ON GOOD IMPRESSIONS Depends Your Success and Profits in Business.

The Impression conveyed by a business letter written on a plain sheet of paper is not very flattering to the sender.
The Impression conveyed by a business letter written on a sheet of paper disfigured by the footmarks of a rubber stamp is worse—if possible.
The Impression conveyed by a business letter written on a poorly printed, cheap stock letter head is nearly as bad.
The Impression conveyed by a business letter written on a letter head well, carefully and neatly printed on good paper conveys the best impression possible.

Women's Auxiliary Meeting.

The annual meeting of the Women's Auxiliary of St. James's church was held at the home of Mrs. Wm. Burgoyne on Wednesday, the 11th inst., and was numerously attended. The following officers were elected for the ensuing year: Hon. President, Mrs. J. Cameron; President, Mrs. W. H. A. French; First Vice-President, Mrs. George Wilson; Second Vice-President, Mrs. W. A. Bishop; Secretary, Mrs. Wm. Burgoyne; Treasurer, Mrs. J. Heard; the Rector's representatives appointed to join the board of management, Mrs. Thos. Chadwick and Miss Hand; Delegates to annual meeting of the Diocesan W. A., to be held in Toronto on the 7th, 8th, 9th and 10th of May, Mrs. Wm. Burgoyne and Mrs. J. Heard. This Branch voted a pledge to be given to the village school of Tarr Tarran, India. Miss Strickland, who is on furlough and addressed the W. A. here, is missionary at that place.

The Rector, Rev. W. H. A. French, was at the meeting, and gave an encouraging address along the lines of a letter sent to the Society by Mrs. Mitchell, Orillia.

Fenelon Falls Council.

Following are the minutes of a meeting of the village council held on the 10th ult., which, through an oversight, were not published at that time. Though perhaps a trifle old, there are a few motions of interest that have not deteriorated with age, hence they are given now:

Fenelon Falls, Feb. 10th, 1908.

Council met at regular meeting, all the members present. Minutes of previous meetings read and approved.

Application received from Mr. Thos. Graham for the position of assessor.

Scott, on night-soil contract, \$100.—Carried.

Deyman—Connell,—That the clerk's salary be raised \$10 per annum.—C'd.

Curling.

The steady cold weather of the present week has given the curlers a chance to play off most of their back schedule games, also a few challenge and scrub competitions. The annual battle between the president and the vice-president came off on Wednesday evening, and proved an easy victory for the president's men. Two rinks a side were in the contest, which resulted as follows:

Mrs. Thos. Cashore returned on Tuesday from a ten days' visit to her brother, Mr. James Seymour, at Bobcaygeon.

Mr. and Mrs. D. Merriam returned to the Falls from Harwood on Tuesday, Mrs. Merriam having been at that place for several months past.

The many friends of Mr. H. Austin will regret to hear that he is again seriously ill of appendicitis. He went to the Toronto hospital on Friday last, accompanied by Dr. Graham, and on Monday an operation was successfully performed, but at last reports the patient was very weak and in a critical condition. It is to be sincerely hoped, however, that he may recover from this attack, as he did from the one with which he was taken some two years ago.

C. O. O. F. NOTICE.—A special meeting of Trent Valley Lodge No. 71, C. O. O. F. will be held in the lodge room on the evening of Tuesday next, the 24th inst. Members will please take notice.

MILLINERY OPENING.—Miss M. Washburn announces that she will hold her spring millinery opening on Tuesday and Wednesday, March 31st and April 1st. All the latest effects in headwear for ladies, misses and children will be shown. See advertisement.

NEW STORY.—The attention our readers is directed to the new serial story "The House of Mystery," the opening chapter of which appears in this week's "Gazette." The story just ended, "A Man's Revenge," was read with much interest by a large number of our subscribers, and no doubt the new one will prove as worthy of perusal.

CHANCEL GUILD.—The annual meeting of the Chancel Guild of St. James's church was held on Tuesday evening in the church, when Miss A. Hand was elected President, and a staff was appointed to act during the coming year. It is hoped that all placed on the list will render every encouragement and assistance in the work.

