The cheese factory at Cameron shut down early in August, and the patrons around here are sending their cream to Fenelon Falls.

Mr. Jno. S. Brown and Mr. J. H. Stroud have disposed of their alsike clover seed, and are quite satisfied with having received \$8 per bushel for it. We might mention that Mr. Stroud's barn had a very narrow escape about a month ago. It was struck by lightning, and had it caught fire, three hundred dollars' worth of clover seed would very likely have been burned.

a reputation for bad temper loses, in his intercourse with his fellow-men; their friendship, sympathy, even toleration. He is not a pleasant companion along the highway of life, whose ill conditioned mind refuses to accept the changes and chances of this world with a cheerful and equable spirit.

District Notes.

The village of Havelock was visited by a \$45,000 fire on Tuesday morning of last week. Among the heavy losers are: Mr. J. V. A. Coon, general merchant, Mr. E. Barrett, general merchant, F. Joyce and Percy Lancaster, proprietor of the Havelock Standard. A number of small barns and stables were burned and residences and other stores partly damaged. The total insurance is estimated at \$29,000. The origin of the fire is unknown.

The Pym hotel at Huntsville was burned on Friday morning, the 21st ult. The guests saved their personal belongings.

The famous sunken crib of oak timber which tradition says has lain in the bottom of the Seugog waters for about 40 years, is reported to have been found near Bruce's landing, Seugog lake, by Messrs. Bert McGrath, David Watson and W. Raymond, of Lindsay, and the work of raising the timber has already commenced. The "find," which is estimated to be worth from \$20,000 to \$60,000, was made through the catching of a fishing line on one of the logs. As it has always been reported and supposed, however, that the lost crib was somewhere between Lindsay and Sturgeon lake, the one found in Seugog lake, 20 miles away, may not be the one for which search has so often been made.

Several farmers near Belleville were fined \$40 and costs each for selling watered milk to the cheese factories.
