# WOMEN AND GIRLS HELD BY ANAEMIA

#### Unless the Blood is Made Rich and Red Health Cannot be Restored.

Throughout Canada there are thousands of growing girls and women held in the deadly clutches of anaemia. Slowly but surely a deathly pallor settles on their cheeks; their eyes grow dull; their appetite fickle; their steps languid. Daily they are being robbed of all vitality and brightness. Their sufferings grow more acute if neglected, until the signs of early consumption become apparent. If your wife or daughter or sister complains of weakness, pains in the side, headaches or backaches; if her appetite and temper are uncertain and she is often low spirited anaemia has her in its deadly hold. What she needs is new, rich, red blood. Give her Dr. Williams' Pink Pills for Pale People without loss of time, for they actually make new, red blood. They make girls and women well and happy, impart an appetite and steadily bring back the charm and brightness of perfect, regular health.

Miss Carrie McGrath, 26 Fenwick St., Halifax, N. S., says:- "I believe Dr. Williams' Pink Pills saved my life. Three years ago I suffered from anaemia in a severe form. I was all run down and as pale as a sheet. I could scarcely eat anything, and what I did take did not seem to nourish me. My hands and feet were much swollen and the least exertion would leave me breathless and my heart beating violently. I seemed to have pains and aches all over. I was so weak I could not even sweep a floor. At different times I was under the care of three doctors, but did not get any better. One doctor said I had dropsy and that my blood had all turned to water. My friends thought I was in a decline and that I had but a short time to live. was completely discouraged myself, when one day a lady friend called to see me, and told me Dr. Williams' Pink Pills had cured her daughter of anaemia and urged me to try them. I decided to try them, and in the course of a few weeks felt somewhat better. met the doc or one day and he remarke! how much better I was looking. told him it was not his medicine but Dr. Williams' 'Pink Pills that were helping me, and he told me I had better keep on taking them. I continued to do so until I had taken another half

all weak girls." Thousands of men and women, now well and strong, praise Dr. Williams' Pink Pills for having cured anaemia, general weakness, indigestion, rheumatism, neuralgia, nervous disorders, paralysis and the ailments of girlhood and womanhood. These Pills do this by making new, red blood, which feeds the starved nerves, drives out disease and strengthens every organ in the body. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 frem The Dr. Williams' Medicine Co., Brockville, Ont.
