ON GOOD IMPRESSIONS

Depends Your Success and Profits in Business.

The Impression conveyed by a business letter written on a plain sheet of paper is not very flattering to the sender.

The Impression conveyed by a business letter written on a sheet of paper disfigured by the footmarks of a rubber stamp is worse—if possible.

The Impression conveyed by a business letter written on a poorly printed, cheap stock letter head is nearly as bad.

The Impression conveyed by a business letter written on a letter head well, carefully and neatly printed on good paper conveys the best impression possible.

The Gazette Job Printing Dept.

makes a specialty of good impressions,—that's why You should be one of its customers.

A heavy stock of the best Scranton coal always on hand, also charcoal.

All kinds of green and dry wood bought at highest price.

M. WHALEY.

DR. SHARPE,
DENTIST ... TORONTO.

will be at the
MANSION HOUSE, FENELON FALLS,
Wed. and Thurs., April 1st and 2nd,
And Wednesday and Thursday of
every alternate week following.
Satisfaction assured—Plate, Crown and
Bridge work a Specialty.

The Fenelon Falls Gazette.

Friday, March 27th, 1908.

Curlers' Banquet.

The local curlers wound up the best season in the history of their club with a grand banquet at the McArthur House on Monday evening, which was attended by nearly every member of the club. The proceedings commenced at about nine o'clock, when the president, Mr. J. L. Arnold, took the seat of honor, and the assembly proceeded to dispose of one of the best bills-of-fare that has been provided in the village for a long time. After the various good things had been safely stowed away, a couple of hours were very enjoyably spent in discussing the events of the past season and prospects for the future. The Bobcaygeon-Stanton cup was formally presented, and Mr. Stanton's substantial interest in the promotion of the game by the donation of the cup was highly commended, as was also that of Mr. Brandon in donating a cup for the local rink competition, and this cup was presented to Mr. W. H. Robson, the skip of the winning rink. Though the gathering was of a purely social nature, the discussion of some of the games played naturally led to mention of the trouble caused each winter by the heaving of the rink bottom, and the consequent impossibility of maintaining a level sheet of ice. Two remedies were suggested, one of which was to move the rink to some location where a solid, level bottom could be secured, and the other, which appears more feasible, was to put a board floor in the rink where it now stands. The members were unanimous in the opinion that something would have to be done in the matter before next winter, and a committee was appointed to consult with the shareholders and report at a meeting to be held on April 3rd. The proceedings were enlivened by a couple of excellently rendered solos by Messrs. Thos. Cashore and A. Moss. Deep regret and sympathy were expressed by all the speakers in referring to the serious illness of Mr. H. Austin, who, ever since the organization of the club, has been one of its most enthusiastic members. The evening's enjoyment was brought to a close at about 11.30 by the singing of the National Anthem.

Hymeneal.

On Wednesday last, the 25th inst., at the residence of Mr. William Bulmer, in Verulam township, the marriage of Mr. William Shuttleworth, of Somerville, and Mr. Bulmer's daughter, Margaret, was solemnized. The ceremony was performed by the Rev. W. H. A. French, Rector of St. James', Fenelon Falls, in the presence of a large gathering of friends and relatives. The bride was attended by Miss Shuttleworth, sister of the groom, who himself was supported by the bride's brother, Mr. Henry Bulmer. After the ceremony, the assembly sat down to a splendidly served wedding supper. The large number of appropriate and valuable presents testified to the high esteem in which the young couple are held.

Two Accidents.

On Wednesday morning Mr. James Fell Jr., of Powles' Corner, had the back of his left hand badly lacerated by coming in contact with the saw of a sawing machine at his brother-in-law, Mr. Thos. Harrison's. He was brought to Dr. Wilson's office at the Falls, where the injured member was dressed. No serious injury was done, but the young man had a very narrow escape from losing his hand.

