Barleigh Falls to Young's Point, 9 miles. Young's Point to Lakefield, 5 miles.

The village of Little Britain is to be lit up by gasoline in the near future.

The annual show of the Victoria County Poultry and Pet Stock Association will be held in Lindsay on January 26th, 27th and 28th.

An outbreak of smallpox is reported in one of the Cavendish Lumber Company's camps in Ap-ley. The rumor has not yet been verified.

A rear-end collision between freight trains took place at Peterboro' on Sunday. Thomas Abbey, of West Toronto, was badly hurt and several ears were smashed.

Our esteemed contemporary, the Orillia Packet, wonders, now that Roosevelt's days are numbered, what manifestation of idiocy will follow the Teddy bear craze. Possibly a Billy pig.

James Simpson, the landlord of the Northern Hotel, Kinnmount, was last week fined \$20 and costs for having whisky in his hotel. Kinnmount is under Local Option now, and no licenses are issued there.

An organized gang of fish poachers is said to be at work on Lake Simcoe, near Beaverton, and the single overseer at that point, with a boat fifteen miles long and only a row boat to travel in, is unable to cope with the poachers.

A small boy was playing about a moving wagon at Barrie on Friday last when he got one of his legs through a wheel. Before the horses could be stopped the boy's foot was caught by the wagon box and the leg pulled off at the knee.

N. Clark & Son's tailor shop at Cannington was entered by burglars on Saturday night, the 7th inst. The thieves helped themselves liberally to new clothing, and blew open the safe, but got no money. It is supposed they were escaped prisoners from Mimico.

Many farmers throughout Markham and Pickeringham, who housed their turkeys early during the warm days of later October, have found the rot setting in badly, and have been forced to haul them out of the cellars again. The crop of 1908 is going to keep very poorly anyway.

F. H. Reed, B. S. A., who has filled the position of representative of the Department of Agriculture in Victoria county with such satisfaction to everybody concerned, has resigned to go to Saskatchewan as the representative in that province of the seed division of the Dominion Department of Agriculture.

Mr. John Campbell, of Lindsay, a G. T. R. brakeman, was killed while working in the railway yard at Orillia last Friday morning. No person saw the accident by which the young man lost his life, his body being found between the rails by other members of the train crew with whom he had been employed.

Mr. Eddie Covert, of Deer Lake, is reported to have slipped and fallen on the cut-off saw in Speers & Lander's mill at Wilberforce, one day last week, cutting off his right foot just at the ankle. Dr. White, of Kinnmount, and Dr. Walker, of Wilberforce, made a further amputation and the patient is progressing favorably.

For a door-step at the residence of Mr. F. Wilson, of Minden, may be seen a stone about the thickness and size of a grindstone very nicely rounded and with a large almost square hole through the centre. It was found dressed to its present shape and was evidently used by the Indians, who, before the white man, inhabited these parts.—Echos

A little grandson of Judge Boys, of Barrie, was poisoned last week by eating some pieces of bread on which strychnine had been placed to destroy mice. It should be made a criminal offence to place poison where there is any chance of a child getting possession of it, so that children might enjoy the same protection as cattle and other live stock.

A fatal accident occurred at Castleton on Tuesday of last week, when John Johnston of that village was buried alive. The deceased was engaged in digging a well on the premises of Jacob Pettibone, when the earth from the sides caved in. Every effort was made to rescue him, but when he was brought out life was extinct. Johnston had been a life-long resident of Castleton.—Norwood Register.

Mr. David Hollingshead of the Hollingshead resort, Huntsville, is suffering from an accident which occurred on Monday near Tasso Lake. He and his companion were out hunting and became separated. His friend, seeing something moving in the bushes, fired, the shot taking effect in Mr. Hollingshead's leg, causing a serious wound. He was taken to the hospital at Huntsville and is progressing favorably.—Minden Echo.

To have a bullet crash through a canoe which he was paddling was the unpleasant experience of Mr. Peter Nicholls, Jr., fishery inspector at Bridgenorth. Mr. Nicholls was crossing Chemong Lake on Saturday evening, when suddenly he heard a rifle shot, and almost instantly he felt his frail craft shudder. A bullet had pierced the bow, but not sufficiently low enough to allow the water to enter. Evidently some duck hunter up the lake fired the shot which accidentally hit the boat.

NOTICE.

All persons indebted to Dr. A. Wilson of Fenelon Falls, will please accept this notice to settle their accounts either by cash payment or note not later than Dec. 5th next. Any accounts left over that date will be passed into other hands for collection. Kindly attend to this matter, as it is desirable to settle with myself rather than with a collector. Just here I would thank my clientele for their patronage and the confidence reposed in me during the years gone by; and would inform them and the general public that I have disposed of my practice to Dr. H. B. Johnstone. Dr. Johnstone comes highly recommended as a man of good reputation as to moral character, integrity, uprightness and professional skill as a medical doctor.
