### DOCTOR'S BIG FEES.

Rich Patients Pay Them Enormous Sums for Their Services.

After the death of Marshall Field, the Chicago Merchant prince, Dr. Frank Billings was paid \$25,000 for services. Dr. Adolph Lorenz, of Vienna, received a few years ago \$30,000 for setting the hip of little Lolita Armour, of Chicago, and in consequence of further attentions his total fees amounted to \$78,000 before he was through with the case.

When the present King Edward of England, then Prince of Wales, was sick several years ago Dr. William Jenner pulled him through after a month's attendance, receiving \$50,000 for the same. Dr. Sir Morell Mackenzie, who attended the father of the present Emperor of Germany in his last illness, presented a bill for \$100,000 for his services, and this was paid without a murmur.

For vaccinating the Empress Catherine I. at St. Petersburg Dr. Thomas Dimsdale received \$60,000 and an annual pension of \$2,500 for life. Philadelphia physicians extract large fees from some of their patients. A few years ago Dr. William Pepper charged Robert Simpson \$1,500 for an examination lasting only about a minute. Dr. S. Weir Mitchell, of the same city, once

received as high as \$15,000 from one patient for only a few visits. A bill of \$190,000 was sent by Dr. Walter C. Browning, of Philadelphia, to the estate of Senator C. L. Magee at Pittsburgh, and in the settling up of this estate it was brought out in evidence that Senator Magee once had declared his intention of giving Dr. Browning a fee of \$1,000,000.

For 100 days' attendance upon the late William L. Raney, a millionaire cork manufacturer in Philadelphia, Dr. Samuel T. Barnes rendered a bill of \$33,000.

### WHISTLING PIGEONS.

The queer Chinese change pigeons into song birds by fastening whistles to their breasts. The wind of their flight then causes a weird and plaintive music that is seldom silenced in the pigeon haunted cities of Pekin and Canton. The Belgians, great pigeon flyers, fasten whistles beneath the wings of valuable racing carriers, claiming that the shrill noise is a sure protection against hawks and other birds of prey. As a similar protection, records, emitting an odd wailing sound, are fixed to the tail feathers of the despatch bearing pigeons of the German army.

A man doesn't think any the less of a woman because her brain power is limited.

People who think they are in the earthly saint class will be awfully lonesome if they ever get to heaven.

A woman reaches the age of discretion when she begins to forget her birthdays.

### An End to Bilious Headache.

Biliousness, which is caused by excessive bile in the stomach, has a marked effect upon the nerves, and often manifests itself by severe headache. This is the most distressing headache one can have. There are headaches from cold, from fever, and from other causes, but the most excruciating of all is the bilious headache. Parmelec's Vegetable Pills will cure it—cure it almost immediately. It will disappear as soon as the Pills operate. There is nothing surer in the treatment of bilious headache.

### MIGHT DO BETTER.

"You have spurned me," he cried, bitterly. "I will go into the busy world. I will fight and win. My name shall be known, and my riches envied."  
"When you have done all that," she interrupted, "try me again."

### They are not Violent in Action.

Some persons, when they wish to cleanse the stomach, resort to Epsom and other purgative salts. These are speedy in their action, but serve no permanent good. Their use produces insipient chills, and if persisted in they injure the stomach. Nor do they act upon the intestines in a beneficial way. Parmelec's Vegetable Pills answer all purposes in this respect, and have no superior.

### HIS REASON.

He—"They say that people who marry soon grow to look alike."  
She—"Then you must consider my refusal as final."

A Great Combination, "Ferrovia" the best tonic is. It should be taken by all invalids, by all who are run down or out of sorts. It builds up, gives new life.

### SOMEBODY'S.

Algernon—"You must not think, dearest, that because you are rich and I am poor, I am trying to marry you on account of your money."  
Genevieve—"Whose are you after, then, peep?"

When going away from home, or at any change of habitat, he is a wise man who numbers among his belongings a bottle of Dr. J. D. Kellogg's Dysentery Cordial. Change of food and water in some strange place where there are no doctors may bring on an attack of dysentery. He then has a standard remedy at hand with which to cope with the disorder, and forearmed he can successfully fight the ailment and subdue it.

