Correspondence of the Gazette.

A meeting of the Women's Institute was held on Tuesday, 23rd inst., at the home of Mrs. Chalmers, some 12 members being present. After the singing of the doxology, the meeting was opened, Mrs. Hodgson president, presiding. After the usual business, Mrs. Budd and Mrs. Hopkins were called on for papers on "Fault finding," and the president read a selection of poetry bearing on the subject. This meeting was one of especial interest, but the very disagreeable weather prevented many from coming out. The District Secretary, Miss E. L. Nie, was present and gave her interesting report on Guelph convention, held in December. She also informed the members that the executives of East and West Victoria Farmers' and Women's Institutes had held a joint meeting in Lindsay on Feb. 6th, and had decided to hold an excursion to Guelph on June 22nd. Many from here decided that if they themselves could not go, some of their families would avail themselves of the opportunity to attend. Tickets will be good for three days and the rates are very reasonable. After the singing of the National Anthem, luncheon was served by the hostess, and all agreed that Mrs. Chalmers makes an ideal hostess. The next meeting will be held on March 30th, at the home of Mrs. John Swanton, the meeting to start at two o'clock sharp. All are requested to be on time.

Bury's Green.

The Rev. J. Bennett Anderson will hold an eight day mission in St. Peter's church, beginning on Monday, Mar. 8th, at 7 p. m., and ending on Sunday, March 14th. Rev. Mr. Anderson was appointed Missioner of the Diocese of Toronto by the late Archbishop Sweatman and the Executive. He is a man of great and varied experience, having labored with great success in London, Eng., and Australia, as well as in Canada. He has travelled widely, having been twice around the world. He possesses a vast store of personal experience and anecdote, which make his addresses of more than ordinary interest. He is eloquent in his presentation of truth. He possesses the rare faculty of engaging the attention and the interest of the men who attend his services. It is earnestly hoped that the people in the vicinity of St. Peter's Church will attend in large numbers at the first meeting on Monday, the 8th, at 7 p. m., and that the members of the Church will do all they can, that good results may follow the mission, which will be held each night during the week. Mr. Anderson is not only very practical, but intensely spiritual in his addresses, and has been the means of stirring up renewed spiritual life in the places in which he has labored.

District Notes.

Mr. Taylor Parkin, of Fenelon, was presented on Monday evening with a handsome writing desk and a pen as a recognition of his services to the community, by a large number of friends who assembled for the purpose. A good programme was rendered and an excellent lunch served.

In G. T. R. circles the prospective straightening of the road from Beaverton to Lindsay is still occupying attention, and the surveys of last season, it is understood, have been very favorably received by the company. The well worn double-tracking proposition is also that, revived, and it is very probable again with the greatly increased business of this division entailed by the construction of the Grand Trunk Pacific, this work will be made imperative.—Woodville Advocate.

This year for the first time the township of Thorah and the village of Beaverton will enjoy without encumbrance the income from the loan of \$50,000 made about forty years ago to the Port Hope, Lindsay and Beaverton Railway, which is now a portion of the Grand Trunk. The municipalities hold a first mortgage on the road from Port Hope to Beaverton to cover the interest on the loan which was granted in perpetuity at the annual interest of three per cent. The loan was granted and confirmed by a special act of parliament and stands secure.—Orillia News Letter.

The Victoria House, the summer hotel at McCracken's Landing, Stoney Lake, has been purchased from Messrs Freeman and Carveth by Mr. E. Pickens, of Lakefield, who will be in charge of the popular Kawartha Lake tourist home during the coming season. Mr. Pickens is well and favorably known in Lakefield, and, with the capital reputation attached to the Victoria House, should have no difficulty in making a success of his new venture. He has in mind comprehensive improvements that will make the building even more commodious and comfortable than it has been hitherto. Mr. Pickens has also purchased the trim steam yacht, the Alberta, one of the neatest and fastest of the Kawartha Lakes' smaller craft, and he will use the boat in connection with the hotel, so that his guests may depend upon having many enjoyable outings during the season of 1909.—Lakefield News.

One fifth of a cent a cup is certainly an economical drink, and yet this is all that "Salada" Tea costs. One pound costing 40c. will make over 220 cups of the purest and most delicious tea in the world.

A STRONG POPULAR SCHOOL.

"In union there is strength." "In a multitude of councillors there is much wisdom." These are two of the many reasons why young people consider it best to attend Canada's Greatest Chain of High-grade Modern Actual Business Schools. The Peterboro Business College, whose new advertisement appears in this issue, is a worthy link.

Tuberculin Tests.

Dr. S. H. Guillard some time ago stated in a paper read before the American Veterinary society that in a series of experiments with 638 cows none of the healthy animals showed any decrease in the amount of milk it gave on account of the test, and dairymen should not fear to have their cows tested, for only the affected cattle would produce less milk on account of the test.
