

BY BEING FIRED.

"Ruggles, how did you catch that cold?"

"Well, I'll tell you, Ramage. I lost my job the other day. It was the first time such a thing had ever happened to me, and I got kind of reckless, you know, and exposed myself, and—and—"

"I see. You caught it on the first bounce."

Hard and soft corns cannot withstand Holloway's Corn Cure; it is effectual every time. Get a bottle at once and be happy.

"Flavia Flippis is the most remarkable girl I know." "In what respect?" "Why, there isn't a milliner in the world who can make her spend one penny more on a hat than she started out to spend."

After a Cold Drive don't fail to take a teaspoonful of Painkiller mixed with a glass of hot water and sugar. It surely prevents chills. Avoid substitutes, there is but one "Painkiller"—Perry Davis—25c. and 50c.

"Ah, my lad," said the stranger, with an encouraging smile, "I can see that you were cut out for something big." "That may be, mister," replied the diminutive farmer boy; "but it generally happens that something big is cut out for me." "For you?" "Yes, dad's trousers. These are a pair I have on now."

Repeat it—"Shiloh's Cure will always cure my coughs and colds."

The inscriptions on an old coin worn smooth may sometimes be deciphered by placing it on a red-hot iron.

It Has Many Offices. — Before the German soldier starts on a long march he rubs his feet with tallow, for his first care is to keep his feet in good condition. If he knew that Dr. Thomas' Electric Oil would be of much better service he would throw away his tallow and pack a few bottles of the Oil in his knapsack. There is nothing like it.

The Australian rabbit-proof fence which was recently completed, is 2,036 miles in length.

"A Little Cold, You Know," will become a great danger if it be allowed to reach down the throat to the lungs. Nip the peril in the bud with Allen's Lung Balsam, a sure remedy containing no opiates.

Little Maggie (after watching her small brother devouring several large sections of chocolate cake): "Mamma, isn't it funny how much larger Jimmy really is than he appears to be from the outside?"

Repeat it—"Shiloh's Cure will always cure my coughs and colds."

In order to be happy a woman must get a strangle hold on her jealous disposition.

To Prevent is Better Than to Repent.—A little medicine in the shape of the wonderful pellets which are known as Parmelee's Vegetable Pills, administered at the proper time and with the directions adhered to often prevent a serious attack of sickness and save money which would go to the doctor. In all irregularities of the digestive organs they are an invaluable corrective and by cleansing the blood they clear the skin of imperfections.

Hearty Party (meeting old acquaintance) — "How are you? Haven't seen you for years. How's the wife?" Old Acquaintance (very much married, gruffly)—"She's all right." H. P. (pleasantly)—"Ha! I brought you two together, you remember." O. A. (resentfully)—"Oh, it's you, is it. I owe a grudge to?"

Repeat it—"Shiloh's Cure will always cure my coughs and colds."

NO OBSTACLE THERE.

"Mr. Spoonamore, I—I hardly know what to say. Have you spoken to papa yet?"

"I have Dora."

"What did he say?"

"He said: 'What! Her? Gosh, yes!'"

ISSUE NO. 2-09.

"It Saved My Life!"

"I owe my life to PSYCHINE, what better testimony could I possibly give," says Mrs. Wm. Wilson, of Essex, Ont., on August 21, 1908. "Some twelve years ago I was taken ill with a severe cold on my lungs. Night after night I was compelled to sit up all night to relieve myself of the pain in my lungs. For two years I doctored continually with three different doctors, but received no help whatever. A friend advised me to try your medicine, and I did so. Within two months from taking PSYCHINE I gained 30 pounds, and my health rapidly grew better and in a short time I was quite well. To-day I am a strong woman and owe my life to Dr. T. A. Sloucum's medicine."

PSYCHINE is indeed a Health giver, and the Greatest of Tonics, containing exceptionally Life-Giving properties. Send for a Free Trial and mention this advertisement. PSYCHINE is sold by all druggists and stores. 50c and \$1.

In Japan, on the Empress's birthday, all the schoolgirls have to sing the national hymn and listen to an Imperial rescript on education.

Repeat it—"Shiloh's Cure will always cure my coughs and colds."

According to an oculist, 90 per cent. of neuralgic headaches are caused by defective eyes.

A Tonic for the Debilitated. — Parmelee's Vegetable Pills by acting mildly but thoroughly on the secretions of the body are a valuable tonic, stimulating the lagging organs to healthful action and restoring them to full vigor. They can be taken in graduated doses and so used that they can be discontinued at any time without return of the ailments which they were used to allay.

