Six Thousand Need Help,

At a meeting of the Associated Charities at the home of Prof. Goldwin Smith, "The Grange," the secretary presented a statement showing that there are on record about 6000 persons appealing for help.

The Free Labor Bureau has been a great factor in the work of the organization this winter; 5117 men have registered, 4316 secured temporary work and 450 permanent employment.

A motion is on foot to have the association take over the Women's Work Bureau.

In his letter of resignation Dr. Perry, who is leaving shortly for Vancouver, sketched briefly the progress of the work during four years of his presidency, stating that the active co-operation of almost every organization in the city had been secured. An influential committee has been appointed to arrange for a suitable farewell to Dr. Perry, and also to nominate a new president.

The treasurer, Robt. F. Massie, announced that Prof. Goldwin Smith had recently sent a cheque for \$1000, to be applied to the administrative work of the society. A hearty vote of thanks was tendered the professor.

The undersigned is prepared to undertake all kinds of dressmaking, in the latest styles, at Mr. Websters, next to the Baptist church.

INTERNATIONAL NEWSPAPER BIBLE STUDY CLUB THE GAZETTE'S BRANCH.

Rev. Dr. Linscott's Suggestive Questions on the Sunday School Lesson for May 16th, 1909

Paul's First Missionary Journey.—Iconium and Lystra. Acts xiv: 1-28. Golden Text—All the Gods of the nations are idols; but the Lord made the heavens. Psalm 96: 5.

Verse 1-2—Point out on the map in your Bible where Iconium is situated. Can two missionaries working together do more good than they could working separately? Has the story of Jesus lost or gained, in its charm upon the multitude, since that day? Was the unbelief of these Jews a matter of the intellect, through lack of evidence, or was it a matter of the heart; that is, a result of their rebellion against God? Verse 3-7—How do you account for the fact, that the same evidence, and spiritual demonstration, which made one part of the multitude turn to God with gladness of heart, made the other party angry in heart, and murderous in their actions? (This question is to be answered in writing by members of the club.) Would you judge from this story, that all the good people were on the side of the apostles, and all the bad and dishonest people on the other side? Will a wise and brave man sometimes run away from such danger as threatened the apostles, or will he always stay and face it? The apostles fled to Lystra and Derbe; where are these places situated? Verse 8—Is there ever any blame to be attached to those who are born with either physical, or moral defects? Are parents ever to be blamed for either physical or moral defects in their children? Are pre-natal influences as powerful in shaping a child's destiny as post-natal? In our present national condition, should the state provide for and maintain all those who are born in an impotent condition? Verses 9-10—Is faith, like this man had, possible for all, or is it a gift of God, the same as the resultant grace and healing? Was this a miracle, and, whether or not, does God intend to run this world by law or by miracle? Verses 11-13—What was the idea that these people had of the Deity? How would it be likely that Barnabas resembled Jupiter, and Paul Mercury to these people? Is it a trait in human nature to believe in some popular superstition, rather than the plain truth of God? Verses 14-15—If a man of God is being regarded in some superstitious way, is it his duty to administer a rebuke? Have the best of men got the same natural passions as the worst of men? What comfort is there to us in the fact that God made "the heavens and the earth"? Verses 16-18—Does God pay the same attention to the crops of the sinner, as he does to the crops of a saint? Verses 19-20—Was it the same people that stoned Paul, who before this wanted to do the sacrifice to him? Can there be any reliance placed upon the applause of the multitude? Verse 21-23—What kind of a man is he who, laid out for dead through stoning, starts on his way the next day preaching his story of mercy and love? Lesson for Sunday, May 23rd, 1909—The Council at Jerusalem. Acts xv: 1-35.

NEWSPAPER LAW.

1. A post-master is required to give notice by letter (returning the paper does not answer the law), when a subscriber does not take his paper out of the office, and state the reasons for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.
2. If any person orders his paper discontinued he must pay all arrears, or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until the payment is made.
3. Any person who takes a paper from the post-office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay.
4. If a subscriber orders his paper to be stopped at certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it from the post-office. This proceeds upon the ground that a man must pay for what he uses.
5. Courts have decided that refusing to take newspapers and periodicals from the post-office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.
