

WOMEN'S INSTITUTE MEETINGS.

The annual summer series of meetings of the East Victoria Women's Institutes will be held at Cameron on June 9th, at Fenelon Falls on June 10th, at Bobcaygeon on June 11th, and at Omenace on June 12th. Meetings to be held at two o'clock. Miss M. Yates, of the O. A. C., Guelph, will be the speaker at the meetings, and music will be provided. The district meeting for the election of officers will be held at one o'clock.

MONTHLY SALE.—At the Aldous Repository, on Tuesday, the 8th inst., a good list of articles will be offered by Mr. Cashore. See bills, and advertisement in another column.

ST. ANDREW'S CHURCH.—On Sabbath next, Rev. C. S. Lord, B. D., will continue his lectures on Daniel. Subject "A Forgotten Dream." Evening topic, "Is Churchgoing Worth While?"

SUCCESSFUL SOCIAL.—The social held by the Ladies' Aid of the Methodist church on Friday evening last was very successful, all enjoying the entertainment provided by the gentlemen and the refreshments by the ladies. Over \$17 was realized.

WOMEN'S INSTITUTE ELECTION OF OFFICERS.—At the annual meeting of the W. I. on Friday last, Mrs. (Dr.) Gould was unanimously re-elected president, and Mrs. D. Jewell was elected secretary-treasurer. A good paper on "Sanitation" was read by Mrs. W. Burgoyne.

FIFTY YEARS MARRIED.—Mr. and Mrs. Emmanuel Smithram, formerly of Fenelon township and now of this village, celebrated their golden wedding on May 28th, Friday last, and their numerous friends hope that they still have many years of happy wedded life before them.

TENNIS COURT.—Mr. John Jones is busy getting ground ready for a tennis court on the market square, next Francis street. Operations are being hurried along as rapidly as possible, but it will be some little time before the court will be ready for players. There will be room for three nets.

A DISTINGUISHED VISITOR COMING.—Mrs. Goforth, of Honan, who, with her husband and family, passed through the horrors of the Boxer uprising in China some years ago, is expected to visit the Falls at an early date. She will be a guest at the Manse, and will address audiences in the Presbyterian church on Sabbath, June 20th.

A HANDSOME CHAIR.—Mr. J. H. Stanton has lately added to his studio a very handsome studio chair, made of solid oak and artistically finished with hand carving and grained leather. The chair is the best and most expensive made for this purpose, and will improve the scenic effects in photographs turned out from this studio, which already has the best of reputations for high-class work.

BIG EGGS.—On Friday last Mr. Thos. L. Junkin, of Verulam, presented us with three mammoth eggs laid, on three consecutive days, by a Minorca hen in his possession. The largest of the three eggs weighed exactly four ounces, and each of the other two was very nearly as heavy. As far as we remember, only one of the big eggs brought, from time to time, to the Gazette office exceeded four ounces in weight, and that was only by the merest trifle.

TOOK A FIT.—Mr. Geo. Hughes, of Somerville bought two pure bred cows from Mr. John Graham of Blythe last week, and while driving them home, one of the animals "stampeded," foamed at the mouth and was with much difficulty kept on the road to Mr. Hughes' farm. She was left at Mr. Albert Hughes' in the evening, and next day an attempt was made to continue the journey, but when trying to drive her she turned on Mossom Hughes, and in jumping over a large brush pile to get at him, she fell, and died in about fifteen minutes. No cause is known for the mishap, as the animal was apparently all right when she left Mr. Graham's ranch.

A GOOD RECORD.—Mr. Alex. Dunseath of the township of Verulam, while in town the other day informed the Gazette that he had put in alone, without any help fifty acres of crop, this spring, a pretty tidy chore for a man of his age, which is 70 years. He has also a good record in other directions, having assessed the township of Verulam for 22 years without a single appeal, a performance which is pretty safe to say has never been duplicated. He has driven the same horse, "Old Tom," for 21 years, another unusual performance. Mr. Dunseath has been one of the Gazette's most valued subscribers for something like the same time, which will help to account for, if not altogether explain, his enviable record and his present vigorous state of health. He looks good for many years of active work yet.

