The Torture of Tight Shoes

is productive of many warm words. Sometimes the vanity of the wearer is responsible, sometimes the salesman, and sometimes the shoes. In this store the latter two causes are absent. Unless a customer insists on buying shoes that are too small, we will sell him Shoes that will look well, fit well and wear well. And there's no torture about prices, either.

ENVOYS FACE TO FACE

Russians and Japanese to Determine Peace Terms.

If Basis For Negotiation For Peace Is Formed Treaty Making May Occupy Five Weeks—Credentials and Powers of the Plenipotentiaries Will Be the First Business of the Commission.

Portsmouth, N. H., Aug. 9.—The Russian and Japanese peace missions are on the eve of facing each other for the purpose of seeking to end the war in the Far East and if possible consummating a permanent peace. To-day they will meet in the naval stores building of the navy yard. The Russian plenipotentiaries will examine the credentials and powers which the Emperor of Japan has delegated to Baron Komura and Minister Takahira, and in turn the plenipotentiaries of the Japanese Emperor will scrutinize the powers which the Czar has conferred upon M. Witte and Baron Rosen. The second day's session, Thursday or Friday, is expected to be devoted either to a consideration of the Japanese peace terms, or to a proposition for an armistice by the Russian plenipotentiaries. It has been estimated that if a basis of negotiation for peace is some something like five weeks' time before a treaty can be perfected and signed.

The landing and reception of the envoys yesterday was replete with ceremony.

The envoys of both Japan and Russia were affected by the demonstration accorded them, and constantly raised their hats in acknowledgment of the salutes.

The envoys were met at the Court House by Assistant Secretary of State Pierce, who first presented M. Witte to Gov. McLane and then Baron Komura. Then the senior Russian representative presented his suite to the chief executive officer of New Hampshire and the Japanese plenipotentiary did likewise.

Gov. McLane's formal speech of welcome was responded to by a profound bow by both parties. At the conclusion of the ceremonies the entire party was photographed.

When the Hotel Wentworth was reached there was an outburst of applause. Both suites took dinner at the same time in the main dining-room of the hotel. They had only half concluded their meal when the Russian envoys entered and were escorted to the extreme end of the room, directly past the Japanese table. No sign of recognition, however, was made by either.

As the guests of Rear Admiral Mead the plenipotentiaries and their suites last night were introduced to about 60 invited guests. Before leaving the Russian and Japanese diplomatists again greeted each other cordially.

Russian National Assembly to Be Promulgated by Royal Decree.

St. Petersburg, Aug. 9.—The National Assembly project was finally approved at Peterhof last evening, and will be promulgated next Saturday, the anniversary of the birth of the Grand Duke Alexis Nikolaevitch, heir to the Russian throne.

Japs Take Lighthouse.

Tokio, Aug. 9.—The Navy Department announces that a force of Japanese landed at Port Imperator, 150 miles south of Kastrles Bay, Siberia, and captured the lighthousekeeper, but released him and allowed him to continue in his duty. The lighthouse guard fled inland without making any resistance. When the Japanese first landed at Kastrles Bay they captured two eight centimetre bronze guns with which the Russians were bombarded.

Something They Can Hit.

Canea, Crete, Aug. 9.—The Russian gunboat Khrabry, has bombarded and destroyed Castell (on the north coast of the island of Crete, about 18 miles east of Retimo), because the insurgents there opposed the landing of a Russian force to take over the customs house.

Prussian Prince Arrested.

Berlin, Aug. 9.—The Royal house of Prussia is deeply agitated over the arrest, as a spy, of Prince Frederick Henry, eldest son of Prince Albrecht. The prince was detected photographing the east battery in Swinemunde, Pomerania, and was taken through the streets despite his indignant protest. He was later recognized and released with profuse apologies.

BREAD MAKERS MEET

Prof. Harcourt, O. A. C., Urges Campaign Against Food Fads.

