The Fenelon Falls Gazette.

Friday, May 19th, 1905.

They Won't Do It.

On our first page is an article telling how President Roosevelt warned a number of railroad magnates that, if they would not accept "moderate regulations of railroads by federal authority," they would be up against Socialism. We venture to predict that they won't accept anything that will lessen the enormous profits they are wringing out of the unfortunate public, and that "Teddy" was only wasting his breath by talking to them. They want—whether they need it or not—every cent they can get either by hook or by crook, and will no more hold their hands than will a burglar who has broken open a bank safe. One of the president's visitors was, we are told, shocked at what he said; but that visitor will receive something worth calling a shock if he be alive at the time of the next presidential election, and a still greater one if he live until November, 1912. Nothing is more certain than that Socialism is coming. The first time the American Socialists put up a candidate for the presidency, just to see what they could do, he polled less than 100,000 votes; in November last he polled nearly half a million; in 1908, at even only the same rate of increase, (though it will probably be far greater), the vote will be two millions, and after that—the deluge. It is impossible that the horrible existing conditions, under which millions of civilized beings live in misery, can continue; the late Senator Hanna—one of the most observant men in United States—foresaw and predicted Socialism, and President Roosevelt is evidently beginning to foresee it too. It is a glorious state of affairs—is it?—when railroad magnates have to be *begged*, instead of *compelled* to exercise with moderation the power they have obtained over the people.

Farmers Must Cut Road Weeds.

By a recent amendment to the Municipal Act, pathmasters are no longer required to look after the cutting of noxious weeds on the highways in their divisions. Every owner or occupant of land is now required to cut the weeds growing on the highways adjacent to his land. Chapter 27, of the Statutes of 1904, provides as follows:

"It shall be the duty of every owner or occupant of land in a municipality to cut down or destroy, or cause to be cut down or destroyed, at the proper time to prevent the ripening of their seed, all noxious weeds growing on any highway adjoining such road, not being a toll road, from the boundary of such line to the centre line of such road, and in case of default after notice from the Inspector or Overseer of Highways, or where no inspector or overseer is appointed, from the clerk of the municipality, the municipality may do the work and may add the cost thereof to the taxes against the land in the collector's roll and collect such cost in the same manner as other taxes."

The above change in the Act will be very welcome to pathmasters, as the cutting of weeds along their respective beats was, perhaps, the most onerous of their duties, and one which in too many cases was neglected. As weeds are more injurious to farmers than to any other class of the community, it is to their interest to prevent them from maturing; and we think that the Municipal Act, as it now stands, will be much more effective than it was before the recent amendment.

Village Council.

Fenelon Falls, May 10th, 1905. Council met at regular meeting; all the members present. Minutes of the two previous meetings were read and approved.

McGee—Sims.—That the following accounts be paid, and the receipt orders for the same: R. J. Moore, printer,

ing, \$7; E. Brook, salary, \$28; Wm. Fountain, work on street, 75c.; S. Corbett, do., 75c.; T. Robson, acct., \$1.96; W. Gurd & Co. dog tags, \$3, and express, 45c.; \$3.45; W. L. & P. Coms., current, \$21.08; E. D. Hand, printing, \$1.50; Clerk, express on assessm't roll, 25c.—Carried.

A petition signed by Dr. Wilson and 32 others, praying that cows be prohibited from running at large, was laid up on the table; and a counter petition signed by J. Twomey and 48 others, was also laid on the table.

McGee—Sims.—That L. Deyman and G. H. Littleton be a committee to see after repairs to cemetery fence, and also as to building a small tool house therein.—Carried.

By-law to regulate gravel pit was introduced and passed in usual manner.

Dr. Gould tendered his resignation as a commissioner.

Mr. McGee gave notice of a by-law to be introduced at this meeting, appointing two members of the Board of W. L. & P. Commissioners.

By-law was introduced and passed in the usual manner.

McGee—Sims.—That we accept the resignation of D. Gould as corporation director of the Sandford Co.—Carried.

