

Mr. Dan Whetung, Jr., of Chemong, one of the most expert fishermen in this county, says that residents around Mud Lake are complaining of the action taken during the last few days in lowering the water in the lake. He says that the water has been lowered some three feet and is still going down. This, he insists, will have the effect of killing off scores of thousands of fish of all kinds, as the eggs, now laid along the edges of the lake, will be left to perish. He thinks the lowering of the water will result in a fish famine at Chemong. —*Peterborough Times.*

NEWSPAPER LAW.

1. A post-master is required to give notice by letter (returning the paper does not answer the law), when a subscriber does not take his paper out of the office, and state the reasons for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.
2. If any person orders his paper discontinued he must pay all arrears, or the publisher may continue to send it until payment is made, and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until the payment is made.
3. Any person who takes a paper from the post-office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay.
4. If a subscriber orders his paper to be stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it he takes it from the post-office. This proceeds upon the ground that a man must pay for what he uses.
5. The courts have decided that refusing to take newspapers and periodicals from the post-office, or removing and leaving them uncollected for, is *prima facie* evidence of intentional fraud.