On the evening of the same day Mr. Albert E. Billett, while driving home from the woods with his father, on a load of wood, and sitting on the side of the load, had his left foot caught on some object beside the road and bent with such force that the small bone of the leg was broken about four inches above the ankle, and the ankle was severely sprained. Mr. Billett is one of the progressive farmers who has a telephone in his house, consequently it was only the work of a minute to summon Dr. Wilson, who immediately drove out and set the broken bone and bandaged the sprain. The accident was caused by the sleigh on which the young man was riding "slowing" suddenly against the object which caught his foot.

Public Works in the North Country.

The people in the northern part of this county and in Haliburton will have no reason to complain of having been overlooked by the Department of Public Works this year. The following figures are from the Minden "Echo," having been gleaned by that paper from the Government estimates for 1908:

Kinnmount and Gooderham bridges	\$ 500
Minden bridge	1,450
Norland bridge, Cameron road	1,500
Somerville bridges	4,500
Dorset bridge	8,000
Boskung Lake bridge, Peterson rd	1,000
Dysart township by-law No. 475	1,000
Glanmorgan and Cardiff	3,000
Mommouth, Sherbourne & Snowdon	1,500
Minden, Lutterworth, Anson and Hindon	2,000
Stanhope and Laxton	1,100
Somerville and Bexley	1,200
Victoria road, between Victoria station and Uphill	600
Cavandish township roads	400
Chandos township roads	600
Chandos township by-law	800
Galway township	1,200

Verulam Council.

Council met at the town hall, Bobcaygeon, on Monday, the Reeve, E. Tiers, Esq., in the chair, and Councillors John Mitchell, Geo. Brooks, Wm. Hetherington and Wm. Green present. A number of communications were laid

upon the table.

The Reeve reported that satisfactory arrangements had been made with the Bank for interest re township account.

Mr. Hetherington reported the sale of timber on road between cons. 2 and 3, opposite lot 29, to Geo. Metcalfe, for \$3.

Two petitions were presented, requesting that no tax be placed on dogs this year, and the request was granted.

Mr. Thos. Fairbairn asked that statute labor on lot 13, con. 10, be taken to line between 8 and 10, and was advised that the by-law would not permit, as the lots were not adjoining.

On motion of Brooks and Mitchell, Messrs. Tiers and Hetherington were appointed a commission to arrange a form of order to be used with the Bank.

Mr. John Challon, representing the Canadian Roads Machinery Co., of Hamilton, addressed the council on rock crushers. He had a No. 3 Champion at \$950 and a No. 4 at \$1,150.

Mr. Hampson, of the Sawyer & Massey Co., offered their No. 8 at \$1,000, and a No. 9 at \$1,100.

After considerable discussion, with Mr. Hetherington in the chair, it was unanimously resolved, on motion of Mitchell and Tiers, that a stone crusher be purchased.

It was further resolved on motion of Mitchell and Green, that the whole council and the clerk be a deputation re the purchase of a crusher.

A communication from the solicitor re the train service at Dunsford was referred to Mr. Mitchell, to report at next meeting.

A wire fence by-law was taken up on motion of Green and Brooks, and in committee a motion that a reduction of ten cents per rod be made in compensation was carried: Yeas, Tiers, Green, Brooks; nay, Hetherington.

On motion of Brooks and Mitchell, the following accounts were passed: Judge's order, voters' list court 1907, \$15.14; W. Wray, statute labor roll 1908, \$5.00; M. Johns, roads and to pay others 1907, \$15; Felix Northey, tile for culverts in 1907, \$14.50; Independent, printing and advertising, \$21; J. W. Junkin, gravel, \$4.10; Municipal World, Assessors' Guide, 50c.; C. D. Barr, searching treasurer's surties, \$1.55.

On motion of Mitchell and Green, the auditors' report was referred back to the auditors for correction.

Council adjourned, to meet at the call of the Reeve.

SONG SERVICE.—On Sunday evening last the regular monthly song service was held in St. Andrew's church. Good music was rendered by the choir, and Mr. Wm. McDougall gave a couple of selections on the violin. The pastor delivered an exceedingly instructive and interesting address.