HOCKEY.—The local hockey team went back another peg in their chances for winning the cup put up by Mr. R. M. Hamilton for competition between the Lindsay and Fenelon Falls teams, when they played the second game of the series at the former town on Friday evening last, the score standing 12 to 2 in favor of Lindsay. If the local boys want the silverware, they will have to get after it faster than that.

MORE HOCKEY.—A spectacular game was played on the rink here on Tuesday evening, when Bobcaygeon and Red Rock met in a sudden death conflict. 'Caygeon did the killing, with a score of nine goals to their opponents' seven. The half time score was 4 to 1 in favor of Red Rock, but Bobcaygeon woke up in the last half and scored 8 while the Rocks only got in 3.

A SUDDEN CALL.—The Rev. W. H. A. French received a telegram on Wednesday evening informing him of the death of his brother, Mr. Arthur E. French, which took place suddenly at North Bay on that day. Deceased was very widely known throughout the north country, having extensive business connections at North Bay and Sundridge. His father the Rev. W. H. French, lives at Emsdale. Mr. French left last night to attend the funeral, which will take place to-day at North Bay, and will probably return tomorrow.

COMING.—The W. Francis Firth Co. played "Dolya the Tea Girl" and "The Beggar Student" here two nights last week. The are both contractions of comic opera and the Co. handles them very skillfully. The second part of the programme each evening consists of refined vaudeville. The Co. give a clean, respectable entertainment in which humor and pathos are judiciously blended.—Kincardine Review, Nov. 14th, 1907. This company will appear in Twomey's Hall here, on Tuesday evening, March 31st, under the auspices of the Public Library. Tickets 25c. and 35c. Reserved seats on sale at W. H. Robson's.

OPEN THE ROADS.—The country roads are said, by those who are doing much driving these days, to be in a bad condition. In many places they are completely blocked and traffic has to go through adjoining fields. This state of affairs should not be permitted at this time of year. It is unavoidable, perhaps, in mid-winter, when heavy storms are occurring, but, now that these are past, every effort should be made to open up

the roads as rapidly as possible. If the big drifts are allowed to melt of themselves, they will keep the roads in a broken up state for long after they should be dried up. It is travelling on roads while they are wet and soft that damages them—therefore every effort should be made to get the big drifts of them and let them dry up as quickly as possible.

A HEAVY LOSS.—Mr. W. L. Robson is mourning the loss of his fine little delivery mare, "Nelly." She was being shod in Mr. Poulson's blacksmith shop on Monday morning, when, either because she was feeling exceptionally lively after her rest on Sunday, or because something in the shop gave her a sudden fright, she made a quick jump, struck her right hind leg against the tire-upsetting machine, which was fastened to the wall of the shop, and then fell. Whether from the force of the blow or of the fall is uncertain, but the leg was so badly broken above the hock that, in accordance with the advice of Dr. Mason, she was shot. Mr. Poulson, who was the only person in the shop when the accident happened, says he does not know what was the cause of the mare's sudden action. She was an exceptionally fine and well-broken little animal, about sixteen years old, and was raised and owned all her life by Mr. Robson, who will not easily replace her with one as satisfactory as she was.

A twenty-five cent can of Campbell's Stain will restore the finish on four ordinary chairs. Any lady can use it. When applied it flows out under the brush, and dries without showing lumps. A seventy-five cent can of Campbell's Floor Finish will do an ordinary floor one coat. Ask Joseph Heard for color card.

District Notes.

Work has been commenced on the Trent Valley Canal at Trenton. Larkin and Sangster, of St. Catharines, have the contract for the first section, which extends up the River Trent from Trenton to about Glen Miller. They have 1,000 men at work now, for the most part engaged in excavating. A Peterboro firm of contractors has the section from Glen Miller to Chisholm's Rapids. Mr. Sam McClellan has the contract for the boarding houses and offices and is at work on them. The contractors have their own horses on the work, and two carloads of machinery have already arrived. At Glen Miller men are clearing the land of trees. Between four and five millions will be expended on the first three sections.—Review.

Mr. J. W. Bryans, merchant, of Havelock, fell while attempting to board a moving C. P. R. train at Norwood on Tuesday of last week, and the wheels of the last car passed over his right leg, necessitating amputation above the knee.

Mr. Roland Tivey, Jr. aged 42 years, of Peterboro, died on Monday of last week from blood poisoning caused by the bite of a cat.
