Civic Holiday.

A horse race for a purse of \$60 has been added to the programme of sports for civic holiday—Monday, August 9th. The race is open to horses in the 2.40 class. A Marathon race of five miles is another addition. First prize is a gold medal valued at \$15, the second a silver medal worth \$7. The starting point will be the north ward school, thence to the park grounds. Full particulars are in small bills, with a complete list of other sports.

Send The Blind to School.

Principal Gardiner asks the assistance of the Gazette in impressing upon the parents and friends of children with defective sight the advisability of sending such children to the Ontario Institution for the Blind to be educated. The Institution, located at Brantford, and maintained by the Government of Ontario free of charge for board and tuition, is a school for the education of children and youth of both sexes, under the age of twenty-one. It is not a hospital, nor an asylum, nor a home, but a school where children, who cannot see well enough to attend the Public Schools, are given an English education (including music) and taught to do such useful work as the blind are capable of doing. Such education and training must promote the comfort, happiness and independence of those who are deprived of the blessing of sight, therefore the Gazette recommends those interested, to correspond with H. F. Gardiner, Principal O. I. B., Brantford, in time to complete arrangements before the opening of next session on September 22nd.

Farmers Not Slow to Improve Roads.

The Orillia Packet says: "Saturday Night thinks that, in the matter of good roads, the farmers have shown themselves almost unbelievably slow. The charge is utterly without foundation as far as the farmers of East Simcoe are concerned. It took but a short campaign of education to induce them to abandon statute labor and to adopt the county road system. Ever since they have spent money freely and willingly on the roads in this district, both through the County and Township Councils with the result that there has been a complete transformation in the roads during the last ten years. The suggestion that the county should assume control of the leading highways was made by a local farmer, before the Ontario Government announced its road making policy. In fact the first public intimation of the Government's offer to pay a third of the cost of such highways was made by Mr. Campbell at a meeting held at Barrie to urge the County Council to take charge of the through roads. No one could have a keener appreciation of the value of good roads than the late W. A. Trimble, who took an active interest in the campaign for county roads, and also in the agitation for the abolition of statute labour. And there were many other farmers of like mind in this district. The remarkable thing about the road question in this district is not that the farmers are slow in adopting modern methods of road making. They are building good roads as fast as their financial resources will permit. What is remarkable is that city men who own automobiles should think it unreasonable that the farmers who build the roads should ask that their wives and daughters should be given an opportunity to make use of them, even to the extent of having one day a week on which they can drive abroad without fear. These men seem to think that they should receive first consideration on the roads, though they make use of them simply for their leisure. Saturday Night might well turn its attention to bringing these city men to a more reasonable frame of mind."

Among others registered at the Hotel Kawartha this week are Mr. and Mrs. Thos. B. Harvey, St. Louis, Mo.; Chas. E. Verity, wife and family, Brantford; Mr. and Mrs. Chas. H. Mills, Corsicana, Tex.; Henry Craig, Georgetown, Kentucky; Milton Taylor, New York.

Dr. D. McGilivray, Dr. Ogden Jones and Mr. Jos. Kilgour, of Toronto, who are summering near Orillia, passed through on yacht Couchiching on Tuesday for Bobcaygeon, returning the same day.

Messrs. Stewart and A. Augstrom, of Shanty Bay, locked through on Monday and back again Thursday. Mr. John Dickson went up with his yacht from the Point on Tuesday with a party. Dr. Irwin of Lindsay took a party, principally of ladies, up the lakes on Tuesday.

AUCTION SALE.—Mr. James Osborne of Lots 4 and 5 in the 11th Concession of Somerville will hold a sale of all his farm stock, implements and furniture on Thursday, Aug. 19th, without reserve, as he has sold his farm and is going east. Mr. T. Cashore is the auctioneer, and will have a good list to offer. Twelve months' credit, usual terms. For full particulars see bills.

STONE CRUSHER.—The stone crusher which has been working here for the past week was taken away on Tuesday. 110 cords of stone have been crushed, and some of it put on the streets where most needed, at a cost of about 75c. per cubic yard—not much more than half what it is costing Lindsay to have its streets treated in the same way—owing to suitable material being more convenient and the council here taking advantage of a favorable opportunity to have the work done.

