Mr. Thomas Stewart for West Victoria.

At the Convention of the Liberals of West Victoria, held at Lindsay on Saturday last, Mr. Thomas Stewart was unanimously chosen as the candidate in the coming provincial elections. If anyone can win West Victoria over to the Liberals, Mr. Stewart is the man.

Death of Mr. Henry Austin.

Mr. Henry Austin, who, it will be remembered, underwent an operation for cancer of the stomach in the Toronto General Hospital on March 16th, died at his home on Louisa street in this village on Sunday evening last. Mr. Austin had a very serious illness from a similar trouble some two years ago, but almost completely regained his health after undergoing two or more operations. When taken suddenly ill again last month, however, the surgeons found his condition such that his recovery was impossible, and all that could be done was to prolong his life for a short time. Mr. Austin, who had almost completed his 56th year, was a native of Victoria County, having been born in Verulam township, where his parents were among the pioneer settlers. He engaged extensively and very successfully in the business of cattle dealing, butchering, farming, etc., both on his own account and in partnership with F. McDougall, J. H. Brandon and others. A few years ago he purchased Grand Island, in Balsam Lake, and at the time of his death was engaged exclusively in the management of that valuable property. He is survived by his wife, who, before her marriage was Miss Waffle, and by one son and four daughters, whom he leaves in comfortable circumstances. Two brothers, Thomas and John reside at the Falls and Mrs. Adams, of Bobcaygeon is a sister. Deceased was a Liberal in politics and in religion an adherent of the Methodist church. He was a member of the local Council of the Canadian Order of Chosen Friends, who attended his funeral on Tuesday afternoon in a body, and who contributed a beautiful floral token, as did also the local curling club.

The Dairy and Cold Storage Commissioner's Report.

The annual report of J. A. Riddick, Dominion Dairy and Cold Storage Commissioner, has just come to hand in a volume of 174 pages. It deals with the work of four important divisions of the Department of Agriculture, namely, Dairying, Fruit, Extension of Markets and Cold Storage, is well illustrated with half tones, and contains maps showing the various fruit growing districts of the Dominion. In the section devoted to dairying, the commissioner reviews the dairy industry, and gives some interesting figures bearing on the trade. A large amount of space is devoted to a complete report of the Cow Testing Association. A review of the apple industry of Canada, by Mr. McNeill, is a feature of the section devoted to Fruit, and the Fruit Marks Act is dealt with at some length. The methods which are employed to improve the handling of perishable products receive considerable attention, and the report shows what is being done along this line. Under the head of Cold Storage the various services are described, and some general information on the subject is also given. There has been prepared along with this report, but published separately, a map showing the approximate location of all the cheese factories and creameries in Canada. The report makes interesting and instructive reading for any person connected with the industries touched upon. Copies may be secured by application to the Dairy and Cold Storage Commissioner, Ottawa.

A Falls Boy in the West.

The Edmonton "Morning Journal" of the 4th inst., in an article descriptive of the town of Stony Plain, Alta., has the following to say about Mr. J. H. Puley, eldest son of our esteemed fellow-citizen, Mr. Henry Puley. "Herb's" many friends at the Falls will be pleased to see him growing up with the great West.

J. H. Puley, an experienced druggist, was for a number of years a clerk in some of the leading pharmacies of Winnipeg and Toronto, but, being of an energetic disposition, decided that he would go into business for himself in the west. Reading of the growing possibilities of Stony Plain, he decided to test the truth of the statements made. Arriving there, he looked over the situation from a business point of view, and was so well impressed with the status of the town that he immediately rented a building and ordered a complete stock of goods. As soon as these arrived he opened his store for business, and, by perseverance, combined with a genial disposition, has had no difficulty in building up a thriving business. At the present time, in addition to supplying the wants of his own town and district, Mr. Puley has a very lucrative trade among the smaller towns in the vicinity which have not had the good fortune to acquire an up-to-date drug store. Parties outfitting for the north and west also look to him for a supply of medicines, and as a result his present quarters are becoming too cramped for his rapidly advancing trade. In addition to carrying a full stock of drugs, Mr. Puley has on hand all kinds of school supplies, stationery and the latest magazines.

"With the advancement of Stony Plain Mr. Puley expects in the near future to enter into business on a much larger scale, and will therefore be in a better position to meet the demands of his many patrons."

Evening, opening hymn, 134; Gloria, Humphrey 2; Magnificat, G. H. Lord, 166; Nunc Dimittis, Beethoven 169; Anthem, "Thanks Be to God," by Caleb Simper; Hymn, "O Day of Restitution," 132; Hymn, "Light's Glittering Morn Bedecks the Sky," 128; Hymn, "Jesus lives; no longer now can thy terrors, Death, appal us," 140.

The attention of all is drawn to the special offertory, which will be devoted to the work of St. James' church. The results of the Lenten self-denial will be presented in the offertory. A liberal and generous offering is looked for, and each member is expected to do a part and have a share in making the offering worthy of the occasion.

Spring Fishing Number of Rod and Gun.

With the advent of April the majority of sportsmen turn their thoughts toward fishing, and "Rod and Gun and Motor Sports in Canada," published by W. J. Taylor, Woodstock, Ont., has published a Spring Fishing Number for the month. There are stories of fishing in Ontario, Nova Scotia, New Brunswick, Alberta, and British Columbia, while an article descriptive of Kalki—the new rod wood—is of deep interest to fishermen. A paper on Guides and Their Patrons, written from a guide's point of view by a veteran guide, ought to lead to a controversy as exciting as that on dogs versus still hunters. Wolf hunting, moose hunting, deer hunting and deer preservation are but a few of the many good things in the number, while "How one Settler Helps the Deer" should prove as widespread in its interest as the former paper by the same settler on "How One Settler Treats the Deer."

A new floor for \$1.40. A half gallon can of Campbell's floor finish will make your old floor look as good as new. This Finish comes in Transparent, also with stain combined, producing beautiful imitations of natural woods. Joseph Heard sells it.

A SUCCESS.—The Social evening given by the Ladies' Aid of the Baptist Church on Wednesday evening was deemed by all a great success. Mr. Wm. McArthur contributed to the success in a great measure by the excellent selections which he gave on his gramophone.

POSTPONED.—The "At Home" which was to have been held under the auspices of the C. O. F. and C. O. F. on the evening of Good Friday, the 17th inst., has been postponed until the evening of Friday, April 24th. It is expected that the roads will be in much better condition by that time.

THE POST-OFFICE.—The interior of Fenelon Falls' palatial post-office has, during the past week or so, undergone a general renovation at the hands of Mr. Thos. Stevens. Folks who have been noticing a whitewashy, painty, smell accompanying their mail matter lately will kindly accept this as an explanation.
