There was an insurance of \$3,000, which will almost cover the loss. Two other of the boats on our inland waters, the *North Star* and the *Kenosha*, were burned this season.

IT'S GOOD.

Honey is a good thing to take when you have a cold—it is good medicine in that case. It is also good to take when you haven't a cold—it is good food. Chemical analysis shows that ripe honey is one of the best and most healthful natural food products, especially for children.

I run my apiary for the production of the best honey possible. The price is ten cents a pound.
