The Fenelon Falls Gazette.

Friday, Oct. 27th, 1905.

Fenelon Council.

Cameron, Oct. 16, 1905. Council met at call of reeve. Minutes of last meeting read and confirmed.

Following communications were read: (1) From clerk of Verulam, asking to be informed as to Fenelon's action as to payment of half cost of \$20 culvert on the boundary; also as to their causing Jos. Welsh's and W. Stevenson's fences, said to be on the road allowance, to be removed. (2) From Mrs. M. Hayes asking for wire fence bonus. (3) From Fred J. Goodman, asking to be assessed for part 13 in con. 8, formerly owned by Mrs. A. Everson. (4) From W. McIntosh, claiming that an injustice was done to Rosedale residents by council allowing streets running down to river to be fenced across by Mrs. H. McDougall. (5) From Thos. Isaac, resigning the office of pathmaster of his beat. (6) From Jas. Ewers, asking council for \$25 compensation for damage done to horse, buggy and harness in a defective culvert on R. Parrington's beat. (7) From H. McDougall, re fencing in street claimed by John Brokenshire.

The following motions were passed: Webster—Dewel.—That this council pay the bills for fixing the buggy and harness of Jas. Ewers, broken at culvert at lot 30, con. 2, when bills are produced, or pay him \$10 in full of all claims for the accident.

Dewel—Smitheram.—That this council grant John Cunningham as com'r to expend on quarter line between lots 30 and 31, con. 1. This grant to be considered for 1906, and to be worked out in gravelling.

Webster—Cragg.—That the clerk notify John Hay that this council withholds payment of grant if road is not open for travel.

Dewel—Smitheram.—That the clerk notify clerk of Verulam that this council will pay to Jos. Welsh 25c. a rod bonus for 25 rods wire fence to be erected by him on the boundary north from Eisk's corner, and that this council is of the opinion that Verulam and Semerville ought to pay any special bonuses required by Mr. Welsh.

Cragg—Webster.—That Thos. Dewel and F. Smitheram be authorized to inspect the matter of the Rosedale streets being obstructed by a wire fence and report at the next meeting.

Webster—Dewel.—That a grant of \$5 be made to Mary McFadyen in care of the reeve.

Webster—Dewel.—That D. Sinclair and W. Chambers be appointed to rebuild the bridge on con. 4, lot 6, and put in their bill at next council meeting.

Cragg—Smitheram.—That the following bills be paid: E. D. Hand, advertising posting of voters' list, \$2; W. H. Powles, postage and stationery, \$6.22; Mrs. Hayes, bonus on wire fence, \$2; Alex. Murchison, wire fence and pulling three pine stumps, \$7.25; Jos. Pearn, bonus on 74 rods wire fence, \$18.50; Jas. Bryans, for culverts on his beat, \$9; Fred Jones, fixing S. Smitheram's hill, \$5; Verulam Treasurer, re bridge on boundary, \$10; Thos. Shiro, pay for 258 loads gravel, \$12.90. Council then adjourned, to meet at Cameron on Dec. 15th.

Verulam Council.

Council met on the 12th inst. according to advertisement, members all present; the reeve, John J. Devitt, in the chair. Minutes of last meeting read and adopted on motion of Messrs. Hetherington and Brooks.

Correspondence was read from J. R. McNeillie, County Treasurer, with respect to arrears of taxes on lot 18, con. 8, Verulam. From Hon. Nelson Monteith, Provincial Minister of Agriculture, respecting county councils. From James White, Ottawa Geographer, respecting the making of a correct map of the Twp. From W. J. Read, Treas. Verulam, acknowledging receipt of \$15 for use of Twp. grader by Somerville 6 days.

Mr. Geo. Thurston applied for a culvert on his division. The matter was left with the Commissioner.

Council then offered for sale, according to advertisement and posted notices, the quarter line between lots 20 and 21, con. 3. Mr. Wm. Martin, owner of said lots, offered \$50 for the line; no further advances being made and no person appearing to oppose the sale.

Tiers—Brooks.—That the price for the said quarter line be accepted, and that the by-law selling and conveying the same to Wm. Martin be now read and passed.—Carried.

