DR. A. WILSON, THE LIBERAL CANDIDATE.

ADDRESS TO THE ELECTORS.

To the free and independent Electors of the Riding of Victoria and Haliburton: Gentlemen:

sition, although I have been previously \$188.99. interviewed in regard to it on more than one occasion.

lage of Fenelon Falls-for 30 years, and business. The following subscribed to have during that time not been asleep the necessary declaration of office. R. as to the various conditions of things, of M. Mason, S. J. Sims, D. Gould, L. Deythe chief actors, and of the role taken | man, and R. Connell. Dr. Mason was by them in the political drama enacted appointed chairman. on the stage of our fair Dominion.

the House of Commons on the 26th day of October, I pledge myself to ever stand | The measurements being as follows: by the principles of the confederation of the provinces—each controlling her own local affairs of government, and all united in one great Dominion of Canada as a part of the British Empire.

I promise to support any measure that may consider to be for the benefit of the people—of the Dominion generally or of this riding particularly.

I favor the policy of the present Govand the closer relations of Canada with money by the issue of debentures securernment-first in the British preference, the British Empire, as well as their ed by local special rates on the property methods of extension of trade and the fronting or abutting on Oak street, for reduction of the tariff with foreign na- the laying of cement walks on the said tions, wherever that tariff may benefit street.

I endorse the policy of the Government in the opening up of the western and the great north-western provinces by the construction of the transcontinental railway, the Grand Trunk Pacific, and their emigration policy in connection therewith.

I admire the foresight and business ability of the Government, the Department of Public Works, by the improvement of our harbors, the deepening of the canals, in the deepening of the St. Lawrence river, permitting the largest vessels to load and unload at Montreal, and diverting nearly all of the western grain trade through Canada to the markets beyond the Atlantic.

In the Post-Office Department I delight to draw your attention to the great benefit it has been to the people of Canada by the reduction from 3 cents per letter to 2 cents, that has been no doubt gratefully appreciated by every citizen of our Dominion. They have not only reduced the cost of postage, but are now preparing to put in operation in some thickly populated parts the rural mail delivery, which within a few years will have become systematically established all over

In the Department of Agriculture I admire the action of the Government in opening up avenues of trade with Britain and foreign countries, in providing cold storage in warehouses and steamships for the preservation of those perishable exports, butter, cheese, eggs, fruit and fowl-dressed and undressed.

In the Militia Department I am satisfied that the Hon. Sir Frederick Borden. has built, is building and will build as good a construction as the foundation built by the past government will allow; that is, a militia of defence and protection, carefully avoiding the danger of drifting into militarism, like the nations

Believing that I can be of benefit to the people of the riding as a member of the House of Commons, both in the matter of general legislation and in watching and caring for the interests of the people of Victoria and Haliburton, I confidently solicit your votes and your influence in the election now pending.

Yours obediently,

ARCHIBALD WILSON.