EXPLOSION.—Mrs. O. Miller, who is living on Mr. Geo. Martin's farm about two miles from the Falls, had a rather unpleasant experience on Sunday morning last. While working at the kitchen stove there was an explosion, which blew the stove doors open and the lids off, and scattered ashes and coals around, but fortunately did no further damage. An investigation showed that a stick of wood had been loaded with gunpowder. A hole about a half an inch in diameter and eight inches long had been bored into the stick, and powder put in, tamped down, and the hole plugged with wood. The hole had been made rather close to one side of the stick, which probably accounted for the explosion not being very violent. The stick had been lying in the wood shed for a long time, and it is difficult to account for its presence; but it is evident that somebody had been laying plans for a surprise party. There was powder enough in the stick to have done serious damage if under more favorable conditions.

COMERS.—Ever since the fine weather made up its mind to stay for a while a number of youthful emulators of Longboat, Shrubbs, St. Yves and Svandberg have been running races at various distances almost every evening, and some of them have shown that they can get over the ground at a rate of speed considerably higher than ordinary. At the agricultural grounds a few evenings ago Ted Heard went ten miles in one hour and five minutes, which is pretty good time for a lad of fifteen years. In addition to being celebrated as the home of hockey players, big fish and pretty girls, the Falls now has visions of becoming famous as the birthplace of the world's champion runner.

Rev. Dr. Linseott's Suggestive Questions on the Sunday School Lesson for June 6th, 1909.

The Power of the Tongue, James 3: 1-12.
Golden Text—Whoso keepeth his mouth and his tongue keepeth his soul from trouble. Prov. 21: 23.

This chapter continues the thought of last week's lesson, based on the previous chapter.
Verse 1—What class of persons are most likely to want to rule, or be "masters," those engaged in good works or those who neglect them?

Will one who is in rapt love with his fellows want to rule them, or will he judge them harshly?

Unfaithful Christians always put up a high standard for others; what effect will that have upon the standard with which God will measure them? (See Matt. 7: 1-5.)

Verse 2—How much of our trouble and how much of the trouble we make for others is caused by our tongues?

If a man does not do any harm by his words, is he very apt to do any otherwise?

If a man says hard and unkind things about his neighbors, and intentionally wounds the feelings of others by his words, is he necessarily a bad man?

Is the control of the tongue the key to the control of the entire man?

Verse 3—It takes an iron bit to control a horse, what is the "bit" that will effectually control the tongue?

IN WHAT RESPECT IS AN UNGOVERNED TONGUE LIKE A RUNAWAY HORSE WITH A BROKEN BIT, AND WHAT ARE GENERALLY THE RESULTS IN EACH CASE? (This question must be answered in writing by members of the club.)

Verses 4-5—Is it actually so, that the tongue is to the man what the rudder is to the ship, that is, does the tongue govern the influence of the man?

Is it necessary at all times to watch our tongues, compelling them to refrain from wrong words, and to use right words; just as the man at the wheel of a ship controls the rudder with vigilant watchfulness?

Is the tongue capable of setting a church or a neighborhood all ablaze with scandal, just as a match may set fire to a city?

Verse 6—What are some of the many "iniquities" which the tongue can cause?

Can you recall and mention some of the moral poison emitted by an evil tongue?

Do persons with an evil tongue always draw their information from "hell"?

Verses 7-8—Man can do very wonderful things in training animals and controlling the forces of nature, but cannot "tame" the human tongue, nor destroy its poison; to whom may we apply to have this effectually done?

Verses 9-12 if a man uses his tongue both for bad and for good, for "blessing and cursing," does this not stamp him as a rank hypocrite?

Is it possible for a person with an evil tongue to be at the same time well pleasing to God?

NEWSPAPER LAW.

1. A post-master is required to give notice by letter (returning the paper does not answer the law), when a subscriber does not take his paper out of the office, and state the reasons for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrearages, or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until the payment is made.

3. Any person who takes a paper from the post-office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay.

4. If a subscriber orders his paper to be stopped at ascertain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it from the post-office. This proceeds upon the ground that a man must pay for what he uses.

5. Courts have decided that refusing to take newspapers and periodicals from the post-office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.