On motion of Mr. Littleton, a by-law appointing an auditor and director of the Sandford Co. was passed in the usual manner.

Sims—Littleton.—That if, after five days' notice to pay the dog tax has been given, the tax on any dog or bitch remains unpaid, the owner of such animal shall be liable to prosecution under the by-law.—Carried.

Mr. Deyman gave notice of a by-law to be introduced at next meeting to prohibit cows running at large.

On motion of Mr. McGee, the time for the return of the collector's roll was extended until next regular meeting.

School Report.

Examinations May 5th; Continuation Class. History, value 100—L. Jewell 78, W. Carley 72, C. Puley 66, Gratton Graham 48, E. Maybee 44, V. McIntosh 42, W. McDougall 36; S. Ellis 34, K. Junkin 34, S. Mason 80; J. Austin 24, Gertrude Graham 24, C. Martin 20. Absent, G. Mark, C. Ingram, A. Kerr, N. Wilson, J. Graham, C. Bellingham.

Junior 2nd; Arithmetic, total 100.—R. Deyman 80, E. Nugent 55, N. Mason 55, C. Sinclair 50, A. Fountain 50, T. Lane 50, E. Shano 45, W. Robson 45, M. Shano 45, L. Connel 35, L. McDougall 35; H. McTavish 30, G. Smith 30, L. Kelly 22, R. Griffin 20, A. Donaldson 10. Absent, S. McGregor, D. Jones, G. Ingram, J. Dundas, H. Clark, G. Windrim, M. Duffy, L. Curtis, J. Howie, G. Church, Janet Northey.

Sr. 2nd; Arithmetic, total 100.—N. McDiarmid 95, T. Jeffrey 95, I. Junkin 70, E. McFarland 70, B. McCarthy 65, M. Twomey 64, V. McNabb 50, J. Northey 50, G. Fountain 45, E. McIntosh 35, A. Robson 32, L. Nugent 10; Absent, R. McIntosh, O. McGee, V. Sewall, A. Henley, W. Wilson, M. Poulson, S. Chatten.

Personals.

Miss Violet Prescott came home from Toronto on Tuesday.

Mrs. A. J. VanNostrand, of Toronto, is visiting friends at the Falls.

Mr. and Mrs. Archibald Holmes, of Kinmount, visited friends at the Falls this week.

Mr. William Davey was at the Falls on Saturday, on the way from his home near Lindsay to the residence of his son on the Beehive farm in Verulam.

The Rev. A. S. Dickinson attended a meeting of the Rural Deacons of Durham and Victoria, held in Bobcaygeon on Tuesday and Wednesday.

Mr. John D. Smith, of Port Hope, was at the Falls for a few hours on Wednesday, accompanied by Mr. S. H. Brown, the lessee of the Kawartha Hotel.

Mr. Percy M. Lamb returned from Trinity College and Mr. Percy Knox from Victoria College on Saturday, and will remain at home until the commencement of the October term.

PARLOR SOCIAL.—A parlor social, under the auspices of the Parish Workers of St. James' church, will be held at the residence of Mrs. Hugh McDougall on the evening of Tuesday, the 30th inst. Everybody welcome. Refreshments will be served. Admission 10c. Ice cream extra.

PROPERTIES SOLD.—Within the past few days Mr. Richard Colmer has sold his frame cottage on Eidler's hill to Mr. James Graham; and Mr. E. McDougall has sold the building known as the Sandford office to Mr. R. J. Moore, who will move the Star plant into it before the 1st of June.

BENGOUGH, MAY 24TH.—Mr. J. W. Bengough, the famous cartoonist, is billed to appear in Twomey's hall on the evening of May 24th; and, as every

body who has ever seen or heard him wants to do so again, and everybody who has not already done so also wants to see and hear him, the hall will no doubt be crowded. Tickets 15, 25 and 35c. Plan at Robson's drug store.

