

THERE IS NOW A MASS OF PROOF

THAT LUMBAGO IS ALWAYS
CURED BY DODD'S KIDNEY
PILLS.

Quebec Man Cured His Kidneys
With Dodd's Kidney Pills, and
His Lumbago Vanished.

Quebec, P. Q., May 22.—(Special)—John Ball, a bricklayer, residing at 57 Little Champlain Street, this city, has added his statement to the great mass of proof that Lumbago is caused by disordered Kidneys, and consequently easily cured by Dodd's Kidney Pills. Mr. Ball says: "I was troubled with Lumbago for two years. I could not work. I had to get up at night to urinate so often that my rest was broken. I read of cures by Dodd's Kidney Pills and made up my mind to try them. After the first box I could see and feel a change. Three boxes cured me completely."

Lumbago, like Rheumatism, is caused by uric acid in the blood. Uric acid cannot stay in the blood if the Kidneys are working right. Dodd's Kidney Pills make the Kidneys work right.

EGG-SWALLOWING RECORD.

A singular story of egg-swallowing comes from Maritzburg, the capital of Natal. A well-known citizen made a bet with a local auctioneer that he would swallow forty-two raw eggs in ten minutes. He performed the task in eight minutes, and then offered to swallow sixty raw eggs in fifteen minutes.

Known to Thousands—Parmelee's Vegetable Pills regulate the action of the secretions, purify the blood and keep the stomach and bowels free from deleterious matter. Taken according to direction they will overcome dyspepsia, eructate biliousness, and leave the digestive organs healthy and strong to perform their functions. Their merits are well-known to thousands who know by experience how beneficial they are in giving tone to the system.

ALL THE WORLD'S BARRELS.

"The invention of new machinery has made the cooperage business the largest in the world," said a man interested in that industry. "The largest consumption of barrels is in the cement business, which approximately demands 35,000,000 a year for the trade, while flour comes next with a demand for 22,500,000; fence staples, bolts, nuts, and nails require 18,000,000, and sugar 15,000,000. Roasted coffee, spices, crockery and fruit and vegetables use up about 5,000,000 barrels a year each, while the glassware trade, baking-powder companies, distilled liquor manufacturers, and sweet tobacco, and these packers are big users of barrels, averaging in each trade from 2,000,000 to 3,000,000 barrels."

DON'TS FOR BUSINESS GIRLS.

Don't be late to your work and then expect consideration because you are a young lady. Don't expect to be treated as if you were in society. You are probably doing the work that was done formerly by a man, and if in small ways you are not considered as much as you are at home, remember that you are in business. Don't have your friends come in to see you during business hours. Don't let your friends ring you up at the office, even in the lunch hour. Don't complain constantly about your work. If your work is not congenial to you, make up your mind to get some other employment, but don't whine. That never helped anyone.

JAPANESE PATRIOTISM.

During the past three years the Japanese in three big centres in the United States of Japanese population—San Francisco, Seattle, and Honolulu—have contributed to the war fund a total of \$5,015,482.

DAME NATURE HINTS.

When the Food Is Not Suited. When Nature gives her signal that something is wrong it is generally with the food; the old Dame is always faithful and one should act at once.

To put off the change is to risk that which may be irreparable. An Arizona man says:

"For years I could not safely eat any breakfast. I tried all kinds of breakfast foods, but they were all soft, starchy messes, which gave me distressing headaches. I drank strong coffee too, which appeared to benefit me at the time, but added to the headaches afterwards. Toast and coffee were no better, for I found the toast very constipating."

"A friend persuaded me to quit the old coffee and the starchy breakfast foods, and use Postum Coffee and Grape-Nuts instead. I shall never regret taking his advice. I began using them three months ago."

"The change they have worked in me is wonderful. I now have no more of the distressing sensations in my stomach after eating, and I never have any headaches. I have gained 12 pounds in weight and feel better in every way. Grape-Nuts make a delicious as well as a nutritious dish and I find that Postum Coffee is easily digested and never produces dyspepsia symptoms."

MONK'S TRAGIC END.

Suicided Before the Altar in a Belgian Church.

During the celebration of Mass in the chapel of the Redemptorist Fathers at Roulers, Belgium, an extraordinary tragedy occurred.

Kneeling to pray before the image of St. Gerard, at a moment when the chapel was occupied by a large congregation, including many women and children, Father Borremans, one of the most respected of the Redemptorist priests, suddenly drew a razor from beneath his cassock and cut his throat. Uttering a choking cry, he fell dead before the shrine.

In the midst of the confusion caused by the tragedy, shouts of "Fire!" were raised and dense clouds of smoke spread through the building. The congregation, panic stricken, rushed to the doors and succeeded in escaping from the burning chapel.

It was then discovered, says the "Petit Journal," that the fire originated in the dead priest's cell, where a mass of books and papers were in flames. With considerable difficulty the fire was finally extinguished. There was no doubt that Father Borremans had deliberately started the fire before going in to the service in the chapel.

The occurrence is believed to have been due to a high fever from which the monk was suffering.

A Casket of Pearls.—Dr. Von Stan's Pineapple Tablets would prove a great solace to the disheartened dyspeptic if he would but test their potency. They're veritable gems in preventing the seating of stomach disorders, by aiding and stimulating digestion—60 of these health "pearls" in a box, and they cost 35 cents. Recommended by most eminent physicians.—64

Virtue becomes a vice as soon as you are vain of it.

"I reckon John must have been cut out for one o' these here geniuses that writes for the magazines," said the old man. "What makes you think so?" "Can't make money enough to git his hair cut, an' would rather watch a star than dig a well!"

A Sound Stomach Means a Clear Head.—The high pressure of a nervous life which business men of the present day are constrained to live make draughts upon their vitality highly detrimental to their health. It is only by the most careful treatment that they are able to keep themselves alert and active in their various callings. Many of them know the value of Parmelee's Vegetable Pills in regulating the stomach and consequently keeping the head clear.

EVER SEEN REAL GOLD?

Few people know the real color of gold, because it is seldom seen except when heavily alloyed, which makes it much redder than when it is pure. The purest coin ever made were the fifty-dollar pieces which once were in common use in California. Their coinage was abandoned for two reasons; first, because the loss by abrasion was so great, and second, because their interior could be bored out and filled with lead. The difference in weight was so small that it could not be noticed in such large pieces. They were octagonal in shape and were the most valuable coins ever minted and circulated. All gold is not alike when refined. Australian gold is distinctly redder than that taken in California. Moreover, placer gold is more yellow than that which is taken from quartz. This is one of the mysteries of metallurgy, because the gold in placers comes from that which is in quartz. Gold taken from different placers will vary in color. The gold in the Ural Mountains is the reddest in the world.

Little Ethel (laying down a look)—"Do princes always dress in silk and velvet, and wear a cap with a white feather, and ride a sweet little white pony?" Mother—"Not now, my pet. They dress just like other boys." Little Ethel (sadly)—"Then I don't think I'll ever marry."

Sweet Innocence—"Papa says that you can't afford to marry." Guileful Youth—"Oh, how absurd! Why, it only costs a few dollars!" Sweet Innocence—"Is that so? How foolish papa is! I'll tell him."

Gentlemen,—In January last Francis Leclair, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.
