

New Horses.—Mr. A. W. Fountain, proprietor of the Kawartha livery stable, this week purchased two new horses to add to his equipment.

CORRESPONDENCE.

To the Editor of the Fenelon Falls Gazette:
Sir,—

No doubt the public is aware that the conferences, synods and assemblies have passed strong resolutions against the liquor traffic. It will now be in order for the members of these assemblies to vote as they pray, and to smash the traffic which is the cause of the evils they deplore. We believe that this will be done irrespective of party as never before. The beauty of the Local Option is that it makes this question of paramount importance—not a political football to be kicked about by the respective parties, but a great moral issue. We would like to ask if J. P. Whitney and his colleagues are doing all in their power? Are they not running with the hare and hunting with the hounds? The general manager of the North-western Railway says, "We are trying to operate our system safely and sanely, that's all. In hiring men and retaining our forces in dull times, we are obliged, for business reasons, to give the preference to those who do not drink." The movement towards temperance was simply the spontaneous expression of feeling on the part of employees who aim for the highest efficiency.

NEWSPAPER LAW.

1. A post-master is required to give notice by letter (returning the paper does not answer the law) when a subscriber does not take his paper out of the office, and state the reasons for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrears, or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until the payment is made.

3. Any person who takes a paper from the post-office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay.

4. If a subscriber orders his paper to be stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it from the post-office. This proceeds upon the ground that a man must pay for what he uses.

5. The courts have decided that refusing to take newspapers and periodicals from the post-office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.
