

INDEED THEY ARE WONDERFUL

WHAT THOS. McDONALD SAYS OF DODD'S KIDNEY PILLS.

He Had Lame Back, Kidney Disease and Heart Fluttering's and One Box Cured Him.

Stukenacadic, Hants Co., N. S.,—May 17. (Special).—"I suffered from Lame Back, Kidney Disease and Heart Flutterings, caused by cold and a strain, for three years. I was looking over some papers and saw Dodd's Kidney Pills advertised and I bought one box which completely cured me. Dodd's Kidney Pills are wonderful."

That is the simple straightforward statement of Mr. Thomas McDonald, a well-known resident of that place. It shows how quickly Dodd's Kidney Pills cure Kidney Disease when taken in its earliest stages. Lame Back is one of the first symptoms of sick Kidneys. Heart Fluttering is another symptom. It is caused by blood, from which the sick Kidneys have failed to strain the impurities, increasing the work of the heart. Dodd's Kidney Pills make the sick Kidneys well, the lame back disappears, the blood is purified, the heart is relieved and the flutterings stop.

If the case is of long standing, it may take longer to cure it, but Dodd's Kidney Pills never fail to do it.

A BABY AND A BULL.

Infuriated Animal Nearly Killed Little Tot.

A mad bull nearly succeeded in killing a baby in a mailcart and wrecked the gardens in twenty houses at Acocks Green, near Birmingham, England, recently.

The animal was being led to the slaughterhouse, when it broke loose and escaped into the garden of an adjoining house. Butchers and others gave chase, armed with guns, and a shot served to enrage the animal still further. It tore through fences, smashing garden frames and everything else in its way, and stopped to investigate a mail-cart standing outside one of the houses.

The baby's mother rushed out to save her child, but the bull charged at her, and she retired. The animal then rushed at the mail-cart and over-turned it, but fortunately the baby fell into the hood of the cart. After sniffing at the overturned cart, the bull left it but returned again and smashed it to pieces. Happily, the child was again unharmed.

The animal continued its mad course through the garden fences until it became wedged in the narrow entry of one of the houses, and was secured and killed.

BURYING TONS OF GOLD.

Investors in gold-mining securities will be interested to learn that an American lady computed not long ago that in the United States alone half a ton of pure gold, equivalent to \$500,000, is annually put as filling into the teeth of the living. Inasmuch as none of this precious metal is ever extracted after death, the shrewd calculator further reckoned that at the rate stated a quantity of gold equal to all that is now in circulation will, in the course of three centuries, be lying in the ground again. It is strange to think that one digger—the sexton, to wit—is constantly returning to mother earth nearly as much gold as the other digger is constantly extracting from her bosom.

BAD LEG FOR 60 YEARS.

Zam-Buk Works a Complete Cure.

Mrs. J. Minett, of 192, Thurbers Avenue, Providence, Rhode Island, has been cured by Zam-Buk of a bad leg, which had defied all remedies for sixty long years. She says:—"When a child of eight, I was bitten on the leg by a dog. A doctor cauterized the place, but it never healed soundly, and I have suffered with an ulcerated leg for over sixty years. This occurred in England, and many English doctors tried in vain to heal the sore. At one time I was an in-patient at the East Suffolk Hospital for a long period, and for three years I was in and out of hospitals. I was continually in pain, and the sore would not heal, but continued to discharge. Twelve months ago I came out here to my daughter, and during the voyage I had to keep my bed. The ship's doctor examined my leg, and gave me a plaster, which I had to take off again, as it made the pain so intense. When I reached my daughter's house, she sent for a medical man, who said nothing could ever do it any good, and although I tried other American doctors, they did me no good. They said my leg would never be well."

