

A GOOD START.

A Cardinal Young Man's Good Fortune.

Mr. David Magee, whose photo appears below, is a clerk employed in the Grocery and General store of F. F. Adams at Cardinal, Ont. This young man has just won a cash prize of Seven Hundred dollars offered by the Orange Meat Company of Kingston, Ont., to the person sending in the largest number of carton bottoms cut from Orange Meat boxes in their annuity contest closing May 31, last. Mr. Magee sent in 2612 counts, carrying off First Prize, which was a life annuity of Fifty-two Dollars or Seven Hundred dollars in cash. Mr. Magee elected to take the cash, and with this money he intends opening a grocery business, with a friend in the city of Winnipeg.

Mr. B. Crooks of 340 Alexander Ave., Winnipeg, was the winner of the One Hundred dollar prize. There were prizes aggregating thirteen hundred dollars cash, distributed on June 16th last, to the fortunate winners. The Orange Meat Company have started an other similar contest closing on November 30th next, and in addition to the prizes given in the last contest they have added two Fifty dollar and one hundred One Dollar Prizes. Send your name and address to Orange Meat, Kingston, Ont., and commence saving Orange Meat carton bottoms at once.

SOLDIERS OF FORTUNE

KING LOUIS' SWISS GUARD OF 5,000 SLAUGHTERED.

Revolting Massacre Perpetrated by a Former Sultan of Turkey.

When Yildiz Kiosk surrendered to the Young Turks the other day, the Sultan's Albanian bodyguard got off much more lightly than has usually been the case aforesaid in regard to the private mercenaries of other despots under similar circumstances. There were altogether five thousand of them, and of these fewer than five hundred died fighting, while at least four thousand of them surrendered at discretion. Compare this with the fate of King Louise the Sixteenth's Swiss Guard at Versailles during the first French revolution. There were five thousand of these also, but none surrendered when the bloodthirsty mob of armed revolutionists burst into the palace.

NOR WERE ANY SPARED.

When the day's fighting ended at evening, there were five thousand dead bodies where that number of living men had been when morning broke. When Mahmoud, the Afghan invader, made himself master of Ispahan, the Shah's guard of 3,000 men deserted their master and went over to the conqueror. He took them into his pay, but a day

or two afterwards he altered his mind and had them all put to death. An even more revolting massacre was that perpetrated by a former Sultan of Turkey, also strangely enough named Mahmoud, upon his bodyguard of Janizaries. He owed his throne to them, but he feared them nevertheless and resolved to suppress them.

SULTAN UNFURLED BANNER.

A mutiny was accordingly excited amongst them, and then, in accordance with a pre-arranged plan, the Sultan himself unfurled the sacred green banner of Islam, and led his regular soldiers against them. At least 20,000 were mown down with grapeshot. Another still more dreadful occurrence of the kind was brought about through the massacre, by the people of Nishapur, of the private bodyguard of Genghis Khan. The Tartar invader, in revenge, carried fire and sword throughout the district, killing no fewer than 1,747,000 human beings.

SENTENCE SERMONS.

Saintliness is measured by service. The crooked life is always well oiled. Prayer without labor means paralysis. Some people hope to get into heaven by looking for hell. You cannot wed vanity without being divorced from sincerity. A saving faith is a faith that makes the world seem worth saving. The mark of a free man is that he binds himself to some high duty. Grafting is simply the difference between the get life and the give life. The man who despises his brother usually has some boss before whom he grovels. Covering your neighbors with lampblack will not react with whitewash on yourself. You never know how much good there is in men until some dark day falls on us all. You may know what a man really thinks of his Father by what his children think of him. Where the collection is the life of the church the church makes a poor collection of lives. No man knows anything about the divine friendship who does not exhibit human friendliness. The devils you entertain in the dark take good care to start up an illumination on their own account.

Relief for the Depressed.—Physical and mental depression usually have their origin in a disordered state of the stomach and liver, as when these organs are deranged in their action the whole system is affected. Try Parmelee's Vegetable Pills. They revive the digestive processes, act beneficially on the nerves and restore the spirits as no other pills will. They are cheap, simple and sure, and the effects are lasting.

How we enjoy seeing a man get the worst of it when he tries to get the best of others.

In the causes of infant mortality cholera morbus figures frequently, and it may be said that complaints of the bowels are great destroyers of child life. If all mothers would avail themselves of so effective a remedy as Dr. J. D. Kellogg's Dysentery Cordial many a little one could be saved. This Cordial can be given with safety to the smallest child, as there is no injurious substance in it.

NO MONEY TO BURN.

"The meanest man we ever had in our town was Jake Bond," said Mr. Wilson, with an air of finality. "Yes, sir, he was the meanest. Ever hear what he used to do with the fire his last days, when he was so riddled with rheumatics he couldn't get out?" "No," said the new carpenter, "I haven't heard that yet." "Time you did," said Mr. Wilson, "an' I'll tell ye. He was so full o' rheumatics that the doctor allowed the only way he could get rid of any of his pain was to sit right in front o' the fire, close to, and see if the heat wouldn't try some o' the pain out o' his bones. "Well, sir, he couldn't move round, so the woman that took care of him would put his chair close to the fire, and there he'd sit. An' by his side he kept a mop an' pail o' water. An' when he saw the fire getting a mite beyond the pint where he felt 'twas needed, an' saw a real lively flame busting up, he'd out with that mop from the pail, and souse it right on tor the stick o' wood that was too forthputting. "I've sat there side o' him and seen him do it. "Yes, sir, here in Cedarville we considered him the cap-sheaf for lighness; we cert'nly did."

NOT A RAILWAY SERVANT.

