left by the afternoon train for a few days' deer hunting somewhere out north, and left their rifles at the railway station. Fancy their feelings—imagine their deep despair—if they had found themselves at Senora Lake, or wherever it is, surrounded by deer and minus their "shooting irons." But they were saved by the presence of mind and agility of Mr. Harry Deyman, who, grabbing the rifles, set off up the track "at the rate of a hunt," and managed to catch the train, which, as usual, stopped for a few minutes to "liquor up" at the water tank. If those absent-minded Nimrods don't overwhelm him with venison when they get home, we hope that, next time they go hunting, they'll forget their cartridges, and keep on forgetting them until they reach their destination.

ROBBERY AT BURNT RIVER—Late on Monday evening Constable Brook received information that during the previous night about \$300 in cash and cheques and notes to the amount of three or four hundred dollars, had been stolen from the premises of Mr. William Robson of Burnt River. The suspected thief is a man named Alfred Oleson, a boarder, who has disappeared, and who is thus described: Age about 24; height 5 feet 7 or 8 inches; weight about 180 pounds; dark complexion; clean shaven; dressed in navy blue coat and vest and checked pants, navy blue peaked cap and tan boots with heavy soles. Nationality, Swede, and speaks very little English. Oleson is known to several persons at the Falls and was here on Saturday. There is a warrant out for his arrest, and any information as to his whereabouts will be gladly received by Constable Brook. Store-keepers and farmers can avoid all such risks by depositing their money in some good bank—such as we have in this village—and save themselves all anxiety, and also get a little interest to add to the principal.

of a suggestion just because it's new to you. Perhaps it's a good one, but never happened your way before. Has anybody ever suggested that you make honey a regular article of food in your house? Did it ever occur to you that that is what honey is made for?

And when you buy honey, see that it came from my apiary, and you can be sure you have the best.
