THE WAR IS OVER.

At last, and almost unexpectedly, we have the joyful news that the war in the East has come to an end. It is said that "the Emperor of Japan, responding to the dictates of humanity and civilization, has, in a spirit of perfect conciliation, and in the interests of peace, waived the question of reimbursement of war expenses, and has consented to a division of the island of Sakalin upon terms which are mutually acceptable, thus making it possible to bring the important work of the peace commission to a successful issue." And so ends the long and bloody struggle, in which, from beginning to end, Japan has been victorious upon both land and water, and which has taught Russia a lesson she is not likely to soon forget.

Words of Praise.

Among the recent guests at the Hotel Kawartha were Rev. F. Campbell, of Brooklyn, N. Y., and Dr. Gilmour, Warden of the Central Prison, Toronto, and their wives, and we are pleased to report that both gentlemen speak in the highest terms of the hotel, its management and its cuisine. Mr. Campbell told us personally that the rooms were elegantly furnished and scrupulously clean, that Mr. Brown was a model host and the table all that could be wished; and Dr. Gilmour said that he knew of only two summer hotels in Ontario that could compare with the Kawartha. On Monday some of the guests went fishing in Cameron lake and were delighted with the result, as they caught eight 'lunge, the largest of which weighed 17 pounds, with most of the others between 8 and 12 pounds. The favorable reports of the Hotel Kawartha given by this year's guests in their respective circles will do it a great deal of good, and we expect that next year it will be well filled. Ordinary advertising is well enough in its way, but what a house wants to make it popular is openly and earnestly expressed approval by those who have patronized it, and that is what the Hotel Kawartha now has.

Verulam Council.

Council met at Boboaygeon on Aug. 23rd, the reeve J. J. Devitt, Esq., in the chair, and councillors G. Brooks, E. Tiers, D. McFarland and W. Hetherington present.

On motion of Messrs. Tiers and Hetherington, Wm. Green was appointed collector at a salary of \$75, and a by-law passed accordingly.

On motion of Hetherington and Tiers, the clerk was instructed to write the County treasurer that when W. J. Finley pays the full amount of back taxes on part of lot 18, con. 8, sold for taxes, the township is willing to rebate the amount of statute labor charged against the land.

Mr. William Martin claimed the full price of the wire for 40 rods wire fence on the Fenelon road, said to be a forced road, and narrow, and, on motion of Brooks and Hetherington, Martin was allowed 60 cents per rod for the said piece of fence.

Mr. Martin also asked if council could sell a quarter line of road and was told they could. He then asked that the council sell him the quarter line on the west side of con. 3, between lots 20 and 21.

Tiers—McFarland,—That notices be posted up and the by-law be advertised that this quarter line be sold, and that council meet on Oct. 12th to sell the said road and pass the said by-law.—Carried.

Mr. James Stewart stated that he had met with an accident in crossing a culvert on Peterboro road on McGregor's swamp about June 1st. His team took fright at the culvert and ran away, causing him much trouble and medical expense.

Commissioner Tiers stated that he had enquired about this culvert of the pathmaster, who said that he had filled the place with stones and had crossed over it with a tank of water that same morning. Under these circumstances council disclaimed any responsibility.

McFarland—Brooks,—That the clerk be instructed to write the clerk of Fenelon, placing an account for one-half the cost of culvert on Verulam and Fenelon boundary, ten dollars.—Car'd

Hetherington—McFarland,—That the clerk be instructed to write the clerk of Fenelon, drawing his attention to the fact that the fences of Jos. Welsh and Walter Stevenson are on the road on Fenelon boundary, causing accumulation of snow in winter, and asking that steps be taken to have them removed, and, if possible, to have them replaced by wire.—Carried.

Council adjourned to meet on Thursday, Oct. 12th, at 10 a. m.

Village Council.

Fenelon Falls, Aug. 21st, 1905.

Council met at call of reeve; all the members present.

Moved by Mr. McGee, seconded by Mr. Deyman, That this council request the Dept. of Railways and Canals to place a sufficient number of electric lights along the T. V. Canal passing through the village to give sufficient light to make the canal safe for the public, as the present condition is not such, and that the reeve forward the request of the council to the Department.—Carried.

