

MAKING A CHOICE

is difficult when there are so many pretty things to choose from. But there is one consolation, for when everything is lovely you cannot make a wrong choice.

THERE ARE PRESENTS

There are presents here to suit everybody; the loveliest fabrics, the daintiest silks, the snowiest linens, the shiniest ribbons, the prettiest handkerchiefs, and a host of other pretty things.

The beauty of it all, too, is that no matter what you buy, it will be just right in every respect—including the price. Of course you must come and look at them,

ESPECIALLY THE TEN CENT TABLE ON SATURDAY.

W. BURGOYNE.

Departmental Store.

FALL and WINTER JACKETS and LADIES' RAIN COATS.

We are showing the largest stock, the newest styles and the cheapest ladies' Coats ever shown in Fenelon Falls.

Girls' and Misses' Coats, all sizes and several styles at \$3.00, \$4.00 and \$5.00.

A sample of the great Coat offering we are making this week.

Coats the same as cut, regularly worth \$6.00, our special price \$5.00.

This is just one sample of what we are doing:

\$6.00 Rain Coats for \$5.00
\$7.50 Rain Coats for \$5.50
\$8.50 Rain Coats for \$6.50

All latest styles, just received this week. Full length or three-quarter. Come and choose one while you have a good choice, as they will not last long at these prices.

WM. CAMPBELL.

The Fenelon Falls Gazette.

Friday, Nov. 25th, 1904.

THE ONTARIO CABINET.

The work of re-organizing the Ontario Cabinet was completed on Tuesday afternoon, and it is now composed as follows:

Hon. George W. Ross, Premier and Treasurer.
 Hon. F. R. Latchford, Attorney-General.
 Hon. Richard Harcourt, Minister of Education.
 Hon. W. A. Charlton, Commissioner of Public Works.
 Hon. A. G. Mackay, Commissioner of Crown Lands.
 Hon. George P. Graham, Provincial Secretary.
 Hon. J. M. Gibson, Minister without portfolio.
 Hon. F. E. A. Evanturel, Minister without portfolio.

Agricultural and Experimental Union.

The twenty-sixth annual meeting of the Ontario Agricultural and Experimental Union will be held at the Ontario Agricultural College on Monday and Tuesday, December 5th and 6th, starting at 1.30 p. m. on the 5th. Experiments in agriculture and horticulture have this year been conducted on nearly 5,000 farms throughout Ontario. The results of the carefully conducted work will be summarized and presented at the annual meeting, to which all interested in agriculture are invited. Some of the special subjects to be presented and discussed this year are as follows: "Selection of seed corn," "How to farm successfully with as little help as possible," "The shipping of fruit in cold storage," "The girl and the home," "Farm Forestry for Ontario," "Actual observations of economical methods of increasing the yield per acre of our farm crops," etc. Ladies' sessions, under the auspices of the Women's Institutes, will be held in the Macdonald Institute on Monday, Tuesday and Wednesday. On Monday evening a public meeting of interest to all will be held in the College Convocation Hall. Arrangements have been made for single rates to Guelph for the Experimental Union meeting and the Provincial Winter Fair. The excursion rates start on Saturday, December 3rd. For full particulars in reference to the programme and the excursion rates, write to C. A. Zavitz, Secretary Agricultural College, Guelph, Ont.

Victoria and Haliburton Majorities.

The official returns of the voting at the recent election show the following majorities in the various municipalities in this constituency:

SOUTH VICTORIA.		
	McLaughlin	Hughes
Lindsay	20	
Mariposa	166	
Ops	10	
Emily		28
Verulam		1
Bobcaygeon		47

The Power House.

