**CONVINCING EVIDENCE.**

Seven-year-old Tommy had so great a capacity for buckwheat cakes that he was a marvel to the family.

"Have you ever in your life had all you could eat?" asked his grandfather one day.

"Yes, sir," said Tommy. "Lots of times."

"How do you know when that time comes?"

"Why, I eat and eat until I feel a pain, and then I eat one more to make sure."

**SERIOUS CONSEQUENCES WERE AVERTED AT KINGSTON BY ZAM-BUK.**

Blood poison might have proved serious in the case of Mr. Thos. Foster of Kingston, had it not been for Zam-Buk. Mr. Foster says:—

"Last fall I had a nasty sore on my foot caused by the irritation from a projecting eyelid in my shoe. Before I was aware of it the colored sock I wore had poisoned the flesh and I suffered much in consequence. I tried a good many salves and ointments yet there was no improvement until I began with Zam-Buk. This ointment drew out all the inflammation and poisonous matter and healed the sore in several days after applying."

All skin diseases quickly yield to Zam-Buk. Sold by all stores and medicine vendors at 50c. a box, or post free from Zam-Buk Co., Toronto, 3 boxes \$1.25.

Butcher—"Come, John, be lively now; break the bones in Mr. Simpson's chops and put Mr. Smith's ribs in your basket." "All right, sir; just as soon as I've sawed off Mr. Murphey's leg."

Weak and Sickly People envy those in robust health. No need to stay sick when by the use of the best tonic, "Ferrovin," you can get rich blood and renewed strength and vigor.

At the close of a wedding-breakfast a gentleman noted for his blunders rose to his feet, causing keen anxiety to all who knew him. "Ladies and gentlemen," he cried, genially, "I drink to the health of the bridegroom! May we see many days like this!"

Help your children to grow strong and robust by counteracting anything that causes ill-health. One great cause of disease in children is worms. Remove them with Mother Graves' Worm Exterminator. It never fails.

Mr. Chipps (looking up from the paper)—"The doctors have discovered another new disease." Mrs. Chipps—"Well, I wish they'd stop looking for new diseases long enough to find a cure for my old rheumatism."

To Those of Sedentary Occupation.—Men who follow sedentary occupations, which deprive them of fresh air and exercise, are more prone to disorders of the liver and kidneys than those who lead active, outdoor lives. The former will find in Parmelee's Vegetable Pills a restorative without question the most efficacious on the market. They are easily procurable, easily taken, act expeditiously, and they are surprisingly cheap considering their excellence.

**SOMETHING SAVED.**

Jennie's mistress, awaiting tea, heard a loud crash in the next room. The mistress shivered and rang the bell to call Jennie in.

"What was that?" she asked. "I tripped on the carpet and the tea-things fell, ma'am."

"Did you manage to save anything?" "Yes, ma'am. I kept hold on the tray all right."

**A NEW IGNITION BATTERY.**

Owing to the constantly increasing severity of the ignition problem, the NATIONAL CARBON COMPANY, Cleveland, Ohio, deemed it advisable to design a battery especially for this class of work. The Columbia Ignitor "Red Top" Dry Cell which is the result of their experiments is without question the highest type of ignition battery on the market to-day. These cells give a hot snappy spark, recuperate rapidly and have long life. They are made in three sizes. This company will be pleased to send their booklet "Kinks," which treats on all Gas Engine troubles, free to owners of automobiles, Launches, Gas Engines, etc.

"Don't you have considerable trouble in keeping your wife dressed in the light of fashion?" "Not at all. The trouble would come if I didn't!"

Nearly all infants are more or less subject to diarrhoea and such complaints while teething and at this period of their lives is the most critical, mothers should not be without a bottle of Dr. J. D. Kellogg's Dysentery Cordial. This medicine is a specific for such complaints and is highly spoken of by those who have used it. The proprietors claim it will cure any case of cholera or summer complaint.

Good fortune nearly always finds a man in a respective mood.

You cannot be happy while you have corns. Then do not delay in getting a bottle of Holloway's Corn Cure. It removes all kinds of corns without pain. Failure with it is unknown.