Littleton—Sims,—That this council send a delegation to wait on the proper authorities of the G. T. R. at Lindsay and Toronto, urging on them the advisability and importance of better connection with the evening trains into Lindsay.

LABOR DAY.—Monday next, the 4th inst., will be Labor Day and a public holiday over all North America.

GOOD FOR PERCY.—In the May examinations held at Toronto University, Mr. Percy J. Knox, of the Falls, obtained third place in general proficiency, with first class honors in English History and English Bible, and second class honors in French, Latin and Biology.

SHUT DOWN.—So many of the employees of the Sandford factory have been clamoring for a holiday, either to go to the Exhibition, or duck shooting, or fishing, or nowhere in particular, that it has been decided to stop the wheels for a few days, of which to day is the first. Work will be resumed on the 11th inst. In the meantime the aforementioned wheels will receive a good general cleaning up.

WHAT FENELON FALLS WANTS.—Monday's *Globe* says: "Fenelon Falls will send a deputation to wait on Mr. J. D. McDonald, district passenger agent of the Grand Trunk, with a view of securing a branch of that road from Lindsay to that point." You've got it slightly twisted, Mr. *Globe*. We have the railway—have had it for thirty years. What the deputation is after is a better train service, and it won't be happy till it gets it.

A TERRIBLE STORM.—A brief but terrific storm passed over this locality about midnight on Tuesday. Some of the thunder-claps were almost as loud as the roar of cannon, and there was a mixture of forked and sheet lightning such as is seldom seen. There are rumors of two or three buildings being set on fire not very far from here; but we cannot obtain any information as to where they were or who owned them.

GARDEN PARTY IN FENELON.—A garden party under the Epworth League was held at Mr. Richard Byrnell's, in Fenelon, on Tuesday evening, and while it was in progress a violent storm set in. After it was over Mr. Byrnell put a lot of hay on the rack on his wagon, as many of his guests as it would hold piled in and were driven to the Falls, a distance of a little over a mile. One of the events of the evening was a "corn roast," which was highly appreciated. There was a good attendance, and the receipts were in proportion.

RAGWOOD.—On Monday morning the reeve showed us a bunch of ragwood, which he had noticed and taken the liberty of plucking in Mr. William Webster's yard. This weed is not, we believe, very common in this locality, and the less of it we have the better, as it has—or is said to have—an injurious effect upon those who smell or even handle it, producing something like influenza. Mr. McFarland said that he intended to show it to his customers, so that they may know what it is, and extirpate it without mercy if they see it in their fields or garden.

A DELIGHTFUL EXCURSION.—The excursion under the auspices of St. James's church, Fenelon Falls, and St. Peter's church, Verulam, was run on Tuesday, and was one of the most delightful of the season. The *Manita* had on board all that she can legally carry, and the receipts were just about sufficient to cover expenses, which was more than was expected, as the Sunday School children were carried free. Two hours were spent at Laidlaw's, where dinner was eaten, and the same length of time at Cobocook. While at "The Fort" some of the excursionists were fortunate enough to see Mr. McDonald's assortment of prize dogs, one of which, a tiny black Pomeranian, is said to be valued at \$1,000, though he weighs only three and a half pounds.

YOUTHFUL PHILANTHROPISTS.—Last week three very young ladies, Lolia Jones, Lillian Connell and Gladys Jewell, conspired together to hold a garden party in aid of the Sick Children's Hospital at Toronto. The preliminaries having been completed, the party—admission to which was 5 cents for adults, and 1 cent for children—was held on Friday evening at Mr. Jones's, and was so well attended that on Saturday a money order for \$6 was mailed to the treasurer of the hospital. The eldest of the three girls, Miss Jones, is about 14, and the other two are much younger. Their success awakened a spirit of emulation in the breasts of other youngsters, and a number of boys and girls resolved that they, too, would help the sick children, so they gave a garden party at Mr. George Wilson's on Monday evening, and the sum of \$9.10 over all expenses was realized. Well done, "kids." You could n't devote your youthful energies to a better party.