Brooks—McFarland.—That the following accounts be passed and the reeve sign orders for the same: J. W. Junkin, work on roads and to pay others, \$5; Wm. Patterson, do., \$5; John Bick, do., \$8.50; Jos. McGee, do.,

\$10.75; E. Prescott, do., \$7; W. H. Welsh, 40 rods wire fencing, \$14; Independent, printing and advertising, \$29.55; Wesley Pogue, repairs to grader, \$1; J. W. Junkin, 26 loads gravel, \$1.28; Spurgeon Cosh, 95 loads gravel, \$7.60.—Carried.

On motion of Messrs. Hetherington and Brooks, the clerk was instructed to write the U. P. R., requesting the opening of con. line between 7 and 8 across the railway.

Messrs. Hetherington and Tiers moved that the council wait upon the county council at November meeting, and urge upon them the assumption of Emily creek bridge as a county bridge.

Messrs. Brooks and Tiers moved that the advice of solicitor regarding the procedure to be taken be first obtained.

The reeve declared the first motion carried.

Council adjourned.

Powles' Corner.

(Correspondence of the Gazette.)

The school trustees held a meeting last week to consider and to transact business for the benefit of the rising generation in this section. Some of the trustees are in favor of a male teacher, regardless of expense.

Miss G. Bate, of Lindsay, has a class of eight or ten in this community that she is instructing in music, and a recital is talked of if the use of the school house can be secured from the trustees. A small admission fee would be charged for the benefit of the school library.

Some real estate has recently changed hands. Mr. J. C. Wagar has purchased fifty acres from his brother William. This addition will make a good farm of 100 acres.

The salary that rural postmasters receive and what they don't receive makes up the surplus the Postmaster-General is blowing about. Give the rural postmasters a decent salary, and then if there is a small deficit it would be no disgrace to any government.

There are three manure spreaders owned by farmers in this section, and they have given good satisfaction.

On Friday afternoon, the 6th inst., about twenty-five of Mr. Jas. Powles's neighbors gathered together and raised a driving shed 25x40. Mr. John Willock did the framing, and it was done on scientific principles.

Last Monday evening a pie social was held at the residence of Mr. Joseph Perrin. For some time the Latter Day Saints have been in need of an organ for their church at Cameron, and the proceeds of the social are in aid of the organ fund.

Mr. A. Rutherford, who went to Manitoba on one of the harvest excursions, expects to be home soon.

Mr. James Hardy of Kinmount, who leased Mr. A. E. Minthorne's farm, has had one of his boys here ploughing for some time.

The apple crop in this section is away below last year's crop, and we are disappointed.

Personals.

Mr. J. J. Townley went to Toronto yesterday on business and will be home tomorrow.

Mr. Bert Townley took a business trip to Wilberforce on Wednesday and returned next day.

Mrs. Thomas Robson left on Wednesday to spend a few days with relatives in Toronto.

Mr. and Mrs. Joseph Heard left on Wednesday to visit relatives in Toronto, and will be home on Monday.

Mrs. Andrew Torrance was at Lindsay from Monday until Tuesday visiting her daughter, Mrs. George Carow.

Mr. Robert Chambers, of the Lindsay Marble Works, was at the Falls on business for a few hours on Tuesday.

Mrs. John Austin and her daughter, Miss Ella, returned on Saturday from a seven weeks' visit to relatives at Duluth, Minnesota, and Stratford, Ont.

EARLY.—Owing to Thursday being a holiday, the Gazette is issued this week a day ahead of time.

REMEMBER THIS.—The Post says: "Farmers who have strayed cattle or other live-stock on their premises should not forget that it is unlawful to hold them without advertising the fact in the local paper, and that this must be done within a reasonable time limit. A farmer leaves himself liable to costs if his failure to advertise leads the owner to incur expense in searching for the lost animal."

A BIG NUGGET.—We received a few days ago from Mr. E. P. Smith, Soc. Treasurer of the T. & H. B. Mining Co. of New Liskeard, Ont., a photo post card showing a nugget of solid silver weighing 170 pounds, which was found at the company's mine in Cobalt. Mr. Smith is an old Fenelon Falls boy, and his many friends among our readers will join us in hoping he has struck it

as rich as appearances indicate.

