HAD HIM CORNERED.

Hilow—"Do you know how much money there is in this country per capita?"

Milow—"About \$33, I believe."

Hilow—"Have you got your share?"

Milow—"Sure."

Hilow—"That's good. Lend me five for a few days, will you?"

The teacher of a certain school received the following note explaining the absence of one of her pupils the day before:—"Please excuse Henry for absents yesterday. Him an' me got a chance of a ride to a funeral in a charrige, an' I let him stay to home, as he had never rode in a charrige an' never went to a funeral, nor had many other pleasures. So please excoose."

A Cure for Rheumatism.—The intrusion of uric acid into the blood vessels is a fruitful cause of rheumatic pains. This irregularity is owing to a deranged and unhealthy condition of the liver. Anyone subject to this painful affection will find a remedy in Parmelee's Vegetable Pills. Their action upon the kidneys is pronounced and most beneficial, and by restoring healthy action, they correct impurities in the blood.

The young girl's air was pensive. "To-morrow," she said, "Reginald will conduct me to the altar. There," she added, smilingly, "his leadership will end."

The transition from winter's cold to summer's heat frequently puts a strain upon the system that produces internal complications, always painful and often serious. A common form of disorder is dysentery, to which many are prone in the spring and summer. The very best medicine to use in subduing this painful ailment is Dr. J. D. Kellogg's Dysentery Cordial. It is a standard remedy, sold everywhere.

Some men do not try to reach the top because they prefer company.

Concerts are to be given each morning and afternoon in the Dairy Building at the Exhibition. This is an innovation that visitors from the country will appreciate.

SIMPLE.

"Mighty oracle," cried Cleopatra, "can you tell me how I can secure everything I want?"

"Sure, Mike," replied the oracle. "Just quit wanting so much."

The Wretched Condition of thousands is due to the fact that they neglect the simplest care of their health. When in this condition "Ferrovin" will build you up and give you strength.

Germany supplies London with twenty million feathers every year for millinery purposes.

Singleton—"What's the matter, old man? You seem to have trouble in your mind." Wedderly—"My wife told me to order something in town, and I'll be hanged if I can remember whether it was a settee or a tea-set."

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually expels worms and gives health in a marvellous manner to the little one.

"I cannot imagine why you refused such a splendid offer," remarked a disappointed mother. "But he always dresses so shabbily," said the daughter. "Well, that's merely eccentricity." "Yes, I know. But he would probably expect me to be just as eccentric!"

WOMEN OYSTER GATHERERS.

Many Have Made Small Fortunes at the Work in France.

The work of oyster collecting and culture is most unsuitable for women, but in France, owing to its tedious nature, it does not appeal to men.

Often from an early hour in the morning till late into the evening the women are standing up to the knees in water, with a strong sun beating down on them. The result is that never a year passes without some of them going mad and having to be hurried away to the asylums.

The work is well paid, as indeed it ought to be, while in the case of the few who own beds the profits are large, and small fortunes are quickly amassed.

A SPLENDID PRESCRIPTION

For Rheumatism and all Kidney, Liver, Bladder and Urinary Affections.

An eminent physician has used the following prescription in his practice for a number of years and found it very successful in the treatment of kidney, liver, bladder and all urinary affections, and is unsurpassed for the cure of rheumatism, driving the uric acid entirely from the system. He claims that a very few doses will relieve the most severe pains in the back arising from disordered kidneys and impure blood.

The prescription is one ounce of sweet spirits of nitre, one ounce of compound Vimoso and four ounces of syrup of rhubarb, mixed together and taken in dessert-spoonful doses after meals and at bedtime in water.

The ingredients are harmless and inexpensive and can be obtained at any reliable drug store and mixed together at home.

Any sort of advice is good, as long as you don't attempt to follow it.

WONDERFUL "NUGGET."

One of the most remarkable discoveries on record will again be shown in the Process Building at the Toronto Exhibition. Last year people wondered at seeing a shoe polished with the "Nugget" Polish and immediately afterward washed, without the water destroying the shine, or causing the polish itself to rub off and soil the clean white towel, with which the shoe was wiped.

The "Nugget" Shoe Polish is on sale at the usual price, 10c., at all dealers and is now the popular article, as in addition to being waterproof the shine lasts longer, and the polish keeps the leather soft and pliable, which prevents the shoe from cracking. When at the Exhibition we invite you to have your shoe shined free of charge in the Process Building.

In Vienna, no married man may make a balloon ascent without the consent of his wife and children.

Impurities in the Blood.—When the action of the kidneys becomes impaired, impurities in the blood are almost sure to follow, and general derangement of the system ensues. Parmelee's Vegetable Pills will regulate the kidneys, so that they will maintain healthy action and prevent the complications which certainly come when there is derangement of these delicate organs. As a restorative these Pills are in the first rank.

"She's really too young to go shopping alone." "Yes, she is rather impressionable?" "Impressionable. How do you mean?" "I mean she's liable to get excited and buy something."

BOTH IN.

"We get some sad cases," said the attendant at the lunatic asylum to the visitor, and opened the door of the first cell.

Inside was a man sitting on a stool and gazing vacantly at the wall.

"Sad story," said the attendant; "he was in love with a girl, but she married another man, and he lost his reason from grief."

They stole out softly, closing the door behind them, and proceeded to the next inmate. This cell was thickly padded, and the man within was stark, staring mad.

"Who is this?" inquired the visitor.

"This," repeated the attendant—"this is the other man."

TOMMY'S IDEA.

The teacher was explaining to his Sunday school class about mankind falling into an estate of sin and misery. At last he asked what it was to be in an estate of sin and misery. One little chap cried out: "To be far away from home and your braces broken."

CELTIC PHILOSOPHY.

"No man is honest to a fault," said Pat, "unless, be jabers! The fault is jist wan of his own An' not wan of his neighbors."

It is Good for Man and Beast.

Not only is Dr. Thomas' Electric Oil of incomparable value in the household, but the farmer and stockman will find it very serviceable in the farm yard and on the cattle range, often saving the services of a veterinary surgeon. In injuries to stock and in cases of cough and pains it can be used with good effect.

Hewitt—"I have been pinched for money lately." Jewett—"Well, women have different ways of getting it. My wife kisses me when she wants any."

Comfort by day and sound sleep by night follow the use of Weaver's Ointment, for skin troubles, no matter how tormenting they be. This ointment soothes and cleanses.

Mistress—"I don't want you to have so much company. You have more callers in a day than I have in a week." Domestic—"Well, mum, perhaps if you'd try to be a little more agreeable, you'd have as many friends as I have."

Only those who have had experience can tell the torture corns cause. Pain with your boots on, pain with them off—pain night and day; but relief is sure to those who use Holloway's Corn Cure.

Inspector—"Now, Children, what is it that comes in like a lion and goes out like a lamb?" Small Girl—"Please, sir, it's father when mother has been giving him a talking to."

The Canadian National Exhibition this year will be especially strong in Hackneys, Clydesdales and ponies. Saddle horses, hunters and harness horses will also be well up to the average. A noticeable feature of the horse department will be the number of animals especially imported for show.

Teacher—"What kind of a bird did Noah send out of the ark?" Small Boy—"A dove." Teacher—"I'm surprised to find that the one to know." Big Boy—"Please smallest boy in the class is the only teacher, his father keeps a bird store."
