

### COURT AGREED.

There are few places that have given birth to more humor and wit than the court-room. Many have heard of the famous Lord Ellenborough. One day a young member of the bar rose to address the Court in a grave criminal case. "My unfortunate client"—he began! repeated it two or three times, and then stopped short. "Go on, sir, go on!" said Ellenborough. "So far the Court is with you."

Not a Nauseating Pill.—The excipient of a pill is the substance which enfold the ingredients and makes up the pill mass. That of Parmelee's Vegetable Pills is so compounded as to preserve their moisture, and they can be carried in any latitude without impairing their strength. Many pills, in order to keep them from adhering, are rolled in powders, which prove nauseating to the taste. Parmelee's Vegetable Pills are so prepared that they are agreeable to the most delicate.

### TOO WARM.

Give me a lock of your hair to wear over my heart," pleaded the romantic young man.  
"No," replied the girl with the red tresses, "I'm afraid it would give you heartburn."

### MOTHER'S SACRIFICE.

Every mother knows how fretful the little ones are when they develop mumps, and the many nights rest she is called upon to sacrifice.

Mrs. S. A. Hammond, of Minto, says: "My three children have had the mumps, and I used Zam-Buk for all of them with excellent results. Zam-Buk did my children a world of good, and will always keep it handy as a household remedy. I would recommend it to all mothers, and think that no home should be without it."

Zam-Buk cures Cuts, Burns, Chapped Hands, Ringworm, Sprains, Bad Legs, Boils, Ulcers, Running Sores, Scalp Irritation, Poisoned Wounds, Piles (blind and bleeding), Abscesses, Eczema, etc. Of all stores and druggists 50 cents a box, or Zam-Buk Co., Toronto, on receipt of price. 3 boxes for \$1.25.

### CAREFULLY COMPROMISED.

"Father is in a perfectly lovely mood," remarked Clarence. "Don't you think you had better ask him this evening?"

"Suppose you ask him?" suggested Clarence.

"Oh, I can't," protested the girl. "I'm too shy."

"You ask him just this one time," pleaded Clarence. "I promise you that in the future I'll ask him, no matter how shy I am."

### AWARDED SILVER MEDAL

#### NEWCOMBE PIANO WINS LAURELS AT JAMESTOWN EXPOSITION.

The Newcombe's success is another tribute to the skill of Canadian manufacturers.

### SAW THE END.

"What is the final end of man?" queried the Sunday school teacher.  
"The letter N," answered the small boy at the foot of the class.

SCALD HEAD is a disgusting and obstinate disease, frequent in children. Treatment: Perfect cleanliness and a generous application of Wearer's Cerate. Mothers will be glad to learn this.

### DIPLOMACY.

Teacher—"Willie, this chastisement which I am about to administer will pain me far more than it will you."

Willie—"Well, den, if it gels ter hurtin' you too bad, why, ease up a bit on I won't let on. En, besides, ma says I got a weak heart."

A cough is often the forerunner of serious pulmonary afflictions, yet there is a simple cure within the reach of all in Bickel's Anti-Consumptive Syrup, an old-time and widely recognized remedy, which if resorted to at the inception of a cold, will invariably give relief, and by overcoming the trouble, guard the system from any serious consequences. Price 25 cents, at all dealers.

### GETTING THINGS STRAIGHT.

The smart man approached the hotel proprietor. "Look here," he said, "I want you to settle a little question of terms which has arisen between me and my friend here. I said I was coming to you to settle my bill."

"Very glad to hear it," said the proprietor. "But what is wrong with that?"

"Well, my friend says I ought to have said your bill. That's the point."

"Come to that, I suppose it is my bill."

"But you said it was my bill just now."

"So it is—your bill and my bill, too."

"In fact, then, you contend that it's our bill?"

"Of course, it is!"

"Well, that suits me all right. If it's our bill, of course, we divide it. Just make out my half, will you?"

There's nothing like getting things straight!

### AN EASY VICTIM TO CONSUMPTION

The run down system is an inviting field for the germ of Tuberculosis. You cannot avoid breathing in the germs—they are everywhere—but a robust system is immune from their attacks. To rebuild a weakened system there is nothing that contains so much virtue as **COO LIVER OIL**, but the virtue is not in the grease. In fact the grease retards the beneficial action of the really valuable principles of the OIL by deranging the digestion.

In **"BRICK'S TASTELESS"** the grease is eliminated. It presents the valuable principles of **COO LIVER OIL** in a palatable form, combined with phosphorus in the form of the **Comminuted Syrup of Hypophosphites**, the **Nutritious Liquid Extract of Malt** and the **Bronchial Tonic and Sative Fluid Extract of Wild Cherry Bark**.

### CATHEDRAL OF THE MOOR

#### Restoration of Old Parish Church Recalls Tragic Event of 1638.

The inhabitants of the village of Widcombe-in-the-Moor, England, lately celebrated the restoration of the tower and other portions of their fine old parish church, the Cathedral of the Moor. A tragic event took place in the church during evening service on October 21, 1638, 269 years ago, when, as a result of a terrific storm of thunder and lightning, four members of the congregation were killed and 62 hurt, the occurrence being attributed by the then Bishop of Exeter, Joseph Hall, to Satanic agency. Evidence of the disastrous effects of the lightning is still to be seen on the northern buttress of the tower. Nearly £500 has been spent in the work of renovation.