BROKE THE COUPLING.—Last Thursday evening the coupling of the engine of the five o'clock train broke shortly after leaving the Falls, causing considerable delay. A heavy chain was finally secured, and the express and passenger cars taken through to Lindsay, the heavy load of freight being sidetracked.

PERSONAL.—Miss Maude Lansfield was home from Lindsay over Sunday. Mrs. John Austin left on Saturday last to visit her daughter, Mrs. (Rev.) Klachn, at Stratford. Mrs. E. B. Whytall went to Toronto on Friday last for a short visit to her daughters. Mr. M. T. McEachern, of McGill Medical College, Montreal, came to the Falls on Tuesday, and will remain until Monday.

AN OWL.—A large horned owl in a crate attracted a great deal of attention at the railway station on Tuesday morning. The bird was captured by Mr. James Chambers and some other men who are engaged in clearing the right of way for the Rosedale canal. His owlship, who appeared somewhat bewildered by the daylight, the people and the noise, was consigned to Mr. F. Cornell, Lindsay.

PARLOR SOCIAL.—A parlor social was held at the residence of Mr. Thomas Smith, Rosedale, on the evening of Wednesday, March 25th, under the auspices of the Presbyterian church of that place. Rev. Mr. Ross, pastor, acted as chairman, and quite a lengthy programme of songs, readings and recitations was disposed of. After the programme, refreshments were served. There was a large attendance, and, the lake being in excellent condition, quite a number drove over from the Falls.

PULPIT EXCHANGE.—According to arrangements made by the ministerial association, the local clergymen will exchange pulpits as follows on Sunday next: In the Methodist church Rev. C. S. Lord will preach in the morning and Rev. A. Cooke in the evening; in the Presbyterian church Mr. Cooke will take the morning service and Rev. W. J. M. Cragg the evening service, and in the Baptist church the preacher in the morning will be Mr. Cragg and in the evening Mr. Lord. In the afternoon Mr. Lord will go to Powles' Corner, Mr. Cooke to Bury's Green and Mr. Cragg to Baddow.

SCHOOL REPORT.—Senior 2nd; arithmetic, value 100. E. Eades 100, E. Miller 95, H. Duggan 90, V. Northey 90, G. Peterkin 85, F. McGee 80, C. Hadley 80, V. Keast 75, J. Lansfield 75, M. McCutcheon 70, U. Quibell 70, J. Lane 65, G. McFarland 60, M. Clark 60, M. McIntosh 60, B. Shane 55, F. Kearns 55, G. Arnold 55, F. Smith 55, L. Barry 53, E. Northey 45, L. Littleton 45, W. Lee 45, R. Jeffrey 45, N. Moynes 43, V. Connell 40, H. Barkley 40, F. Clifford 38, W. Peterkin 30, E. Donaldson 30, W. Miller 30, G. Docherty 28, K. Twomey 27, C. Ellery 25, M. Smithson 20, E. Bradbury 20, R. Donaldson 20, E. Merriam 18, M. Jackett 10, J. Clark 10, Absent, I. Miller, T. Sproats, C. Quibell, E. Sharpe.

COMING.—The W. Francis Firth Co. played "Dolya the Tea Girl" and "The Beggar Student" here two nights last week. The are both contractions of comic opera and the Co. handles them very skilfully. The second part of the

programme each evening consists of refined vaudeville. The Co. give a clean, respectable entertainment in which humor and pathos are judiciously blended.—Kincaidine Review, Nov. 14th, 1907. This company will appear in Twomey's Hall here, on Tuesday evening, March 31st, under the auspices of the Public Library. Tickets 25c. and 35c. Reserved seats on sale at W. H. Robson's.

