

NEWS OF THE NEIGHBORHOOD

Haliburton

(Correspondence of the Gazette)

Mrs. Howie, of Goderich, is here on a visit to her parents. She intends moving the old couple to her home, where she can better attend to them in their declining years.

The picnic under the auspices of the Ladies' Aid was a decided success.

Mrs. Bathgate and her sister, Miss M. Brien, have returned from visiting friends in Peterborough and Fenelon Falls.

In a former communication I mentioned the names of the young men who left here to assist in the harvest fields of the west. I now may mention a number who are intending to visit England in the near future:

A. Niven, Esq., P. L. S., leaves here this week for a sojourn of a few months in England. We should be untrue to our feelings if we who remain at home did not wish him a pleasant voyage, a happy visit on the other side of the Atlantic, and a safe return.

Mr. Edwards, who has resided here for a number of years, has sold his farm near the village to Mr. W. Lane, who will take possession in a few days. Mr. Edwards returns to England, where he intends to reside in future. All of his many friends will be sorry to lose him, but wish him continued success.

Mr. John Reed and his son Russell intend visiting friends in London, England. They expect to sail about the 10th of September. We cannot say good-bye to them without regret, but we shall be comforted during their absence by the assurance that they are enjoying themselves in "fresh fields and pastures new."

Mr. W. J. Austin and Judge Harding returned last week from a fishing expedition on Clear Lake. The Judge and Mr. Austin both hold that recreation is one of the needs of humanity, and that, as the sports of the field, the lake and the stream are the most healthful and exhilarating of all exercises, they should be practiced and protected.

Mr. E. Boyce was hurt in Mr. Laking's mill on Monday last. We hope to see him around again soon.
