#### Who Are They?

"The greatest result that could flow from the Imperial Press Conference in London would be a resolution on the part not only of those participating, but of the thought leaders of the Empire at large to discourage the publication of sensational war scare matter," remarks an exchange. Quite true, but who are the thought leaders—outside of a few of the press delegates, of course? Some of the men popularly supposed to be leaders of thought couldn't lead anything without the assistance of a pull.

In this connection the following from the Montreal Witness is interesting: "The journals of Lord Northcliffe were the chief sinners in creating the German scare in Great Britain, and one of the richest pieces of burlesque that has ever been seen on the world's stage was that gentleman's reproof of his countrymen—sent over from Berlin—for their hysteria. Now it seems the distraction is subsiding, even in half-pay-officer clubland and among the tariff reformers. Some of the latter indeed are accused of having started the craze of malice prepense, and with their tongues in their cheeks, for the express purpose of scaring the country into protection for the benefit of the privileged classes."

#### The Dirt Peril.

The Home Journal says: "Considerable fuss has been made over the 'yellow peril.' The danger of unrestricted immigration into this great country does not lie so much in what the immigrants may be willing to take for a day's wage as in allowing them to bring with them the habits of life and thought that are not in keeping with our ideals of our civilization. In all our foreign cities we are encouraging foreigners to establish colonies in which they live as they have been accustomed to live in the overcrowded countries from which they have come. We will learn our lesson, as these crowded, congested settlements breed disease and crime, and will, when we finally awaken, forbid the huddling of human beings in tenements like vermin. It is not too much to ask those who make this country their home to live like civilized beings, and it is none too soon to ask our legislature and municipal councils to provide machinery to prevent these strangers either falling victims to the greed of unscrupulous landlords, or following their old world ways."

The low wages and the huddling in tenements are inseparable. Any attempt to make these immigrants live like "civilized beings" would have to be accompanied by an increase in their wages, and raising their wages would check their immigration, if not stop it altogether, as one of the principal reasons they are brought to this country is that they work for less pay than otherwise more desirable classes do.

#### Rural Telephone a Good Thing.

A tramp is under arrest near Gananoque charged with assaulting women. His capture was effected largely through the use of the rural telephone system. This furnishes another example of the ways in which rural telephones may prove useful. The advantages of having a phone in the house are so many that it is hard to understand why a greater number of farmers do not install them. City and townfolk use telephones to talk to people only a few steps away, while some farmers will hitch up and travel miles to do a little business that might be transacted over the phone in a few minutes. The expense of course is an item that prevents the more general use of the phone, but anyone who can at all afford to do so should have one. The time saved will soon pay for it, to say nothing of the use it may be in emergencies.

#### Hymeneal.

A pretty house wedding took place at Fenelon Falls on June 16th, at the residence of Mr. and Mrs. H. B. Raby, when their eldest daughter, Ida Mai, was united in the holy bonds of matrimony to Mr. Clinton Wagg, of Stouffville.

At four o'clock the bridal party took their places to the melodious strains of Mendelssohn's wedding march, played by Miss Redia Wagg, sister of the groom. The bride, who was given away by her father, was charmingly attired in her travelling suit of Copenhagen blue, worn with a dainty fillet net lace waist, richly embroidered, and carried in her hand a shower bouquet of bridal roses. The only ornament worn was a handsome gold watch and chain, the gift of the groom. The hat, which matched the suit, was very becomingly trimmed with rosettes of ribbon, white lilacs and roses.

Miss Pearl, sister of the bride, was bridesmaid, and wore white silk mull, while the groom was supported by his brother, Mr. Austin Wagg. The ceremony was performed by Rev. W. J. M. Cragg, of Fenelon Falls.

FLOWER SERVICE.—A flower service will be held on Sunday morning next, in the Methodist Church, commencing at 10.30, for the children.

THE 45TH.—The drill of the 45th broke up at Sturgeon Point on Thursday last with a sham battle, which was witnessed by quite a crowd of interested spectators. Photographer Stanton has some good photos, including officers and men.

ST. JAMES' CHURCH.—On account of the Rector being unexpectedly called away, the celebration of Holy Communion will be postponed until some future date. Rev. A. Creighton, of Lindsay, will conduct services during the Rector's absence.

THE HIWATHA.—Mr. T. Cashore has finished painting and overhauling his steamer the Hiwatha, and has made a great improvement both in her appearance and convenience of arrangements. Mr. Cashore contemplates getting a charter to carry passengers.

CUT THE WEEDS.—The weeds in the streets should be destroyed without delay. One of the worst weeds in the country, the yellow dock, is quite plentiful all over the village, and is rapidly maturing its seed. This weed should be pulled up by the roots. Neglect will ensure a bountiful crop of it next year.

