for prohibition has been done by the Liberal party, but no political party has gone far enough to do away with the rum seller and exterminate the business forever.

TOWNSHIP COUNCILS FOR 1905 .--Verelam, John Devitt Jr. reeve and Geo. Brooks, Emerson Tiers, D. Mc-Farland and Wm. Hetherington Jr. councillors. Fencion and Somerville same as last year.

THE KIRKFIELD LIFT LOCK .- We see by a paragraph in one of the Toronto papers that the contract for the erection of the new lift lock at Kirkfield, on the Trent Canal, has been awarded to the Dominion Bridge Company of Montreal. The lock is to overcome a lift of fifty feet, and it will differ from the one at Peterborough in that the tower will be of steel instead of cement.

LIBRARY MEETING AND SALE.—The annual meeting of the members of the Fenelon Falls public library will be held in the reading room on Monday, January 9th, at 8 o'clock p. m., when reports will be received and directors elected for the ensuing rear. The an nual sale of periodicals will be held after the meeting. It is important that there should be a large attendance at this meeting. Thos. Robson, president; M. E Calder, librarian.

FOR NEEDLEWORKERS -" Corticelli Home Needlework," the magazine for needleworkers, is the best thing in its line that has come to our notice. It is a quarterly publication, beautifully illustrated with engravings and handsome colored plates, carefully edited, prac tical in every detail and replete with instr ctions for home decorations, dress embroidery, lace makings and things fashionable. Published by the Corticelli Silk Co, St. Johns, Que, at 50 c. nts per year.

CURLING .- The local curlers are at it harder than ever this winter, and some of the best playing they have ever put up came out in the Christmas and New Year's games in the presidentvice-president series. The president's side came through with a majoriy of three shots, although the other side won six of the eight games played. Following are the scores :

THIS IS HOW

to tell ripe honey from unripe honey when it is candied.

Ripe honey candies solid, with a very fine, close grain; while unripe honey has a much coarser grain, and is generally mushy and watery on top. You may have noticed the difference without knowing the cause.

Every can of honey I send? out is ripe honey. If you get a can that won't stand the above test, I didn't put it up.