ACCIDENT.—On Tuesday Mr. William Bawks, an employee in the Sandford factory, had the middle joint of his right fore finger struck and dislocated by a piece of wood thrown from the "shaper" at which he was working. He went to Dr. Gould, who did what was necessary, but the accident, though not serious, will lay him up for a few days, as the back of the hand, as well as the finger, was a good deal swollen, and on Tuesday night he said that it was giving him considerable pain.

TO-NIGHT.—Remember the public library entertainment to be given in Dickson's hall to-night. The three-act comedy-drama entitled "A Scrap of Paper," is one of the best things ever presented in the line of amateur dramas. It covers two hours, and is full of interest and amusement. The staging is also receiving much attention and will be something out of the ordinary. Admission 25c., reserved seats 35c. Plan at Robson's drug store. Curtain rises at 8 p. m. sharp. Orchestra in attendance.

SUDDEN DEATH.—Mr. John Perrin, of Fenelon, whose home is close to the village of Cameron, died suddenly on Monday night from a paralytic stroke caused by the bursting of a blood vessel in his brain. While milking a cow, he suddenly fell forward, and died two hours and fifteen minutes later, less than an hour after the arrival of Dr. Graham, of this village, who was summoned, as soon as possible, by telephone from Cameron, and who has not the slightest doubt as to the cause of death. Mr. Perrin, who was a very old resident of the township, had just reached the middle of his 70th year.

THE CROPS.—As far as we have heard, the crop prospects at the present time are fairly encouraging. Some of the fall wheat was winter killed, but the bulk of it escaped and is looking well, as is also the spring wheat, most of which is above ground. The weather until quite recently was too cold for grass to make much headway, but there has been an abundance of rain lately, and, as the temperature is steadily rising, hopes are entertained of a good crop of hay, but whether those hopes are to be realized or not depends, of course, upon the weather for the next few weeks. It is too early to offer even a conjecture as to how the other crops will pan out.

STURGEON POINT NOTES.—The Lindsay Evening Post of Monday says: "Several new and handsome cottages will be erected at Lindsay's popular summer resort this spring. Contractor Miller will construct two just north of the Spring for Mr. F. W. Sutcliffe and Mr. R. J. McLaughlin respectively; and another will be erected by Mr. Geo. McFadden on a lot purchased by him last season. Mr. W. H. Simpson has men at work putting up a large addition to his cottage near Walkey's restaurant, as a result of which his summer home will be about doubled in size. He will also construct a substantial dock, at which small boats may land in rough weather without fear of injury."

A NEW BOILER.—The North Verulam cheese factory has a brand new 20 h-p. boiler, made by Black & Co., of Brockville, and bought of A. E. Williams, of Toronto, who is the manufacturer's agent in the Queen City. As the safety of the old boiler was doubted, Mr. Clayton Barr, of this village, was employed to test it, which he did on Monday of last week; and, as it would not stand the test, he and Mr. Benjamin Smith, president of the cheese company, went, a day or two later, to Toronto and purchased a new one, with which they passed through here on Friday, and it was set up in the factory by Mr. Barr. The season's manufacture of cheese was commenced yesterday, the 18th inst.

SPRAYING FRUIT TREES.—The season for spraying fruit trees to prevent the ravages of insects etc. is approaching, and it should be remembered by all who have orchards that, while it is necessary to spray their trees if a good crop of fruit is to be secured, it is important that the spraying be done at the proper time, which is just after the blossoms fall. It is at this stage that the eggs of the codling moth are deposited in the young fruit. Spraying trees when in full bloom is not only a waste of time and material, but is a direct injury to the blossoms, as is fatal to bees, which are the principle agents in the cross-fertilization of the blossoms, and is contrary to a law passed in 1892 by the Ontario Legislature for the protection of the said bees—and, incidentally, for the protection of the fruit grower himself.

GOOD NEWS.—We are glad to be able to announce that the Kawartha Hotel has been leased, and that it will probably soon be full of summer visitors. On Monday Mr. E. A. McDiarmid
