#### Two Conservatives in the Field.

Mr. W. H. Lockhart Gordon will oppose Dr. Mason for the honor of representing the riding of East Victoria in the local House, in accordance with his previously announced intention of so doing. Mr. Gordon and Dr. Mason were both nominated at the official proceedings on Tuesday last. Mr. Gordon, who is a Conservative, in his address following his nomination, stated that he had nothing against Dr. Mason, who was without doubt a very worthy gentleman, but that what he objected to was the machine methods of a clique of professional politicians, with Col. Sam. Hughes as the chief offender, who have been manipulating things to suit themselves, and who are responsible for Dr. Mason's nomination, although the Dr. himself might be innocent. It is in opposition to these alleged machine tactics that Mr. Gordon is in the field. He also considers that he could be of great service to the constituency if elected, as he is familiar with parliamentary procedure and is personally acquainted with members of the Government. He mentioned railway extension to the north and development of idle water power as matters in which he thought he could be helpful. Mr. Gordon claims that the convention which chose Dr. Mason was not properly called, and that there were a number who did not even know there was a convention to be held on the date on which it had been held.

Dr. Mason, in reply to Mr. Gordon, denied having any knowledge of any pre-arranged movement to nominate him. When he went to the hall on the 11th inst. he did not know who were to be his mover and seconder. As for the convention not being properly called, everybody was notified as far as he knew, and the few delegates from the north end of the riding who did not attend could not have made any difference in the result. He had not sought the position at all. He would not make any promises, only that he would look after the interests of the constituency to the best of his ability if elected, as he had every confidence he would be. He would be content to rely on his record in the municipal offices which he had held.

Warden Geo. A. Jordan of Lindsay made a stirring speech on behalf of Dr. Mason. He scouted the idea of there having been any interference by Col. Sam. Hughes or any one else. Dr. Mason had received the nomination in a perfectly open and legitimate manner, and because he was considered to be the most desirable of the proposed candidates. He said that when Dr. Mason was head of the county council, the opinion was unanimous that he was the best man who ever occupied the warden's chair. Dr. Mason had plenty of push, and push was better than pull any day. If elected, he would prove as popular a representative as Mr. Carnegie had been. Mr. Jordan said that although he himself had been nominated, and had not been the choice, he was not feeling put out about it, and he would heartily support Dr. Mason as the choice of the convention, and hoped everybody else would do the same.

When Tories disagree who shall decide? is a question that might be asked if the disagreement were a serious one, but it does not appear to be of that nature. If the Conservatives themselves are not capable of settling it, we have long since learned that it is positively no use giving them advice. Judging from general expressions of opinion, Dr. Mason will be elected by a handsome majority. Being the choice of the convention, a resident of the riding, and a capable man, it is difficult to see how the result can be otherwise. Mr. Gordon is known as the President of the Canadian Land and Immigration Company, which hold under crown patents 300,000 acres of well timbered lands in Dysart and eight adjoining townships. The company, in 1881, obtained by legal enactment a release from the bond requiring them to put settlers on these lands, build roads, etc., and since that time have, after expensive legal contests, forced outrageously unfair agreements upon the settlers and compelled them to pay nearly one half of the entire taxation of the 300,000 acres. The company has recently attempted to force another agreement upon the municipalities for the term of 25 years. It is clear enough that Mr. Gordon has a good sized axe to grind in connection with these lands, and his desire to become member for the local House is easily explainable. The election takes place on Tuesday, May 25th.

There were about a hundred guesses, the highest being 200 lbs. and the lowest 65. Mrs. Gamsby, being the first to guess the correct weight, received the handsome gold watch offered as a prize.

#### Baddow.

(Correspondence of the Gazette.) Owing to the rain in this vicinity, the farmers are very much behind with their seeding. Mrs. Gatchell, of Copper Cliff, has been visiting her mother, Mrs. J. Butler, for the past month. Mr. T. and Miss Altha Watson and Mrs. Phillips, of Cobocok, spent Sunday in Baddow. Mr. James Butler spent a few days at Woodville last week. Mr. J. Burness and Mr. H. Wilson, of Rosedale, visited Baddow on Sunday. Miss Ola Townsend spent Sunday at Burnt River. Mrs. A. Burnett entertained a number of ladies at a quilting bee on Thursday afternoon. Mrs. Robson, of Fenelon Falls, called on Baddow friends last Friday. Miss Alice Henley spent a few days with her sister, Mrs. Joseph Griffin. Mr. and Mrs. Braw, of Cobocok, called on Mrs. G. Goodhand this week. Miss Annie Cochrane is visiting her sister, Mrs. J. Wilson. Miss Annie Nic remained in Baddow over Sunday. The farmers in this vicinity are wishing for fine weather, so that they can set their horses to work. While Mr. W. Wilson was driving home with a load of hay his horses became unmanageable and ran away, upsetting the load and doing considerable damage, while Mr. Wilson lit in a cedar tree. Mr. Fred Watson's team also ran away, and broke the waggon, but fortunately nobody was hurt.

Bulk tea may leave the dealer a larger profit, but "Sah Lu" Tea (packed in sealed lead packets) leaves a lasting and favorable impression upon the palates of all giving it a trial. Hence its enormous sale.