TELEPHONE EXTENSION.—Mr. Sam Suddaby, of Burnt River, the energetic secretary of the Burnt River Telephone Co., in a talk over the phone on Tuesday, informed us that prospects are bright for the extension of the line through Baddow to Rosedale in the immediate future. Mr. Suddaby made a trip over the route of the proposed new line on Monday, and found the people all along the way eager to have it go through at once, and ready to subscribe the necessary capital. Connection will be made with the main line a few miles below Burnt River, from which point to Rosedale the distance is about nine miles. As distance makes practically no difference to a well-equipped telephone line, this connection will give the Rosedale people just as good a service as if the line came direct to the Falls.

DOGS POISONED.—Mr. W. H. Stevenson, of Verulam, had three dogs poisoned one night last week while he and his family were away from home, spending the evening with friends in Fenelon. Mr. Stevenson's dog family, consisting of two old dogs and several pups, lived in the barn, and the miscreant who sought their lives had walked deliberately up to the barn door, as shown by his tracks on the snow, and thrown two or more pieces of poisoned meat on the ground for the dogs to find when they came out to see who was trespassing on their master's property. When Mr. Stevenson came home in the small hours of the morning, he found two of his hound pups and a valuable collie bitch dead in the barn, and a couple of the other canines had received a dose, but not sufficient to kill them. The pups were well-bred animals, and one of them had been sold for \$5, but the buyer had not taken it home. The collie was also well-bred, and was the best ratter in the neighborhood. Mr. Stevenson cannot imagine a motive for the cowardly deed, as his dogs were well-behaved animals, and he had never had any complaint of them. He thinks that poison is altogether too easy to obtain, and that stricter regulations should govern its sale by druggists, adding the suggestion that if the name of every purchaser of poison were made public there would be less of it used illegally.

Campbell's Stain and Floor Finish is the most durable finish for floors and surfaces that are walked upon. Made transparent and in colors imitating natural woods. Joseph Heard, upon request, will show a sample of old flooring coated with this finish. It wears longer than regular floor varnish.

District Notes.

Lead quarters are being circulated in Peterborough.

Arrangements are practically completed for a big 36 hour walking contest, to take place in the Brock street rink, Peterborough, commencing Monday, April 20th.

Mrs. Ephraim Brumwell, of Smith township, Peterborough county, died on Monday of last week as a result of bursting a blood vessel in her head while sneezing.

Harold Mooney, of Lindsay, a G. T. R. freight conductor, was instantly killed by being run over by a car which was being shunted in the freight yard at Orillia on Tuesday of last week.

A wolf hunt has been arranged to take place in North Hastings on March 30th, and will continue for one week. The party, which will be under the auspices of the Madoc branch of the Ontario Fish and Game Association, will make their rendezvous about nine miles west of Coe Hill, on the Central Ontario Railway. The party will be supplemented by hunters from Belleville, Toronto and Montreal.

The religious census taken in Peterborough recently gives the city a population of 16,718. The Roman Catholics lead in number, having 4,023. The Methodists lead among the Protestant bodies, being credited with 3,974. The Anglicans are next with 3,826 and the Presbyterians come third with 3,008. There is a big drop to the next denomination, the Baptists having 1,158. The Salvation Army comes next with 394, Bethany Tabernacle 225, and Christian Scientists 54. Under the heading of various denominations are 32, including the Hebrews, a Lutheran and several others whose faith could not be classified. There were seventy-four who expressed no preference.

CORRESPONDENCE.

Editor Gazette,

Dear Sir:

May I occupy a little of your space in talking "telephone?" and by the way, Mr. Editor, one of the hardest things for me to do is try to tell people what everybody ought to know. And that is what I am doing when I say that every farmer—every person, in fact, who lives in the country, ought to have a telephone and ought to be willing to put up the price. It is a convenience at all times, it is a necessity many times, it is an additional protection in cases of accident or sickness, and it brings one in touch with the rest of the world as no other agency can. The Burnt River Telephone Company, Limited, (so named not after the little hamlet bearing that name, although that was the birthplace of the idea, but because the promoters intended extending the line through the
