### Good Roads Important.

The many recent successful flights of airships—of which Count Zeppelin's journey of 850 miles is the latest—have a tendency to create a feeling of more or less discontent with present-day methods of locomotion, the best of which seem slow and toilsome compared with the anticipated delights of aerial navigation. Still, it must necessarily be many years yet before anybody but a very favored few can afford to strike the country road off his list of necessities, and this being the case, the improvement of the roads of the country is not only worth considering, but is of great importance. The loss by poor roads has become so well recognized that it is no longer disputed, and municipalities everywhere now are studying only how to get good roads. Prof. Campbell, who is probably the most reliable authority on the subject, in a recent address emphasized the importance of drainage in road construction, from which it would appear that drainage is not always given the attention it should have. Prof. Campbell says:

"I have figured the principles for good road building down to three. The first is drainage, the second is drainage, and the third is drainage. That is all there is to it. As long as the water remains in the road foundation it is useless to try to build a road over it. The three principles work as follows: Place tile properly so as to drain foundation; then give the road a crown so as to shed the water to gutters which lead to catch basins, thus disposing of it quickly; and then place impermeable material over the surface so hard as not to absorb water, but shed it. If these principles are not carried out, any kind of permanent surface will be destroyed. On each side of the road place a tile drain in a narrow trench four feet deep, and cover with stone, gravel, sand or other porous material. Next you should crown your road. This requires proper machinery; but unless you have a man who properly understands the machines, you are better off without them."

### Village Council.

Fenelon Falls, June 1st, 1909.

Court of Revision met. The following members took the necessary oath of office and took their seats: Dr. Gould, J. McFarland, S. Corbett, A. V. Northey and S. J. Sims.

Moved by J. McFarland, seconded by S. Corbett, that Dr. Gould be chairman of the court of revision.

The following appeals were taken up: Mrs. S. Swanton, assessed too high.

McFarland—Corbett,—that the assessment of Mrs. S. Swanton be confirmed.

Patrick Cook, assessed too high.

McFarland—Corbett,—that the assessment of P. Cook be confirmed.

Sims—Northey,—that Wm. Webster be assessed as owner of 7, E of C, N, of B, instead of F. McDougall.

Sims—Northey,—that A. Wilson be assessed as tenant of c pt. W of C, N of F land \$200, building \$500, business tax \$245, and A. Wilson and Mrs. E. A. Moynes be assessed for dwelling on c pt 1, W of C, N of F as tenants, land \$200 and buildings \$300, and the name of A. Wilson as tenant be struck off pt 1, E of C, N of F.—Cd.

Sims—McFarland,—that the following additions be made to the assessment roll in column 18:

Presbyterian church ..... \$5000 00

Baptist church ..... \$8000 00

Methodist church ..... \$5000 00

English church ..... \$5000 00

Roman Catholic church ..... \$2000 00

Salvation Army ..... \$1500 00

Public School Board ..... \$8600 00

and that the roll as now revised be confirmed and this court of revision be now dissolved.—Cd.

Council met for general business. Minutes of two previous meetings read and approved.

McFarland—Corbett—That this council accept Geo. Martin's offer for good sound cedar plank, 2 in. thick, at \$20 00 per M., 8, 10, 12 ft. long. Also two or three M. feet 3 in. tamarack for crossings, at same price, say 16 ft. long.—Cd.

Sims—Corbett,—that the reeve sign orders for the following accounts:

R. Lodge, work ..... 75c.

N. Kelly, work ..... 75c.

expenses equalizing assessment, \$1.00

J. Jones, salary ..... \$27.50

Corbett—Sims,—that we make application for the use of the county stone crusher as soon as it can be had.—Cd.

Mr. McFarland voting against it.

Considerable discussion re cement walks and it was decided that if no petitions were presented the council would take the initiative at the next meeting.

### Verulam Council.

The Verulam Council met at the Town Hall, Bobcaygeon, on Tuesday, the Reeve, E. Tiers, Esq., in the Chair, and all members present. The Council first met as a Court of Revision, Mr. John Mitchell, on motion of Messrs. Brooks and Green, acting as Chairman.