**THE MAN WHO FAILED.**

He failed to pass in school, he failed to hold a job in later days; he failed to win the girl he loved; he failed to gain a word of praise; he failed to show that he possessed such brains as they must have who think;

But he never failed to answer yes when he was asked to have a drink.

The lady would insist on entering the church at a fashionable wedding. "Friend of the bride of the bridegroom?" asked the usher. "Neither," she said, with pride. "I'm the fiancée of the organ-blower."

Collector (exhibiting his curios)—"I'd give you this figure, only it's so ugly I hardly like to." Young Lady—"I'd love to have it. It would always remind me of you."

ITCH, Mange, Prairie Scratches and every form of contagious Itch on human or animal cured in 30 minutes by Wolford's Sanitary Lotion. It never fails. Sold by all druggists.

"Ethel," he whispered, "will you marry me?" "I don't know, Charlie," she replied, coyly. "Well, when you find out," he said, rising, "send me word, will you? I shall be at Mabel Hick's until ten o'clock. If I don't hear from you by ten, I am going to ask her."

A Good Medicine requires little advertising. Dr. Thomas' Electric Oil gained the good name it now enjoys, not through elaborate advertising, but on its great merit as a remedy for bodily pains and ailments of the respiratory organs. It has carried its fame with it wherever it has gone, and it is prized at the antipodes as well as at home. Dose small, effect sure.

"John," said a wife to her selfish husband, "I have just come from the doctor's, and he says I need a change of climate—somewhere more bracing." "All right, dear," was the unfeeling rejoinder; "the weather forecast states it will be much colder to-morrow."

You are right in regarding erysipelas as a dangerous disease. Anoint the swollen, itching skin with Weaver's Corate; and take Weaver's Syrup internally.

No matter how badly you may have the rheumatism you will be sure to meet some one who declares he had it worse.

A Sure Cure for Headache.—Bilious headache, to which women are more subject than men, becomes so acute in some subjects that they are utterly prostrated. The stomach refuses food, and there is a constant and distressing effort to free the stomach from bile which has become unduly secreted there. Parmelee's Vegetable Pills are a speedy attractive, and in neutralizing the effects of the intruding bile relieves the pressure on the nerves which cause the headache. Try them.

PROTECTING THE BIRDS. Nowhere are birds better protected than in Germany. It is not only a subject of law there, but of education also, for children are taught in the schools the usefulness of birds in protecting trees, plants, crops and gardens. Bird-houses, and even bird-refectories, are seen in every park. On the other hand, the enemies of useful birds, such as kites, buzzards, hawks, magpies, kestrels and jays, are remorselessly killed under the encouragement of local governments, which offer rewards for their destruction. One consequence is that the harvest-fields and gardens of Germany suffer relatively little damage from noxious insects.

A schoolmaster was trying to explain the meaning of the word "conceded." "Now, boys," he said, "suppose that I was always boasting of my learning—that I knew a good deal of Latin, for instance—or I said that I was a handsome man, what should you say I was?" "A liar, sir!" was the too ready response.

**THE AFTERMATH.**

He was a young man, and as he stood on the steps of the stucco villa reading an open letter he turned pale. He commenced to do so at the lips, and the pallor slowly extended until the very rims of his ears lost color.

"Hallo, Percy!" said an acquaintance. "Anything up?"

"No," said Percy, slowly descending the steps like one in a dream.

"How do you like married life, Percy?" said his acquaintance.

But an unintelligible grunt was the sole reply vouchsafed.

"At any rate, old chap, let me congratulate you on your wife's people. The spread they put up on your wedding-day was fit for a prince! It must have cost \$250 if it cost a penny!"

"It cost \$300—an even \$300!" said Percy.

"Ah, I suppose you got the figures in confidence?"

"No," said Percy dully; "darling mamma-in-law has just had the bill sent in to me. That's how I know."

An attempt to prove an alibi is a case of self-denial.

"I want something for my husband that will surprise him—that will take his breath away." "Fourth floor to the right for choker collars."

If a man tells his wife he misses her when she is away, she thinks he lies; if he doesn't tell her that, she thinks he is mean and hard-hearted.