GOLD MEDAL FOR ENGLISH.—Miss Genevieve Twomey, who for the past year has been attending Loretta Academy at Guelph, has succeeded in winning the gold medal in English, donated by Father Craven of Toronto, in a large class from all parts of the province. Miss Twomey's many friends here will be pleased to hear of her well-deserved success.

BETHEL GARDEN PARTY.—This evening (Friday) there will be a garden party held at Bethel Methodist Church on the Bobcaygeon Circuit, under the auspices of the Epworth League and Sunday School. Music will be rendered by the Chambers Orchestra and others. Ice cream and other refreshments will be served. Admission to grounds, 10c. Programme to commence at 8 o'clock sharp.

STRAWBERRY FESTIVAL.—Remember the date of the strawberry festival at Mr. W. L. Robson's—Tuesday, July 6th. The ladies of St. Andrew's Church will serve tea from 5 to 8 o'clock. A good programme will be rendered. Ice cream, confectionery and fruit will be for sale during the evening. Admission to grounds and tea, 25c., children 15c.

UNION S. S. PICNIC.—The annual excursion and picnic of the Sunday Schools of the Baptist, Church of England and Presbyterian Churches of Fenelon Falls will be held on Wednesday, July 21st, to Sandy Point, Ball Narrows, per steamer Otonabee. The boat will leave the wharf at 7.45 a. m., and will call at the upper wharf at Sturgeon Point. Tickets for the round trip, adults 50c.; children under sixteen not belonging to the Sunday school, 25c. All cordially welcome.

METHODIST S. S. EXCURSION.—A rumor was current during the week that there were a great many cases of smallpox at Peterboro, and that on this account the Methodist Sunday School excursion to that city had been cancelled. A phone message from Mr. John Nugent formerly of the Falls, says that there is absolutely no danger from smallpox, and that excursions are coming to Peterboro every day. The Methodist excursion from here will accordingly take place on July 5th, as advertised. Fare for the round trip only 85c., less than half regular fare.

ST. ANDREW'S CHURCH.—The members of Spry Lodge A. F. and A. M. G. R. C., attended service at St. Andrew's Church on Sunday morning and listened to a good sermon by the pastor, Rev. C. S. Lord, from the text "Quit you like Men," (1st Cor. 16th Chap., 13th verse).

On Friday evening a preparatory communion service will be held at 8 o'clock. Both adult and infant baptism will be administered at this service. On Sunday the Lord's Supper will be celebrated, at 10.30. The subject of discourse in the evening will be "Only Half Baked" (Hosea 7: 8).

#### The Gypsies.

Peterboro Review: While in Toronto yesterday in connection with the meeting of the municipalities to look into the claims of the firm claiming royalties on the septic tanks in use in different parts of the province, city solicitor Hall and Ald. Phelan, accompanied by Mr. T. E. Bradburn, M. P. P., waited on the Attorney-General in regard to deportation of the gypsies under arrest here. The department is taking an active interest in the affair and the local situation was thoroughly explained to the Attorney General by the Peterboro gentlemen. The Provincial government has taken up the matter with the Dominion Government in regard to having the gypsies deported.

Peterboro, June 29.—Warden Scott and the local authorities are very indignant over what they consider the discourteous treatment received at the hands of the Attorney General's Department in the matter of the Mexican gypsies arrested on June 21. When the Warden heard that the gypsies were in this county he communicated through the Crown Attorney with the department. Detective Greer came down and suggested as a convicting medium the Smith township by-law covering trespassing on highways, and asked the Warden to notify the department when the gypsies entered the township. This was done. Detectives Greer and Miller came down and accompanied the arresting party fifteen miles. The gypsies were given a hearing that same afternoon, and the Magistrate could not have disposed of the case then, but the detectives requested a remand to procure evidence. The males were lodged in jail, while the women and children were placed under guard on the outskirts of the city. Yesterday afternoon Magistrate Edmond resumed the hearing. No representative of the Attorney-General's Department was present, and the answer received to the telephone message was that it would have no more to do with the case. The Magistrate had little trouble in making a conviction, as he could have done a week before, and the fines aggregate \$150, which were paid and the gypsies ordered to leave the limits. The whole band left this morning.

Post:—Alderman Robt. Hicks, of Peterboro, accompanied by Mrs. Hicks, and Miss K. Menzies, visited Lindsay last evening in their auto car. The alderman is general manager of the Otonabee Navigation company, and visited town for the purpose of booking a number of excursions from this port on the company's modern steamer, the Otonabee. An effort will be made to run three excursions from Lindsay and one from Fenelon Falls, which would keep the boat in these waters for a week. In conversation with a Post reporter, Mr. Hicks said that it was the intention of the company he represented to build a large steamer this winter and place it on the local waters. They had all the business they could well handle at Peterboro, and had decided to cater to the tourist and excursion trade in Lindsay and surrounding points.
