CHINESE TO SAVE FORESTS.

School of Forestry Soon to be Opened—Where Wood is Scarce.

The Chinese are saving their forests. The almost worldwide movement to protect and establish forests has reached the Celestial Empire, and the first Chinese school of forestry shortly will be opened in Mukden.

The Chinese realm sometimes is pointed out as the worst example among modern nations of forest destruction. The floods which periodically are poured down from the denuded mountains are destructive beyond comparison with those of any other country, and the want of forests is assigned as the chief cause. Wood is scarcer in China than in almost any other inhabited region of the world, although the country is well adapted to the growing of trees. In the establishment of a forest school the Chinese Government gives evidence that it realizes the need of beginning its reforestation in a scientific manner.

VALUE OF HUMUS.

1. Humus is decaying vegetable matter in the soil.
2. It is the storehouse of nitrogen, the most expensive and the most necessary of all plant foods.
3. It contains the food upon which the soil organisms live, whose function is to convert organic nitrogen into nitrates in order to be available for the use of plants. It materially assists in decomposing the mineral constituents of the soil, such as potash and phosphoric acid, making them available for the use of plants.
4. It increases the power of the soil to hold water without becoming water-logged.
5. It makes clay soil more open and friable. It serves to compact sandy soil and increase its drought-resisting power.
6. It prevents washing to a great extent; thereby diminishing the loss of fertility by that cause.
7. Soil filled with humus more readily admits the air so necessary to all useful plant growth.
8. There appears to be a distinct relationship between the amount of humus in the soil and the amount of available nitrogen therein. It has been observed that when it is absent from the soil, there is a distinct reduction of the ability of that soil to grow crops. Hence in practice in order to obtain the best crops we have to resort to barnyard manure rather than the use of concentrated fertilizers.

Most men fire up when you throw cold water on their schemes.

TONS OF IRON consumed each year in medicine. In "Ferrovin," the best tonic, it is so cleverly manipulated that the weak and sickly get all possible nourishment and benefit from it.

Mrs. A—"Men are so queer after the honeymoon. If you tell them your love is growing cold they don't even glance up from their newspapers." Mrs. X—"No; but tell them the soup is growing cold and they jump about ten feet."

The Demon, Dyspepsia.—In olden times it was a popular belief that demons moved invisibly through the ambient air, seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial.

LYNCH LAW IN CHINA.

The Chinese do not hang criminals, even when the mob takes revenge. In the remote mountain districts the people burn the robbers. The passes are watched, after a robbery, all strangers or suspicious characters are arrested, and, when satisfied that they have their man, they get dry wood, kerosene, and yellow oil beans, chain the culprit, and then burn him alive. The yellow beans cause the bones to incinerate. The victim seldom cries out more than three times, and the bystanders have a holiday. A Chinese military official once asked the people to release one of three robbers to him in order to torture him and get the names of his confederates; but the people declined, saying that burning was better than decapitation. Three were burned one morning, and the same night another robbery, close by, was committed.

"HEADACHE, WEAKNESS, HEART TROUBLE"

"I Suffered With for Years—Pe-ru-na Cured Me Entirely."

Miss Albina Chauvin, No. 50 Rue Agnes, St. Henri, Montreal, Can., writes:

"I consider Peruna better than any other remedy, as it cured me when nothing else could. I suffered for years and years with heart trouble, headache and weakness. I never expected to find anything to cure me. I saw one day, in 'La Presse,' that Peruna was excellent and I tried it. One bottle produced a change in me and if the price had been \$100 a bottle I would have paid it gladly. I have taken six bottles and am entirely cured. Please accept my thanks and best wishes for your Peruna."

"Please Accept My Thanks and Best Wishes For Your PE-RU-NA."

ALBINA CHAUVIN

Many cases of heart trouble are caused by reflex disturbances.

Derangements of the stomach and liver produce symptoms of heart trouble.

Catarrh of the stomach is a very frequent cause of sympathetic heart disease.

Palpitation, shortness of breath and bloating after meals are the most prominent symptoms.

Manufactured by Peruna Drug Manufacturing Company, Columbus, Ohio, U.S.A.

Such a condition of the stomach is also liable to produce headaches of the worst sort.

Medicines that palliate the symptoms will never lead to a cure.

It is the effect which Peruna has upon the stomach, healing the mucous membranes and restoring the natural function of the stomach, that causes Peruna to bring such prompt relief.

POOR PASTURE.

And just one wife!

The change of dietary that comes with spring and summer has the effect in weak stomachs of setting up inflammation, resulting in dysentery and cholera morbus. The abnormal condition will continue if not attended to and will cause an exhaustive drain on the system. The best available medicine is Dr. J. D. Kellogg's Dysentery Cordial. It clears the stomach and bowels of irritants, counteracts the inflammation and restores the organs to healthy action.

Usually the man who believes in paying as he goes stays at home.

LAZY OLD SORES, painful and disfiguring, will not linger long after treatment with Weaver's Cerate has been begun. Also, cleanse the blood with Weaver's Syrup.

For penknives the steel is tempered at 470 deg., for tableknives at 530 deg., and for saws at 560 deg.

A Magic Pill.—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure.