The Dunsford and the Burnt River Telephone Companies appealed, on the ground that they were under 25 miles and party lines.

On motion of Messrs. Tiers and Green the Dunsford Co'y was reduced to 11 miles and at \$200 for main line between Dunsford Central Office and Bobcaygeon.

On motion of Messrs. Tiers and Brooks the assessment of Burnt River Co'y was written off.

A few changes were made of owners, tenants, sons, etc. and the Court adjourned till the 29th.

In regular session the Reeve took the Chair.

Mr. McIlmoyle wished to cut wood off side line between 25 and 26 Con 10, and on motion of Brooks and Mitchell it was referred to Div Commissioner.

A petition was presented asking for a survey between concessions 4 and 5 across lots 1 and 2, and on motion of Lewis and Green, the Clerk was instructed to obtain copy of the field notes of original survey, and ask Messrs. Parker and English to attend next meeting of the Council.

Mr. English complained of having a heifer calf worried and killed by dogs, and the complaint was duly filed.

Claims were made for compensation by Thos. Thurston on one sheep and one lamb, and by Joseph Curtis on three lambs, killed by dogs unknown, the former valued at \$13 and the latter at \$10.

The Clerk was authorized to communicate with Sawyer and Massey re a claim of \$20.50 on Crusher.

Messrs. Tiers and Green, deputed to inspect the cement bridges and culverts in Mariposa, reported being fully convinced of the economic value of such structures.

On motion of Messrs. Isaac Lewis and Geo. Brooks, the Reeve and Mr. Green were commissioned to rebuild the Martin creek bridge.

On motion of Brooks and Green it was decided to purchase a small wheel scraper and two iron scoop barrows.

The Clerk reported that on the 11th inst. in company with John McDonnell Chas. Fairbairn and Geo. Smith O. L. S. he had attended at the side line between lots 9 and 10 Con. 19 to ascertain whether the pine post shown on field notes and used by Jas. Dickson O. L. S. in his survey in Dec. 1908 was a centre post as declared by Chas. Fairbairn or the corner post of lot No. 9. They had taken pieces of post preserved and upon setting up the letter 'R' showed on the North side and west side and on the south side although very indistinct the marks were still visible showing N IX which Mr. Smith accepted as proving beyond a doubt that the pine post was the corner post of lot No 9, and not the centre of side line.

It was accordingly resolved, on motion of Green and Lewis, that the Clerk be instructed to write John McDonnell a notice to remove his fence off side line 9 and 10 con 19 forthwith, and in case it is not done, then the Com. be instructed to have him remove same at Mr. McDonnell's expense.

The Clerk reported on the return of W. A. Devitt, an alien, by U. S. Immigration officials.

On motion of Messrs Lewis and Mitchell, the account of the clerk, for D. Sidey nursing W. A. Devitt at Rockland, \$3, hotel board \$1.50, Clerk, time and horse-hire, \$2, reeve, removing Devitt \$1.50, was ordered to be paid, and the clerk instructed to forward the account for payment to R. C. Devitt.

The price per day for rent of stone crusher was fixed at \$5, expenses of operator and power extra, parties renting to be responsible for all breakages while in their charge.

On motion of Messrs Mitchell and Lewis, the clerk was instructed to notify the Provincial Department that as the relatives of W. H. Perryman were sufficiently able to pay for his maintenance in the asylum at Mimico, the Council decline any responsibility for his further maintenance.

On motion orders were passed for the following:—

A. Dunsenth, salary as assessor.. \$80.00

Equalizing 3 U. S. Sections.. \$12.00

Thos. V. Thurston 2-3 claim for sheep .. \$8.66

Joseph Curtis, 2-3 claim for sheep, \$6.66

W. J. Thurston, chain block and crusher, .. \$14.95

The clerk, expenses, W. A. Devitt \$8.00

E. Tiers for himself and Wm. Green inspecting concrete bridge .. \$3.00

etc. .. \$2.00

Clerk, I. Lewis attending survey.. \$2.00

On motion of Mr. Brooks, council adjourned to Tuesday, June 29th.