A man seldom realizes what it is to be disappointed in love until after he is led to the altar by the woman of his choice.

Are you a sufferer with corns? If you are, get a bottle of Holoway's Corn Cure. It has never been known to fail.

### HAD!

It was in Tasmania that a traveller came across an old "sundowner" sitting in front of his cabin, over the door of which was very legibly painted, "Ici on parle francais."

A tattered, dejected-looking Frenchman, who happened to be passing up the road, spied the inscription, and, rushing up to the colonial, enthusiastically kissed him on both cheeks.

"Ere, what'r yer up to?" demanded the sundowner gruffly; "don't do that ag'n."

"But you was a countreman of mine," exclaimed the delighted Frenchman, with a smile of pleasure.

"Certainly not!" retorted the colonial. "But you put 'Ici on parle francais' over ze door," said the Frenchman, pointing to the inscription.

"Well, what do you call it?" asked the sundowner in mild surprise.

"Why, it means 'French is spoken here.'"

"Well, I'm blowed!" exclaimed the Tasmanian in deep disgust. "A painter chap came along here the other day, and put up that for me. He said it was Latin for 'God bless my happy home.'"

### "MERRY WIDOW" IN MILAN.

#### Monster Hats Set the Olympia Audience in Uproar.

The vexed question of ladies' hats in the stalls of theatres has been solved in Rome and other Italian centres by special prohibition of the Prefecture. The Prefect of Milan, however, has declined to interfere, so that the management have had to content themselves with posting up appeals to lady patrons, which have been generally disregarded, except at the Scala Opera House and three other first-class theatres.

At the Olympia Comedy Theatre—a much-frequented middle class resort, where lively scenes of protest have often occurred of late—there has again been an angry demonstration. Groups of women wearing monster "picture" hats occupied the front seats, wholly blocking the view of those in their rear. The majority of these women obstinately refused to comply with the request of the staff that they would remove their headwear. Municipal Guards also intervened, but as they had no authority to back their persuasions matters reached a deadlock.

The vast audience meanwhile drowned the voices of the players every time they attempted to begin. The demonstration was kept up for an hour and a half, with free fights interspersed until the last of the offending women had either removed her hat, had it whisked off for her, or had prudently withdrawn. When the play finally began it was 10.30 o'clock.

The famous Italian comedian, Virginio Talli, announced that the Prefect had promised to intervene in the controversy.

### HUMANE.

A woman may be too humane To wear a bird on her hat, And of course our praises she deserves For tenderness like that. But stop a minute and reflect— She may be cruel still; Think of the husband, who, although It's birdless, gets the bill.

It is an Elixir of Life.—Since forgotten time, men have been seeking for the Elixir of Life, which tradition says once existed. Dr. Thomas' Electric Oil is an Elixir, before which pain cannot live. It is made up of six essential oils, carefully blended so that their curative properties are concentrated in one. It has no equal in the treatment of lumbago, rheumatism, and all bodily pains.

"Our friend Mrs. Hines has gone crazy on the subject of germs," remarked a lady to her neighbor; "she sterilizes or filters everything in the house."  
"How does she get along with her family?"  
"Well, I can assure you that even her relations are strained!"

There can be a difference of opinion on most subjects, but there is only one opinion as to the reliability of Mother Graves' Worm Exterminator. It is safe, sure and effectual.

Tody—"Jennie tells me young Woodby proposed to her last night." Viola—"I don't think I know him. Is he well off?" Tody—"He certainly is. She refused him."

Many Thanks are due from the proprietors of Weaver's Corate to friends who have written to tell of the Corate's good work in curing scrofulous humors, scald head and other skin diseases.

### AWFUL.

Facetious Customer—"Waiter, I believe this meat came off a horse."  
Waiter—"What makes you think so, sir?"  
F. C.—"Because when I was eating it I found a bit in my mouth!"

It commonly happens that the more a man gets into his hands the less he can get into his heart.