Mrs. Blotter (of a literary turn): "And, John, order a gallon of midnight oil. All our best writers, I am told, burn it."

The Japs Did It. They supplied the Monthol found in "The D & L" Menthol Plaster, which relieves instantly backache, headache, neuralgia, rheumatism and sciatica.

SAVING LIQUID MANURE.

Save the liquid manure—every drop of it. Urine contains a large percentage of the fertilizing constituents of the animal's excreta. To lay tile from the stable gutter and drain it away, is to drain away every year a portion of the farm—or the farm value, which is much the same thing. Straw, sawdust, leaves, air-dried muck, land-plaster and raw ground phosphate rock are effective stable absorbents, which contain in themselves a greater or less quantity of one or another of the elements of fertility. Lacking any of the above absorbents, horse manure may be used to advantage in the gutters of the cattle stable, though this is not to be recommended for a stable where milking cows are kept. Where the horse manure is not used in this way, it is desirable to throw the surplus liquid of the cattle stable onto the horse-manure pile.

The frigate bird, whose wings spread out from ten to twelve feet, can fly at the rate of 100 miles an hour.

Repeat it—"Shiloh's Cure will always cure my coughs and colds."

GOSSIP.

Gossip would simply die a natural death if it were not for the breath of suspicion.

One trial of Mother Graves' Worm Exterminator will convince you that it has no equal as a worm medicine. Buy a bottle and see if it does not please you.

STRANGE SUPERSTITION.

Italy has a remarkable superstition. It is believed that dire misfortune will befall the present monarch, if the chamber of the dead king be interfered with till at least two generations have passed. Therefore, the room of the late King Humbert at the Quirinal is shut, no one except members of the royal family being permitted to enter it. Thus it will remain, silent and unused, like the apartment of King Victor Emanuel, King Humbert's father, which is just as it was at the time of his death, about 30 years ago.

The United Kingdom consumes 1,200,000,000 pounds of flour yearly.

CURIOUS RUSSIAN LAW.

Russia has a law which to outside observers seems almost to put a premium on theft, by which stolen goods become the property of the thief if he can prove that he has had possession of them for over five years. In the thieves' market—which is, of course, licensed by the police—goods that admittedly have been stolen (more than five years before) are openly offered for sale, and the place is a veritable Mecca for the light-fingered gentry and their enterprising friends, as also for the more honest members of society, who secure many a tempting bargain.

FELLING THE CHESTNUT.

"Vernon told me this morning," related the lady with the cold, blue eye, "that he passed the tree where two years ago he carved your initials and his own, and incircled them with a heart. He said he felt so glad he almost danced for joy." "Ah," said the tall brunette, anxiously, "then he must still love me, after all? Did he tell you why he felt so happy?" "Yes, dear; he said some men were cutting the tree down!"

So popular is Bickle's Anti-Consumptive Syrup as a medicine in the treatment of colds and coughs or ailments of the throat, due to exposure, or sudden changes of temperature, that druggists and all dealers in patent medicines keep supplies on hand to meet the demand. It is pleasant to take, and the use of it guarantees freedom from throat and lung diseases.

The man who can be bought always thinks he cannot be caught by his buyers.

Repeat it—"Shiloh's Cure will always cure my coughs and colds."

The Burmese prefer coins with female heads on them, as they are supposed to bring luck.

Tearing Down Signals does not delay storms. Opium-laden "medicines" may check coughing, but the cold stays. Do not trifle; when you begin to cough take Allen's Lung Balsam, free from opium, full of healing power.

Mr. Bunsby: "If that young man's coming here to see you every day in the week, you had better give him a hint to come after supper." Miss Bunsby: "I don't think it's necessary, pa. That's what he comes after."

BUY SHARES IN THE BEST MINE IN Canada's Greatest Gold Camp

"SHEEP CREEK," situated some 28 miles south of Nelson, can undoubtedly claim this distinction. One year's development has produced four mines, the greatest of which is the "Nugget." In one year this mine has taken out during development over \$50,000 in gold, actually paying for itself and the work done. A Four Stamp Mill is now in operation, producing from the second grade ore about \$5,000 per month. Some \$800,000 worth of ore is now blocked out, and we can safely predict there will be over a million next spring. To effect more economic work it is necessary to erect a larger mill and tramway. For this purpose a block of 25,000 shares is now offered to the public at 75¢ per share. We invite fullest investigation.