BAPTIST ANNIVERSARY.—The anniversary services of the Baptist Church will be held on Sunday, November 5th, when Rev. Albert Cooke will occupy the pulpit, morning and evening. The customary fowl supper will be given in the vestry of the church on Monday evening, after which addresses will be delivered by Rev. G. R. Welch of Lindsay, and others, and special music will be furnished by the choir. Admission: Adults 25c; children 15c. All are invited.

HALLOW E'EN.—The evening of Tuesday next, the 31st inst., will be Hallow E'en, and the village boys will no doubt play some of their time-honored pranks. How would it suit them to gather up the holes and broken planks in the sidewalks and hide them where they can never be found, instead of cutting up the kinds of capers they generally indulge in? If they act upon this suggestion they will benefit all the villagers instead of inflicting trouble and annoyance upon a few.

ST. JAMES' CHURCH.—Thanksgiving service will be held in St. James' church this (Thursday) evening at 7 o'clock. Last Sunday the services were conducted and sermons preached by Rev. Mr. Walker, of Toronto, who also preached in St. Peter's Church, Verulam, in the afternoon. On Sunday next Rev. A. E. Westmacott will be here, and as it is not improbable that the bishop will appoint him to this parish, it is to be hoped that as many as possible of both congregations will attend church next Sunday.

KICKED BY A HORSE.—Some time on Monday last a young man named Joseph Gamsby, who is in the employ of Mr. Wm. Martin, of Verulam, was kicked by a horse, and Dr. Wilson was called for about ten o'clock at night to attend to him. The left side of his neck was badly bruised, a deep wound about three-quarters of an inch long was inflicted on his jaw by the calk of the horse's shoe, the inside of his mouth was lacerated by his teeth, against which his cheek was driven with great force, and one tooth was broken. His injuries, though painful, are not serious, and he will no doubt soon be all right again.

A CRAZY STEER.—A steer which Mr. Paul Ouellette bought from Mr. Naaman Everson, of Verulam, who was bringing it to the Falls on Monday evening, appeared to go crazy when it reached the head of the main street. It chased several men, who either hid behind trees or fled like leaves before the wind; it pursued a girl, whom it would have overtaken had it not slipped and fallen on the sidewalk; and, finally, when tethered to a telegraph pole at Dr. Wilson's corner, it broke the rope and disappeared in the darkness. Up to Tuesday evening it had not gone home, but it has probably been located by this time. Mr. Ouellette says it was the worst animal he ever had anything to do with.

THE DOG NUISANCE.—The city council of Hamilton has passed, or is about to pass, a by-law prohibiting dogs from running at large from May 1st to November 1st, as between those dates they do a great deal of damage to lawns and flower beds, which it is becoming more and more the custom to leave unfenced; and the Post, in commenting upon the action taken by Hamilton, asks: "Who will not say that the appearance of things in Lindsay would not be wonderfully improved by an abatement of the dog nuisance?" Of course it would; but we fancy that civil war will break out in any municipality in which an attempt is made to curtail the liberty of dogs, though they must be a great nuisance where lots are not fenced; and even here, where they are, far more annoyance is caused by dogs than by cows.—as many residents of the village have asseverated in our hearing.

STREET LIGHTING.—The Board of Water, Light & Power Commissioners met on Friday evening last and decided to install a new system of street lighting. The new lamps have already been purchased from the Canadian Westinghouse Co., of Hamilton, and consist of 9 arc lights of 7.5 amperes, for Colborne and Lindsay streets, and 44 50 candle-power incandescent lights for the side streets. This will give us 53 good lights, in place of the 35 16c-p. affairs we had when the village took over the plant two years ago. The work of installation will begin at once, and will probably be completed by the 15th of December. The new system, which will make the street lights independent of the rest of the plant, so that they can be controlled from the power-house, will cost, including lights and everything complete, about \$1,200; and, best of all, will be paid for entirely with the profits of this year's business. Now, who says municipal ownership doesn't pay?