"What is your trade?" said the lawyer to the witness. "Platelayer," replied the man. The lawyer asked him a host of other questions, then harped back again to the subject of his employment. "I understand you work on the railway, my man?" "Oh, no, I don't," replied the witness. "But you just said you did," persisted the lawyer. "Beg your pardon, I never said anything about the railway." "Come, come, don't trifle with the Court, my man. You said you were a platelayer." "Well," replied the witness, imperturbably, "isn't a waiter a platelayer?"

WAS ALL IN.

A Young Toronto Business Man Tells What He Thinks of Tonicine. Toronto, July 3rd, 1909. 15 Northcote Ave. The Tonicine Company, Limited, Toronto.

Dear Sirs,— Will you kindly send me by return mail another 50c. box of Tonicine, as I have received very great results from the first box, which I have just finished. For a long time my system has been run down, being subject to stomach trouble and having impure blood. After taking Tonicine for two or three days I felt much better. I feel quite sure that this box will fix me up, although I will always keep a small quantity of your pills on hand. Yours very truly, GEORGE BARTLETT. Tonicine, the great Heart and Nerve Tonic, has now been serving the public for the past fourteen years, and is for sale by all high-class druggists or send 50c. direct to The Tonicine Company Limited, 15 Victoria St., Toronto.

HOPEFUL.

Do your work a little better than the other fellow and some morning you'll wake up and find yourself boss.

HUNDREDS OF OPINIONS agree upon the fact that Painkiller has alleviated more pain than any one medicine. Unequaled for diarrhoea and dysentery. Avoid substitutes, there is but one "Painkiller"—Perry Davis'—25c. and 50c.

UNCHANGED.

So far as we are able to judge, the fishing this year is no better than it was last year, and the big ones are getting away just as often.

Thos. Sabin of Eglinton, says: "I have removed ten corns from my feet with Holloway's Corn Cure." Reader, go thou and do likewise.

"Didn't you say six months ago that if Miss Porritt wouldn't marry you you would throw yourself into the deepest part of the sea? Now, Miss Porritt married someone else three months ago, and yet you haven't—" "Oh, it's easy to talk, but let me tell you it's not such an easy matter to find the deepest part of the sea."

Don't experiment with unsatisfactory substitutes. Wilson's Fly Pads kill many times more house flies than any other known article.

Men who know themselves are often suspicious of others.

AS A LAST RESORT.

Uncle—"Johnny, wouldn't you like to be an angel?" Johnny—"Not as long as there's a show for me to become a baseball pitcher or a circus clown."

Wilson's Fly Pads, the best of all fly killers, kill both the flies and the disease germs.

THE BEGINNING.

Willie—"Mamma, how do wars begin?" Mamma—"Well, suppose the Germans hauled down the British flag and that the British—" Papa—"My dear, the Germans would not—" "Excuse me, they would—" "No, my dear, who ever heard of such a thing?" "Pray do not interrupt—" "But you are giving Willie a wrong idea—" "I'm not, sir." "You are, madam." "Don't call me madam. I won't allow you." "I'll call you what I choose." "I'm sorry I ever saw you—you are so—" "I think I know how wars begin," broke in Willie.

WORLDLY WISE.

Mr. Rambo—"Did you mean to say dat you done gib me de mitten kase I dressed too neat an' handsome?" Miss Sambo—"Dat's what I mean to say. I like to look at dem good clo'es, but I isn't gwinter take no contrak ter he'p buy 'em foh re res'er my life."

ST. MARGARET'S COLLEGE, TORONTO.

Toronto, with its famous Universities, Colleges, Churches, Libraries, Art Collections and Museums, is the great educational centre of Canada. The pupils attending St. Margaret's College have therefore distinct advantages that cannot be obtained elsewhere. The teachers have the same high academic standing as those in the great Collegiate Institutes. The attendance of pupils is limited; the classes average ten each; personal attention can thus be given to each pupil. Then there is a most thorough Musical Course taught by Canada's greatest Musicians; Art, Domestic Science and Physical Education are also thoroughly taught. To all desiring it an illustrated Booklet will be sent on application being made to the Secretary.

SAFETY.

It's fortunate for the average man that he doesn't know half the things that he would like to know.

Costiveness and Its Cure.—When the excretory organs refuse to perform their functions properly the intestines become clogged. This is known as costiveness and if neglected gives rise to dangerous complications. Parmelee's Vegetable Pills will effect a speedy cure. At the first intimation of this ailment the sufferer should procure a packet of the pills and put himself under a course of treatment. The good effects of the pills will be almost immediately evident.

Lawyer—"I say, doctor, why are you always running down lawyers?" Doctor—"Well, your profession doesn't exactly make angels of men, does it?" Lawyer—"Why, no. You certainly have the advantage of us, there, doctor!"

The microscope in the hands of experts employed by the United States Government has revealed the fact that a house fly sometimes carries thousands of disease germs attached to its hairy body. The continuous use of Wilson's Fly Pads will prevent all danger of infection from that source by killing both the germs and the flies.

"Is your husband all you thought he was?" "Just about. But he doesn't come close to being all he thought he was."

AN IMPOSSIBLE THING to find a plaster equal to "The D. & L." Menthol Plaster, and it is being imitated. Get the genuine. For side aches, backaches, stitches, nothing equals it. Made by Davis & Lawrence Co.

Publicity is an alarm clock that frequently awakens a man's conscience.

Nip Disease in the Bud.—It is difficult to eradicate a disease after it has become seated, therefore it is wise to take any ailment in its initial stages and by such remedies as are sufficient, stop it in its course. Cold is the commonest complaint of man, and when neglected leads to serious results. Dr. Thomas' Electric Oil will cure the severest cold or most violent cough.

"Did papa give you my hand, George?" "No; he gave me his! Look at my eye!"