In "The Open Shop" George Weston Scored Labor Unions as Disturbers—Held They Destroyed Competition and Favored Monopoly—Mr. Bredin Says Men Have Right to Organize, But Are Often Badly Led.

Ottawa, Aug. 9.—Over a hundred and fifty delegates from all parts of the Dominion attended the opening sessions at the City Hall this morning of the convention of Canadian master bakers. A civic welcome was extended by Mayor Ellis and Ald. Black, and was responded to by President A. A. Lees, Hamilton, and ex-President Powers, London.

In the discussion following an admirable paper on flour by Prof. Harcourt of the O. A. C., A. W. Carrick, Toronto, suggested that the association should make a campaign exposing to the public the breakfast foods, which he described as more fads than foods.

Against the Unions.

George Weston of Toronto read a paper on "The Open Shop." He said unions were all right in so far as they elevated the members and promoted their social good, but the fault was that they interfered with the prerogatives of employers. No union should have a right to bar employment of an honest man who enters into an agreement with an employer on terms agreeable to the two. Unionism, he declared, was a disturber, destroying competition and favoring monopoly. There should not be such things as "open" or "closed" shops. Employers should be free to engage whom they pleased as long as the labor was honest and the terms satisfactory.

Discussing this paper, Mr. Bredin, Toronto, said employees had as much right to organize as their masters. The unfortunate thing was that they were often badly led. Mr. Bredin read a paper prepared by Z. Hilton, Toronto, on cost of break-making in a small bakery.

The afternoon the visitors spent in sight-seeing, and had supper at the Royal Shanty, afterwards going to Britannia at night. On Thursday the association will go to Montreal as guests of the Ogilvie Milling Co. Locomotive Firemen.

Toronto, Aug. 9.—A large representation of the International Brotherhood of Locomotive Fire men, which took in every line in North America, met here in convention yesterday. The proceedings are strictly private, but last night a public meeting was held in the Majestic Opera House. Addresses were delivered by Mr. W. F. Maclean, M. P., Grand Master J. J. Hannahan, Fourth Vice-Grand Master E. A. Ball, Ald. Graham. The Grand Master said they never cared to resort to strikes when a peaceable settlement was possible, although the organization had a defence fund of \$3,000,000. A handsome silver tea service was presented to First Vice-Grand Master Wilson by his Toronto friends, he being formerly of this city.

Master Plumbers Meet.

Winnipeg, Aug. 9.—The tenth annual convention of the National Association of Master Plumbers and Steamfitters of Canada was opened yesterday morning. Mayor Sharpe greeted the numerous delegates and extended the freedom of the city. The afternoon was spent in viewing the city.

Union Bakers Quit.

New York, Aug. 9.—The strike of bread bakers in Hebrew quarters yesterday spread to Brooklyn, where a union of 130 bakers quit work.

Operators' Strike Over.

Seattle, Aug. 9.—According to Supt. Weymouth of the Seattle division of the Northern Pacific, and Supt. Scott of the Cascade division of the Great Northern, the railway telegraphers' strike is practically over.

Will Quit Work on Thursday.

Cleveland, Aug. 9.—The strike of the structural and bridge workers against the American Bridge Co. will not begin until Thursday morning. The primary cause of the strike is said to be because the company refuses to recognize the union of New Haven, Conn. It is estimated that 15,000 structural iron workers will quit work on Thursday.

Mob Hangs Negro.

Waco, Texas, Aug. 9.—At 2 o'clock yesterday morning mounted citizens numbering 600 surrounded the Court House and jail, and after making prisoners of Sheriff Tilley, the jailer and all the deputy sheriffs, broke open the jail, took Hank Majors, colored, out and after hearing his confession hanged him from the new bridge.

Frankford In Darkness.

Belleville, Aug. 9.—During the recent severe storm, which passed over this district, the Village of Frankford was placed in total darkness, owing to the fact that the electric lights were all burned out by lightning. John Simmons' house was also struck and damaged, and Keer's barber shop somewhat wrecked.