The new power house, work upon which was commenced nearly six months ago, is approaching completion, and will be entirely finished, equipped and ready to turn out tame lightning by the end of the year. It is a difficult building to describe, but it is quite easy for anyone who wants to know what it looks like to go and see it. The house proper, or what may be called the main building, measures 26½ feet by 30½ feet, and is 47 feet high from the bottom of the foundation, part of which is be-

low the water line. Until that height was reached the work was slow and somewhat disheartening, but after it was passed the remainder of the foundation, which varies in thickness, was soon finished, and the walls rose rapidly. The foundation and walls are of the same materials as used for Mr. McFarland's new store, and which will, it is believed, last, as the saying is, "for ever." The gables of the building were commenced this week, and carpenters are at work preparing the plates and rafters for the roof, which will be covered with metal instead of shingles. A good part of what may be called the "machinery" of the power house is already in, and water was let into the flume some days ago; but the mammoth dynamo, which arrived on the 12th inst., as noticed in last week's *Gazette*, is lying boxed up and protected from the weather behind McD., B and A's office, where it will probably remain for several more days. As it weighs 6½ tons, the work of getting it over the bank of the river and lowering it to the level of the floor of the power house, will have to be done by the slow process, and exceedingly strong chains, ropes and anchorage will be required. The building was designed by Mr. John E. Belcher, civil engineer, of Peterborough, with whom Mr. William Kennedy, of Bobcaygeon, who superintended the work, has been acting in concert for many years. Mr. Belcher, who was here on Tuesday, said that the power-house was, for its size, as good a one as he ever saw, and that all the machinery was of the very latest designs—the best, in fact, that money would buy. How much cement, crushed stone, sand and gravel has been used in the foundation and walls of the building we do not know, but the quantity was simply immense, and it is likely that the total cost of the power-house and its contents will foot up to at least \$25,000, and possibly even more. This is a large sum of money, but the mistake of being "penny wise and pound foolish" has not been made, and no one qualified to judge has any doubt that the investment will prove to be a profitable one.

Faced Loaded Rifle.

A despatch under the above heading, sent from Kingston on Saturday to Toronto, and published in Monday's papers, tells how four convicts who had escaped from the penitentiary, after overpowering the guards and taking a rifle and two revolvers from them, were captured single-handedly by Accountant W. S. Hughes, who was formerly chief keeper in the penitentiary, and is a brother of our Sam's. The runaways eluded Mounted Scout Matthews, whom they fired at, probably without the least intention of hitting him, and Matthews told Hughes, whereupon the latter went to a house, procured a loaded shotgun, pursued and overtook the convicts, whom he scoured into laying down the rifle and revolvers with which they had him covered, and marched all four of them back to the "King's boarding house" half an hour after they escaped from it. The story reads like an extract from one of Col. Sam's South African letters; but it may be true for all that. It was Accountant Hughes, if we are not mistaken, who shot and killed an unruly convict a very few years ago, and the runaways probably knew him, and that he was not a man to be trifled with. They also knew that if he killed them it would be justifiable homicide, whereas, if they killed him, it would be murder, and a hanging matter. Therefore, they showed their discretion by surrendering, and he showed his grit by compelling them to do so, for the chances were that at least one of the four would be fool enough to shoot him!

Personals.

Mrs. William Aldous returned home from Gravenhurst last week.
 Mr. James A. Gilgoly, of Lindsay, was at the Falls on Tuesday.
 Mr. H. E. Austin, of Toronto, spent Thanksgiving Day at the Falls.
 Mr. George Ingles, of Lindsay, was at the Falls on business on Tuesday.
 Mr. Herbert Paley was home from Toronto from Thursday last until Monday.
 Mr. C. W. Burgoyne went to Toronto on business on Monday and returned on Wednesday.
 Miss W. Bonnell, of Bobcaygeon, was at the Falls on Sunday, the guest of Mrs. Dickson.
 Mr. C. B. Plant, of Hastings, brother of Mrs. Dickson, spent Sunday last at the Rectory.
 Mr. A. J. Campbell, of Lindsay, was at the Falls, on business, from Wednesday until Thursday.
 Messrs. Harry, Samuel and Edward McKendry, of Lindsay, spent part of Thanksgiving Day at their home at the Falls.
 Miss Nellie Heard, who is a student in the Federal College at Lindsay, was

home from Thursday of last week until Monday.