THE MONACA CLUB.—The members of the Monaca Rod and Gun Club, of Pittsburg, who have been having their annual outing here this summer, broke up camp on Tuesday and went back to the city taking with them the best wishes of the people of the Falls. The courtesy of the band of the Club has been especially appreciated, both by those whom they kindly assisted in entertainments and by the citizens generally. The band has been very generous with its music, and the music has been first-class. Everybody would like to have the Monaca Club back again next summer.

METHODIST CHURCH.—Next Sunday the Rev. W. P. Woodger of Bobcaygeon, will preach at 10.30 and 7, and Mrs. Stoddard will sing. A successful meeting of the Ladies Aid was held on Tuesday at Mrs. A. Jewell's. A novel method of raising money for renovating and decorating the church was decided on. The members are given cards with spaces to fill, each one representing a cent. When filled the total is \$2, and it is desired to have enough cards filled to make a mile of coppers, or \$633. Last Sunday morning the members of the C. O. F. attended the Methodist Church in a body. An eloquent and appropriate sermon was preached by the pastor, Rev. W. J. M. Cragg. A special feature was a solo rendered by Mrs. Stoddard of Victoria Harbor, which was much appreciated.

FISH.—Mr. Amor, of Hamilton, who is staying at the Brooks House, caught a fine lunge weighing 12½ lbs on Friday. On Tuesday he caught eight bass averaging 2½ lbs the largest weighing 4½ lbs. Dr. Elliott, who is camped near the mouth of the river on Cameron lake, has caught eleven lunge and 12 bass during the past few days. Mr. Ernest Pearce hooked a 12 lb lunge with a Dowagiac bait and light tackle near the power house on Tuesday and landed it safely, but after he had carried the fish up street it gave a flop and drove a hook into one of Mr. Pearce's fingers so deeply that he had to be put under the influence of chloroform while the hook was cut out. In the trout fishing, Mr. J. A. Rogers of New York City reports from Gull Lake a catch of large fish to the limit on four consecutive days. Mrs. Rogers performed a feat to be proud of. She landed what is said by the guides to be the largest trout taken from Gull Lake. It weighed 12½ pounds and has been sent to Peterboro to be mounted.

DOUBLE WIRE TO LINDSAY.—This week a gang of eight or ten men finished double wiring the Bell Telephone Co. line to Lindsay. This will avoid the delays in sending messages which were constantly occurring on account of the single wire not being sufficient to handle the business.

W. A. MEETING.—A meeting of the Women's Auxiliary of St. James' Church was held at the residence of Miss Burchaell on Wednesday afternoon. The president, Mrs. French, gave an interesting account of Mission Work on the Pacific Coast. It was decided to resume the Dorcas work in September.

W. I.—The Women's Institute held a successful meeting on Friday afternoon, July 30th, at the home of Mrs. Jas. Lamb, of Bury's Green. Quite a number of village members drove out to the meeting. There were also several from the vicinity, and a number visitors, making all a large attendance. The meeting was opened by the president, Mrs. Dr. Gould. A very interesting paper entitled "The Life of Edison," was read by Mrs. Wm. Burgoyne. Miss Tilly Patten then gave an instrumental solo, very nicely rendered. Mrs. D. Jewell read an admirable essay on "The Deadly House Fly," which was much appreciated. After the meeting a tempting meal was provided by the hostess and her daughters. The next meeting is to be held at the home of Mrs. A. Minthorne, at Rosedale.

Warm the teapot. Put in a heaping teaspoonful of "Salada" Tea for every two cups. Pour on freshly boiled water and allow to infuse from 6 to 8 minutes. Pour the liquor off the leaves and let cool. "Salada" Tea iced is a most delicious and refreshing beverage. A small piece of lemon will add to its flavor.

Dance Aug. 9.

A grand Dance will be held on the evening of Monday, August 9th, Civic Holiday at the Falls, commencing at 5 o'clock, in Twomey's Hall. First-class music. E. LANCEFIELD.