"One day my youngest daughter brought home a box of Zam-Buk, and induced me to try it. With the first application I seemed to find ease, and further treatment with Zam-Buk did me so much good that I sent for a proper supply. I kept on with the Zam-Buk treatment, and soon saw that the wound was getting better. The discharge was reduced, and the pain was eased. I persevered with the Zam-Buk, and, to cut a long story short, it effected a cure. It is marvellous to think that, after suffering for sixty years, Zam-Buk has been able to make my leg perfectly sound."

Zam-Buk is a combination of power and purity. Purely herbal, it is superior to all known remedies for chronic sores and wounds, eczema, salt-rheum, ringworm, eruptions, varicose ulcers, cuts, burns, bruises, skin diseases. It also cures piles. All Druggists and Stores sell at 50c. a box, or post-free from Zam-Buk Co., Toronto, for price. Three boxes for \$1.25.

ALCOHOL IN BUNS.

Hot Cross Buns Have Been Laying Traps for Teetotalers.

A terrible indictment against the hot cross bun is framed by the London "Lancet."

This innocent-looking article of food has always been regarded as at least harmless, but the "Lancet" has discovered that it has been taking advantage of its innocuous appearance and reputation to lay a trap for unwary teetotalers. The average hot cross bun, it is now stated, contains about 7.2 grains of alcohol, and the man who eats twenty buns will obtain as much alcohol as he would get in a glass of beer.

The "Lancet" makes the further terrible disclosure that most bread also contains alcohol, which, of course, is the product of the fermentation of the yeast used to make the bread—and the buns—rise.

There may be some consolation for teetotalers in the announcement that it is possible to make teetotal bread and buns, but no yeast must be used.

A THRILLING SPORT.

An exciting Mexican pastime is that of flooring bulls with the hand from horseback! The rider, galloping after the bull, seizes it by the tail and, passing his leg over the tail for the sake of leverage, pulls the poor beast round sideways until it trips and goes crashing to earth amidst a cloud of dust. Needless to say, the bull-thrower needs a strong hand and steady nerves, or he may find himself in trouble.

A Time for Everything.—The time for Dr. Thomas' Electric Oil is when croupy symptoms appear in the children; when rheumatic pains beset the old; when lumbago, asthma, coughs, colds, catarrh or carache attack either young or old; when burns, scalds, abrasions, contusions or sprains come to any member of the family. In any of these ailments it will give relief and work a cure.

It is a Liver Pill.—Many of the ailments that man has to contend with have their origin in a disordered liver, which is a delicate organ, peculiarly susceptible to the disturbances that come from irregular habits or lack of care in eating and drinking. This accounts for the great many liver regulators now pressed on the attention of sufferers. Of these there is none superior to Parmelee's Vegetable Pills. Their operation though gentle is effective, and the most delicate can use them.

A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial load? Is your pain a heavy physical burden? I know what these mean to delicate women—I have been discouraged, too; but learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you will assist me.

All you need do is to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for 2c (the cost of a postage stamp). Your letters held confidentially. Write to-day for my free treatment. MRS. F. E. CURRAH, Windsor, Ont.

Testimony From a High Authority as to the Value of Orange Meat.

IN an address to the Canadian Association of the Master Bakers at their Convention held in London, Ont., August 14th and 15th, 1906, Professor Harcourt, of the Guelph Agricultural College, said among other things as follows: Various types of breakfast foods may be roughly divided into the following classes: 1st, The uncooked, such as granulated oats, etc., which require long cooking to make them palatable and aid digestion; 2nd, Partially cooked, such as rolled and flaked grains. In this process the cell walls are ruptured by the crushing, consequently they require less time in their preparation for the table; 3rd, Cooked foods; 4th, Foods termed pre-digested, such as Orange Meat, etc.

A large number of foods have been analyzed and some of the results are incorporated in the following table. In nearly every case the figures are the average of a number of analyses:

	Calories per gram.
Orange Meat	3,968
White Bread	2,721
Entire Wheat Bread	2,488
Graham Bread	2,610

This shows the great advantage in favor of Orange Meat as a heat producer.