Mrs. Hugh McDougall and her daughter Kathleen, who went to Toronto on Thanksgiving Day, returned home on Tuesday.

Mr. Bert Townley left on Wednesday for Cobocook and Norland, and came home yesterday with a satisfactory number of orders for winter clothing.

Mr. W. H. Robertson, of the Peterborough Times, was at the Falls on Thanksgiving Day. Mrs. Robertson, who accompanied him, remained until Monday.

Mrs. Andrew McFarland left on Saturday for Castleton, to attend the funeral of her uncle, Mr. William John Newman, and returned on Wednesday, accompanied by her mother, Mrs. Geo. H. Mitchell, who had been at Castleton since the 12th inst.

Fell's Station.

(Correspondence of the Gazette.)

Deer hunting has been the one subject of conversation lately, and a great many of our sportsmen have had splendid success.

Having had glorious weather all fall, the farmers are getting their ploughing all done, and the winter's wood up in good order.

The rain that has fallen during the past week was indeed badly needed, as there were a great many wells and watering places nearly dry, and the people were fearing another fall like the one we had last year.

Mr. G. Moise, of Toronto, is the guest of Mrs. W. Mitchell, Fair View.

Miss Kate Hughes, who has been visiting at her home (Green Mountain Home) for the past three weeks, returned to the Queen City on Monday.

Mr. Fowler, photographer, Lindsay, has been in this vicinity recently, taking photographs of schools.

Fell's Station is in line with other places for changes. Mr. and Mrs. Geo. Griffin, who moved into our neighborhood a short time ago, are now, we regret to say, about to leave us again, Mr. Griffin having secured a better situation. Mr. F. Eldridge is, we hear, about to take Mr. Griffin's place as section man on Mr. W. Wood's division. Mr. Eldridge comes from Burnt River.

Mr. William Mitchell, of Fairview, had the misfortune to have a young heifer killed by the train last week, owing to the railway track not being fenced for a short distance along his property.

Mr. John Bulmer, who went north of Haliburton to work in one of Mr. Geo. Martin's camps a couple of months ago, returned on Wednesday morning, and reports that there is about five inches of snow in that part of the country.

The election is over and a thing of the past, but we rejoice to know that we have the greatest Liberal victory in the history of the Dominion.

ANNIVERSARY TEA.—The anniversary tea in connection with St. James' church, Fenelon Falls, will be held on the evening of Monday, December 12th. Watch for further announcements.

HOME AGAIN.—The dozen or so of our villagers who went hunting, all got home on or before Saturday, most of them with two deer and a few with only one. This season deer appear to have been plentiful in some localities and scarce in others.

FARMERS' INSTITUTE MEETINGS.—The annual meetings of the East Victoria Farmers' and Women's Institutes will be held at Bobcaygeon on Wednesday, November 30th, and at Fenelon Falls on Thursday, December 1st. For particulars see bills.

AUCTION SALE.—On Wednesday, December 7th, all the farm stock and implements on Mr. Archibald McArthur's farm, lot 26, con 4, Fenelon, will be sold by Mr. J. J. Power, auctioneer, commencing at 1 p. m. For terms and particulars see posters.

WINTRY.—The long spell of fine weather came to an end on Saturday night, when a lively thunder storm set in, and a good deal of rain fell. This (Thursday) morning the train from the north came in covered with snow, and it is snowing here in the Falls; but the temperature is hardly down to freezing, and we may have slush before we have sleighing.

SACRED LECTURE.—A sacred lecture entitled "The Passion of Christ," illustrated with limelight views, will be delivered in St. James' church next Wednesday evening, Nov. 30th, at 8 o'clock, by the Rev. Canon Dixon, of Toronto. This is a lecture that is interesting, instructive and elevating, and all of our citizens will do well to avail themselves of the opportunity of hearing it. A silver collection will be taken at the door.

ANOTHER STEAMER BURNED.—We learn from the Peterborough Examiner that the steamer *Alert* was almost completely destroyed by fire, a few days
