

order of the day.

Some of the farm crops at present are not looking very prosperous, owing partly to the very dry season we are having.

Mr. Albert Hopkins, of Kinmount, was in our vicinity recently on a business trip.

Miss Katie Hughes and her sister, Miss Annie Hughes, of the Queen City, are enjoying a month's visit at their home (Green Mountain Home.)

Mr. and Mrs. Robt. English, of Fenelon Falls, spent Easter Sunday with their daughter, Mrs. Frank Eldridge.

Mr. W. Mitchell, Fair View, had a wood bee on Monday, which was very successful, and ended up with all having a very enjoyable evening.

Mrs. T. Shaokland spent Monday in Lindsay.

Mr. and Mrs. Wood Sr. and Mr. and Mrs. J. T. Thompson Jr., of Fenelon Falls, spent Easter Sunday with Mr. and Mrs. Wm. Wood at the Station.

Mr. Wm. Tipling of Honey Grove has purchased a new incubator.

Mr. Wm. Hoskies, of Bury's Green, had his new barn raised one day last week, and the raising was attended by a very large crowd, who tripped the light fantastic until "the wee sma' hours ayont the twal."

**SHE DID N'T COME**—The steamer *Kathleen* was advertised to run a trip to the Falls on Good Friday, but she did not come, being unable to break an ice blockade at the mouth of the river.

**GOVERNMENT WORK**—The work of putting a new top on one of the lock gates (which had become rotten) was finished early this week, and the worn-out flooring of the swing bridge has been replaced by new planks. Mr. G. H. Littleton "bossed the job," which, it is needless to say, was well and satisfactorily done.

**MOVED.**—Mr. J. J. Nevison has moved into his new store, the ceiling and inner walls of which are covered with painted metal plates over tar-paper, instead of being lathed and plastered. The work benches and stock of leather are upstairs, leaving the ground floor for the display of harness, trunks, valises etc., and the transaction of business.

**WARMER.**—The weather is now much warmer and more pleasant than it was before the heavy fall of snow on Good Friday, which, as the saying is, "took the cold out of the air." The village cows are beginning to go through the motions of grazing, cattle are being turned out upon the ranches, where some tufts of long grass were left last year, and on Tuesday the bees began to gather pollen from the soft maple bloom.

**BEE-KEEPERS' MEETING**—The regular spring meeting of the Victoria County Bee-keepers' Association was held at Little Britain on Good Friday, and was well attended by apiarists from various parts of the county. Two very interesting sessions were held, and some new names were added to the membership. It may interest the general public to learn that Mariposa township is one of the greatest honey-producing sections in Ontario.

**GYPSIES.**—This (Thursday) morning the Falls was invaded by a waggon-load of Gypsies, about twenty-five of whom have an encampment on or near Mr. John Perryman's farm, about two miles north of the village. The men are tinkers and horse dealers, and the women, who are gorgeously attired, profess to be able to divine into futurity. We believe them to be genuine Gypsies, as they look just like the ones we used to see in England ages ago.

**DIED.**

**SIMMONS.**—At the residence of her son-in-law, Mr. Edward Beteau, Fenelon Falls, on Tuesday, April 25th, Mrs. James Simmons, of Irondale, aged 50 years.

**ALWAYS IN SEASON.**

Some people have a notion that honey is just a cold weather article of food, and only to be used in the winter, or else they think it will spoil quickly in warm weather.

Other people know better, and use it right along.

Honey is always seasonable, and if properly kept, never deteriorates in quality. Get in with the crowd who use it every day.
