Carow over Sunday. Miss Eliza Lyal, of Baddow, spent a couple of days last week at Mr. William Tipling's, Honey Grove. The many friends of Mrs. Robert Brandon are very sorry to hear of her recent illness, and are hoping for her speedy recovery. A first class up-to-date garden party will be held in the near future in the third line school, known as Tipling's school. Full particulars later. The event will be in aid of the minister's fees. Quite a number of young people gathered at the home of Mr. and Mrs. Wm. Mitchell one evening last week, and a very enjoyable time was spent in music, dancing and social chat. The raising of the new barn on Mr. Wm. Wood's farm came off on Friday afternoon, and was very successfully done. Mr. Wm. Brown, of Saskatoon, Sask., returned home on Friday last, after an absence of about three months. He informs us that he is not very favorably impressed with that part of the great West. Mr. Yeoman Smith, of Bury's Green, went to Peterborough on Monday on a business trip. Miss E. Devitt called on friends at Bobcaygeon on Saturday last.

Powles' Corners.

Correspondence of the Gazette. The milk and cream waggons have commenced their usual trips; but we have not heard of any of the waggons breaking down on account of the weight of their loads. Mr. and Mrs. John Dancy, of Valencia, formerly of this neighborhood, have the sincere sympathy of a large circle of friends here in the death of their little daughter, Eva, which took place last week. Mr. and Mrs. W. A. Gillis and Mr. and Mrs. W. Lamb drove out to Valencia to attend the funeral. Mrs. Jas. Powles received a telegram that her brother, Mr. George Argue, of Pontypool, had received a sudden call from the grim messenger of death. It is only about two months since Mrs. Thos. Payne, of Midland, a sister of Mrs. Jas. Powles, was called away. Mr. and Mrs. W. H. Powles visited relatives in Verulam last week. Mrs. G. Coboconk.

Correspondence of the Gazette. Mr. Love, of Toronto, was in town last week on business. Mrs. Anderson is at present visiting her parents, the Rev. and Mrs. Cooke, of Coboconk. Mr. Geo. Marshall, of Midland, spent Sunday in town with friends. The wine clerks of Lindsay ran an excursion to Coboconk on Monday and spent a lively time here, remaining about two hours. We are well off for boat service this summer, as the Kawartha makes a daily trip and the Kathleen runs three times a week from Lindsay, on Monday, Wednesday and Friday. The Collegiate boys' excursion is expected from Lindsay on Saturday, June 13th. About 150 people are expected. A number of Coboconk people attended the picnic at Rosedale on Wednesday, and report a splendid time. About twenty young people will be seen on board the Kawartha on Friday evening on their way to Fenelon Falls, to attend the garden party. Coboconk will very much miss the two young ladies who departed from our town on Wednesday, June 10th. They were Miss Minnie Phillips, who was united in marriage to Mr. Bernard Wilson, and Miss Florence Cooke, who was married to Mr. Charlie Sweetman. The novelty is that they were both Coboconk girls and were married by the same minister; both married G. T. R. men, both were married on the same day, and both intend residing in Lindsay. Good look-

out for the G. T. R. men if they come to Coboconk.

Haliburton

Correspondence of the Gazette. I have little news this week worthy of the name. Of course I might inform the Gazette of the great amount of tan bark that is being manufactured in the immediate vicinity, and how those engaged in its manufacture are suffering from the onslaught of mosquitoes and black flies, but this I shall reserve for some future time. I am well aware you will be at a loss for space this week to describe the great battle which terminated on Monday last, and as I am not in any way interested in politics I shall willingly set at your disposal the space usually occupied by POCAHONTAS.

Gooderham.

Fairbairn.

Correspondence of the Gazette. There were quite a number of our people availed themselves of the cheap rates given by the G. T. R., and visited the O. A. C. at Guelph, which is one of the finest institutes of its kind in the world, and were well repaid for all the time and trouble they sustained. Court North Verulam, I. O. F., held a meeting recently to discuss the proposed new rating which the executive of that body contemplate placing on their old members, and, after considerable discussion, in which most of the members took part, a motion was submitted to the meeting and carried by a unanimous vote, that we, the members of Court Verulam, object strongly to the proposed drastic measures that the I. O. F. executive are asking their old members to pay, and that Bros. Rev. W. H. A. French, Benj. Smith, W. Hetherington Jr. and E. Tiers, be a committee to draft a petition to the Supreme Court, asking that, if the situation of old members warrants a raising of the rates, that it be not retroactive; but that we are satisfied to accept the rating as laid down by the constitution of 1893, and that this petition be presented to Supreme Court, which meets in Toronto in June, by Bro. W. H. A. French.

Rosedale.

Correspondence of the Gazette. Our village has taken on a very busy appearance in the last few days. Mr. McDonald has all his machinery in operation upon the canal and he expects to install another and larger steam shovel in the near future. B 1 OF THE LUCKY 7

BOGUS CHEQUES.—A slick stranger appeared in town on Thursday last and immediately embarked in the business of making purchases at various stores and paying for same with ten dollar cheques on a local bank. He had just completed his second transaction when his first victim, who had "smelled a rat" and telephoned the bank, jumped on him; and victim number two almost immediately did the same. The sharper promptly returned the goods, shelled out the change he had received, and disappeared.

FIRE AT LINDSAY.—Mr. John Carew's large sawmill at Lindsay was completely destroyed on Monday evening by a fire which broke out, shortly after six o'clock, in the shingle department, and was presumably caused by a hot box. The loss will be in the neighborhood of \$14,000, with insurance about half that amount. It is not likely the mill can be rebuilt in time for this season's run. Mr. Carew has a small mill at Bobcaygeon which may be fitted up and run temporarily this summer.

Use Your Watch Right

What would you think of an engineer who ran his engine two or three years, night and day, without cleaning or oiling? What would you give him for his machine after a few years of such use. And yet you subject your watch—a far more delicate piece of machinery, to just this treatment. Don't you think it would pay you to have it cleaned and oiled up once a year.
