### Toronto Exhibition Prize List.

The prize list for the Canadian National Exhibition at Toronto, Ontario, which this year will be held from Aug. 29th to Sept. 9th, both days inclusive, has come to hand. Every class has been thoroughly revised and in many cases added to. The premiums to be distributed amount, including medals, plate and specials, to upwards of \$40,000 in value, of which \$35,000 is in actual cash. Field Marshal Lord Robert, V. C., is expected to officiate at the opening ceremonies on Tuesday, Aug. 29th, and to be a constant visitor during the first week. The famous band of the Irish Guards, considered the finest military musical organization in the United Kingdom, and the favorite household band of His Majesty the King, will give two concerts on the ground daily. Pictures and art treasures loaned by the King (Abbey's great Coronation picture being included,) the Corporation of the City of London, the Republic of France, South Kensington Museum, Right Hon. Lord Strathcona and Lieut. Governor of Ontario, Hon. Mortimer Clarke, will contribute to the most magnificent and most historical display of art ever made on this continent. Entries close August 15th. Copies of the prize list and entry blanks can be had on application to J. G. Orr, Secretary and Manager of Canadian National Exhibition, the City Hall, Toronto.

### Lightning's Work.

Early on Sunday afternoon a terrific storm passed over this section, doing a great deal of damage and not sparing human life. Near Kirkfield a daughter of Mr. John Barrett was killed by lightning while standing in the doorway of the house, and in Verulam, near Red Rock, Mrs. Henry Junkin was struck while sitting on a lounge with her head leaning against the wall behind it. The lightning came down the wall, burned her back hair, and traversed one side of her body and one leg, burning the latter severely. On Monday a report to the effect that she was dead got about here; but it was not true, and we are pleased to be able to state that she is doing so well that her complete recovery is considered certain. Mr. Henry Austin's handsome brick residence on Louisa street was struck, but the lightning was very considerate, contenting itself with partially demolishing the chimney and doing some trifling damage within the house. A barn on Mr. John Hodgson's farm, and one on Mr. Robert Handley's, both at Burnt River, were struck, but, as far as we can learn, neither of them was badly damaged.

### A Few Fishing Lines.

Fishing for maskinonge and bass—legitimate fishing, we mean—commenced on Friday last, and the majority of the persons who "went for them" in canoes, skiffs and yachts, had unusually good sport. The *Post* of Saturday says: "Mr. Hank Brown and a party of half a dozen friends returned last evening from Ball Point in Mr. Brown's steam yacht, the forepeak of which was filled with maskinonge. There were fourteen beauties, one of which would weigh about 20 lbs., and four others from 12 to 18 lbs." Other good catches are reported in the same paper; but, until we have indisputable evidence to the contrary, we shall persistently believe that the heaviest fish caught in our local waters on the opening day was captured by the *Gazette* staff, who went out early in the morning with a brand-new double bait and line, and returned a couple of hours later with two small "lunge" and a big fellow that weighed 19 lbs. 9 oz. It will be observed that Mr. Brown's party caught one that would weigh about 20 lbs., but probably couldn't—perhaps because it lacked

forty or fifty ounces of avoirdupois. In these days of keen rivalry guessing or estimating the weight of fish won't do; they must be put upon a scale in the presence of reliable persons, or the yarns told about them will be listened to with incredulity. Fish are not so numerous in Canadian inland waters as they were in years gone by; but there are still so many of them that, when they are on the bite and the weather is favorable, a fairly good catch may be reckoned upon, and guests at the Hotel Kawartha—especially those who come from fishless localities—will think, and not without reason, that they have struck a piscatorial paradise, when they have been out two or three times with a guide who can show them how to manipulate the glittering trolling baits, and can take them to spots where grown up "lunge" and bass are on the look-out for something to eat.

### Village Council.

### Fenelon Court of Revision and Council.

Cambray, June 13th, 1905.

Adjourned Court of Revision and general business meeting. Proceedings of last meeting read and approved on motion of Messrs. Cragg and Smitheram.

