

W. BURGOYNE & SON.

There'll be great doings at this store the next four shopping days. With the very limited space we have here it would be useless for us to attempt to describe the magnificent array of bright and useful Christmas Gifts. Not much time now for store talk. You want facts about useful things, which can only be had by coming to this store. We're ready with extra help to give you careful and quick service, and you'll find you can fill the stockings fuller and cheaper this year than ever if you do your Christmas shopping at this store. Don't wait until the last moment—come to-day.

Only 4 more Shopping Days till Christmas. Very little time for even planning your purchases. Every day finds the throngs becoming larger and the buying getting brisker.

And the greater the buying the more determined we are to give you cash reasons for doing all your buying here. The price tickets show that.

The Christmas Rod and Gun.

Extra attractions are the rule for December numbers, and in this particular the December issue of "ROD AND GUN AND MOTOR SPORTS IN CANADA," published by W. J. Taylor, Woodstock, Ont., is by no means behind. The quality and character of the contents are both high and such as must prove attractive to every sportsman, while the Christmas flavor, though not too pronounced, is well in evidence. An exploration paper of exceptional interest leads off, the traveller with a half breed guide, making his way from the End of Steel on the Temiskaming & Northern Ontario Railway to Moose Factory on Hudson Bay. Two stories of hunters lost in the woods are most interesting experiences which will come home to those who are acquainted with our pathless forests.

Some Christmas Fox Hunts, a Christmas spent in Marine Zoology on the shores of the Pacific in British Columbia, and a story of a police patrol under great difficulties in the far northland are all notable articles. The story of how an ungrateful settler met his end on Christmas Eve, and how a bear was defeated by snow balls are specimens of the variety of contents which make this num-

ber an advance upon all that has gone before. "Three Hours in a Bear Trap," is a vivid description of a misadventure in the backwoods, while Indian Cooking in Northern Canada supplies another view of life in Canadian forests which prove so attractive to all students of outdoor life. For variety and interest this number is unsurpassed and should be the one magazine no sportsman means to miss. Every article is interesting and many are of special interest.

Powles' Corner.

(Correspondence of the Gazette.)

Since writing last week enough of the beautiful has fallen to make good sleighing for Christmas—if we don't have another thaw.

There is an epidemic amongst the horses of this section and other places. We hear of one farmer in the township of Ops losing five head. Several animals have been sick around here, and Mr. R. E. Johnston lost one last week. It is reported that the cause is feeding too much oat straw, which appears to have been contaminated by the grasshoppers.

There will be a Christmas tree and entertainment here on Christmas Eve. This will be an appropriate time to remember loved ones and sweethearts.

Mr. Levi Wagar and his daughter went to Cobocok the first of this week, to attend the funeral of Mr. A. Hartwick.

Mrs. Frank Jackson, of Enterprise, will spend Christmas Day at Mr. J. C. Wagar's.

BAZAAR.—The bazaar held by the ladies of the Baptist church on Friday and Saturday last was very successful, despite the heavy snowstorm on the second day. The sum of \$80 was realized.

SKATING.—The skating rink opened for the season on Saturday last, under the management of Mr. A. W. Fountain, and is being well patronized, as usual. The ice is in good condition.

CHRISTMAS TREE.—A Christmas Tree, in connection with St. Andrew's church, will be held in the lecture room of the church on Monday, Dec. 23rd. A good programme is being prepared and it is expected that it will be a decided success.

CHRISTMAS SERVICES.—Divine service will be held in St. James' church on Christmas morning at 10.30 o'clock. The church is being decorated for the occasion, and special music is being prepared. The service will be short, and Holy Communion will be administered for the last time this year. A large congregation is expected.

ANNIVERSARY SERVICES.—The anniversary services of St. James' church, Fenelon Falls, will be held on Sunday, December 29th. The Rev. Canon O'Meara, Principal of Wycliffe College, Toronto, will preach morning and evening, and there will no doubt be an exceptionally large congregation to hear such a distinguished preacher. The Rector, the Rev. W. H. A. French, will assist at both the services.

ACCIDENT.—While engaged in cutting straw for Mr. Robert Braden, of Verulam, on Thursday of last week, Mr. Reuben Moore, of the Falls, lost part of his left forefinger. He was pulling a bit of straw out of the machine when his finger became caught between the roller and the feed chain, and was so badly mangled that Dr. Graham, to whom he went, found it necessary to amputate it at the second joint.

THE NEW PHONE LINE.—Construction work on the line of the Burnt River Telephone Co. from Burnt River to the Falls, by way of Bury's Green, is practically completed. The wires will reach the Falls to-day, and by to-morrow, or early next week at the latest, the new company will be ready for business. For the present their local office will be in the Bell Telephone Co's central office in Gould's drug store.

District Notes.

The Lindsay Poultry Association will hold its annual exhibition on January 21st, 22nd and 23rd.

At a meeting of the Sturgeon Point council, held in Lindsay last week, it was decided to hold the municipal elections at the Point in June instead of in January.

A cow owned by Mr. Isaac McInroy of Deer Lake, was killed by falling into a well over forty feet deep. She was standing on the covering of the well, and the boards gave way.

On Thursday evening of last week the village of Onemec was visited by a fire which destroyed D. Stinson's tin ware-house, Mrs. Norris's brick building and George Griffith's tailor shop; and only by the greatest efforts was adjoining property saved. The losses were as follows: D. Stinson's stock, a total loss; Mrs. Norris, \$1,000 insurance on brick house, nothing on contents; Geo. Griffith, loss partly covered by insurance; A. Laidley, loss partly covered; Masonic hall, partly covered. Much sympathy is felt for the Norris family, who did not save even their wearing apparel.