How to Cleanse the System.—Parmelee's Vegetable Pills are the result of scientific study of the effects of extracts of certain roots and herbs upon the digestive organs. Their use has demonstrated in many instances that they regulate the action of the liver and the kidneys, purify the blood, and carry off all morbid accumulations from the system. They are easy to take, and their action is mild and beneficial.

"Waiter, these are very small oysters." "Yes, sir." "And they don't appear to be fresh, either." "Then it's lucky they're small, ain't it, sir?"

"The ideal!" exclaimed Miss Passay.

"However, I assured him they were not as black as they were painted."

One man who was to make a speech said to another at a dinner—"What had I better talk about?" "About two minutes."

T N U ISSUE NO. 47-67

### DECREASE IN USE OF OPIUM.

In China Edict from Throne Has Made Great Reduction in Use of Drug.

Says the North China Daily News:—"An observant traveller who reached Hong Kong the other day from the interior by the way of the West River tells of a great change so far as the use of opium is concerned. He points out that the edict issued by the throne on the subject has had a marvellous effect upon the people—and especially those who have learned the seductive power of the drug. On the river steamers and passenger boats, where hitherto there has been a free use of the pipe, there is now a marked diminution. The steamers trading to Chiangmen have notices conspicuously posted prohibiting the use of the drug on board, and not only are the notices posted, but they are observed."

"The traveller declares that on a voyage on a passage boat to Chiangmen he did not see a single opium smoker, and since the 1st of the seventh moon (August 9) he has only seen two men smoking. Not only has there been a big decrease in opium consumption, but there has also been a lively demand for anti-opium pills and medicine. "The fame of the root found in the Malay States has spread into the interior, and inquiries are made for it. Chinese doctors would like to know where it is to be purchased. At present the Japanese are doing a good trade in anti-opium pills, but whether they effect their purpose or not has to be proved."

Tools A-Plenty

You can put on a roof that will last a hundred years and be the right kind of a roof every minute. Or you can put on a ten-year roof that will probably leak after the first rain hits it, and keep leaking till it is rotted away.

Either roof will cost you about the same in money at the start.

But the "Oshawa" shingled roof will be FIRE-PROOF—literally; and wind-proof—actually; and lightning-proof—positively. That's the hundred-year roof!

And that "Oshawa" shingled roof will be weather-proof for a century. We'll GUARANTEE in every way for a quarter-century—from now till Nineteen-Thirty-Two.

Guaranteed in writing for 25 years—and you needn't ever paint it, even! That's saying something, isn't it?

What would your mill-man say if you asked him to guarantee cedar shingles for ten years? He certainly would make remarks!

And even the best cedar-shingled roof will be leaking badly inside of ten years. Seven out of ten of them leak the first time it rains. No wood-shingled roof is fire-proof for a minute, and the first high wind that catches a loose shingle—whooosh! goes half your shingled roof over into the next township.

Yet cedar shingles cost you just about the price of these guaranteed "Oshawa" Shingles—25 gauge toughened steel, double galvanized—good in writing till 1932—fire-proof and wind-and-weather-proof and lightning-proof.

Four-dollars-and-a-half a square buys "Oshawa" Galvanized Steel Shingles—ten feet by ten feet. Compare that with the present price of cedar shingles—how does it strike you?

And you can put on these "Oshawa" Galvanized Steel Shingles yourself, easily, with no tools but a claw-hammer and nails. Simplest thing you know—can't get 'em on wrong.

"Oshawa" Shingles lock on all four sides—whole roof is practically one sheet of double-galvanized steel, that never needs painting.

And GUARANTEED—don't overlook that. Guaranteed in writing, over the seal of a company with a quarter-million capital, guaranteed in plain English, without any ifs or buts, for 25 long years.

That's the argument in a nutshell—cost the same as wood-shingles; fire-proof, water-proof, rust-proof, lightning-proof; easier to put on; and GUARANTEED. That's the "Oshawa" proposition! Tell us the measurement of any roof, and we'll tell you exactly what it will cost to roof it with less work and for less money.

Plenty of facts that concern your pocket-book come to you as soon as you ask for our free book, "Roofing Right." A post card will do to ask on.

### BEER\* IS GOOD FOR MOST FOLKS (HARDLY ANOTHER BEVERAGE FEEDS SO WELL)

**B**EEER really excels milk as a food-drink for most grown people. And many, many people cannot digest milk easily, because it is so lacking in solid food-contents.

Moreover, milk is so liable to contagion that it is seldom pure when we get it in the cities. But Ontario-brewed beer is really pure,—brewed in cleanliness, of sound materials, in a sanitary way, and brought to the user in the same fit-to-drink state.

### Beer Is No Stimulant

Drink beer with meals and at bedtime, as an item of diet that will help the stomach do its work better, and will feed the body besides. Don't choose beer as a stimulant, though,—it does not contain enough alcohol for that. Use it as a food-drink that induces lazy stomachs to do their work well, and so helps them get more good out of all food.

### Beer Makes Better Nerves

Ontario beer is not only deliciously appetising and refreshing, because brewed of pure malt and hops only; but, besides, all the power that hops possess to repair nerve wastes is kept in these brews. That is what makes beer so particularly good for women to drink regularly. Ask your own doctor what he thinks of beer for your household.

\* BEER is a term which covers lager, ales, porter and stout; and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions from Ontario barley (the best in the world) malt, hops and pure water.