The following amendments were made to the assessment roll on motion of Messrs. Webster and Dewel: That A. Maybae be assessed jointly with Jane Maybae for west half of lot 15; con. 5 That John Howie be assessed as tenant of property formerly occupied by De-Caw & Sons. That W. A. Gillis be assessed for the acre lot formerly owned by Wm. Styles, and designated part of east part of lot 24; con 7. That George B. Coates' assessment be placed at \$1,700 instead of \$2,000, and that the roll as now revised be the assessment roll for Fenelon for the year 1905.

The council then took up general business, and the following communications were received: From C. N. McDougall, relating to road on Victoria Road; from the editor of the *Star* re printing; from committee on telephone systems, asking information as to merits of telephone systems in townships; from the editor of the *Watchman-Warder* re printing.

The following received the assent of the council.

Webster—Dewel.—That the Watchman-Warder's tender of \$69 for township printing for one year be accepted.

Webster—Dewel.—That the council

examine the by-law placing the road on con. 11, between lots 23 and 24, in its present place, and be governed accordingly.

Cragg—Smitheram.—That a by-law be now introduced for the purpose of granting money for road expenditures, and appointing commissioners to expend the same. The by-law received the usual readings: Mr. Cragg in the chair.

Webster—Dewel.—That Alex. Rutherford be appointed to expend \$15 in cleaning out the Parrish gravel pit.

Smitheram—Dewel.—That Neil Sinclair be a commissioner to finish the bridge on con. 3, lots 24 and 25, and that he be granted \$60 for the same.

Webster—Dewel.—That the clerk notify Wm. McNish, Jr., to pay the bill of \$9, for destroying his team, to the treasurer within fifteen days; and that, if not paid, it will be put into the hands of the township solicitor to collect with costs.

### Powles' Corner.

(Correspondence of the Gazette.)

The social that was announced for last Friday evening in the school yard was held in the basement of the church on account of rain, and was not very well attended. About \$17 was realized for church purposes. If the weather had been favorable, a match game of baseball would have been played between the team here and a team from Fenelon Falls.

Last Tuesday morning Mr. and Mrs. Thos. Daniel received a telephone message stating that Mrs. Charles Daniel, of Toronto, was nearing her life's end.

Last Saturday afternoon Mr. J. C. Parrish raised his barn, the framing of which was done by Mr. John Willock, in his usual masterly manner. It is rather strange that a business place like Fenelon Falls is without a first-class lumber yard, where surrounding farmers could purchase all kinds of materials for barn building, instead of having to go to Lindsay or elsewhere for them.

Several new buggies have lately come into this community, which is a sign that the farmers are prosperous.

Mr. Alex. McGee attended the county council this week.

Mr. James Fell has had some pine-stumps pulled where, some time in the future, he intends to plant an orchard. It is a good idea.

Mr. John Moore is putting a stone foundation under his house, and making other important improvements.

Mr. Joseph Hill is erecting a driving shed on a stone foundation, which latter will be used as a hog-pen.

Mr. Wm. Cooper has erected a commodious driving shed, a building which is indispensable on a farm.

Mr. Jas. Wagar has recently had his barn "jacked up," and Mr. Thos. Lane will soon commence to build a stone foundation under it.

In erecting new buildings, improving old ones and putting up wire fences, there is great activity amongst farmers.

### Personals.

Mr. C. W. Burgoyne was at Toronto on business from Monday until Wednesday.

Miss Irene McDougall returned on Tuesday from the Ladies' College at Whitby.

Mrs. John Berry, of Lindsay, was at the Falls from Thursday of last week till Wednesday, visiting at Mr. Hand's.

Messrs. J. T. Palmer, W. T. Junkin, J. T. Thompson, Jr., and John Lee left for Toronto on Tuesday, as delegates from the local lodge of Canadian Odd-fellows to the annual meeting of the Grand Lodge.

WOMEN'S INSTITUTE.—The annual meeting of the East Victoria Women's Institute will be held in Dickson's hall to-morrow, commencing at 2.30 p. m., when the usual business will be transacted. A full attendance is hoped for.
