Drainage Demonstration.

Mr. D. A. McKenzie, B. S. A., the representative at Lindsay of the Ontario Department of Agriculture, intends holding a drainage demonstration at Fenelon Falls early in September. It is hoped that there will be a good attendance of farmers and others who may be interested, as the information Mr. McKenzie is able to give is of great value. The Post says: "During the summer Mr. McKenzie has surveyed and laid down about 3,000 feet of tile drains in Reabro, 4,400 feet S. E. of Lindsay, and has made preliminary survey of 500 rods at the House of Refuge farm. He has also made preliminary surveys in Mariposa. Farmers are chary about asking him for his services. They expect to be held up for some heavy expenses, whereas Mr. McKenzie is at their disposal without any further cost than his travelling expenses and board. It is a pity farmers do not make more use of his assistance offered them by the government as, the fund of invaluable information to be had would save years of misdirected enterprise and enable the farmer to produce a great deal more from his land. If farmers could only grasp the intensity of Mr. McKenzie's desire to help them, they would lose no time in making his acquaintance."

Autumn Sown Crops.

Prof. C. A. Zavitz, of the Guelph Experimental Farm, is sending out for publication the following interesting report of results of experiments with autumn-sown crops:

Four hundred and ten farmers throughout Ontario conducted experiments with autumn sown crops during the past year. Reports have been received from thirty-six of the counties of the Province. Those counties which furnished the greatest number of good reports of successfully conducted experiments were Middlesex, Huron, Brant, Norfolk and Muskoka. The experimenters deserve much credit for the good work which they have done, not only for themselves but for the farmers generally. Average results of the carefully conducted co-operative experiments with autumn sown crops are here presented in a very concise form.

Winter Wheat.—Four varieties of winter wheat were distributed last autumn to those farmers who wished to test some of the leading varieties on their own farms. The average yields per acre of straw and of grain are as follows: Imperial Amber, 1.4 tons, 24.1 bus.; Abundance, 1.3 tons, 23.9 bus.; Bulgarian, 1.2 tons, 21.9 bus.; and Nigger, 1.4 tons, 21.9 bus. The Imperial Amber gave the greatest yield per acre in the co-operative experiments throughout Ontario in 1907 and in 1908, as well as in 1909. It also came first in popularity with the experimenters in each of these years. The Imperial Amber will again be distributed throughout Ontario this autumn as one of the varieties for co-operative experiments. We distributed the Dawson's Golden Chaff for co-operative experiments throughout Ontario in each of twelve years, but not within the last three years. According to extensive inquiries which we have made this year, the Dawson's Golden Chaff is still the most popular and the most extensively grown variety of winter wheat in the Province.

Winter Rye.—The average yield of grain per acre of each of three varieties of winter rye, distributed in the autumn of 1908, is as follows: Mammoth White, 28.1; common, 22.1; and Washington, 19.6. In the experiments throughout Ontario, the Mammoth White surpassed the common rye by an average of five bushels per acre in 1907, 5.4 bushels per acre in 1908, and six bushels per acre in 1909.

Fertilizers with Winter Wheat. In the co-operative experiments with different fertilizers applied to winter wheat, the average yields of grain per acre for five years are as follows: Mixed Fertilizer, 25.2 bus.; nitrate of soda, 23.3 bus.; muriate of potash, 22.9 bus.; and superphosphate, 22.7 bus. The unfertilized land gave an average of 19.9 bus. per acre. The superphosphate was applied at the rate of 320 pounds and the muriate of potash and the nitrate of soda each 160 pounds per acre. The mixed fertilizer consisted of one-third of the quantity of each of the other three fertilizers here mentioned. The usual cost of the fertilizers as used in this experiment is between four and five dollars per acre.

Fodder Crops. In each of the six years, the seed of hairy vetches and of winter rye has been distributed throughout Ontario for co-operative experiments in testing these crops for fodder purposes. In the average of six years' experiments, the hairy vetches produced slightly the largest yield of green fodder per acre, but in 1909 the largest yield was produced by the winter rye.

As long as the supply lasts, material will be distributed free of charge in the order in which the applications are received from Ontario farmers wishing to experiment and to report the results of any one of the following tests: 1, three

varieties of winter wheat; 2, two varieties of winter rye; 3, five fertilizers of winter wheat; 4, autumn and spring applications of nitrate of soda and common salt with winter wheat; 5, winter emmer and winter barley; 6, hairy vetches and winter rye as fodder crops. The size of each plot is to be one rod wide by two rods long. Material for numbers 3 and 4 will be sent by express and that for the others by mail.

School Board.

Fenelon Falls, August 10th, 1909. Board met at call of chairman, present R. M. Mason, chairman; M. H. McCallum, H. W. Kearns and J. L. Arnold.

McCallum-Kearns—That the Municipal council of Fenelon Falls be requested to levy the following sums for school purposes for the ensuing year. Teachers salaries exclusive of grants, \$2400; secretary and treasurers salaries \$75.00; caretakers salaries, \$125.00; fuel, \$300; repairs and incidentals \$400; new equipment \$200; total \$3500. Cd. Miss McCall resigned as teacher by telegram.

Arnold-Kearns—That the secretary be instructed to advertise at once for teacher. Cd.

Fenelon Falls, August 24th, 1909. Board met at call of chairman; all members present.

Arnold-McCallum—That the correspondence between this board and Miss N. Nixon of St. George's be laid before the Minister of Education with a full explanation of the facts. Cd.

Hymeneal.

A pretty home wedding took place on Wednesday afternoon at one o'clock, at the residence of Mr. and Mrs. John Wilson when their daughter, Miss Mima was married to Mr. Charles Stoddard, of Saginaw. The Rev. W. J. M. Cragg, B. A., B. D., performed the ceremony. The bride wore a handsome wedding dress of cream chiffon Panama, trimmed with satin and buttons. She carried a bouquet of pale pink asters and ferns. Her travelling suit was of raisin shade cloth with hat of panne velvet of the same color. Miss Jennie Wilson, of Lindsay, cousin of the bride, acted as bridesmaid and wore a pretty gown of mauve silk mull. The groom was supported by Mr. Geo. Wilson, brother of the bride. Miss Sabina Martin played the wedding march. The house was beautifully decorated with flowers and ferns and a sumptuous luncheon was served to the guests, after which the bride and groom left on the 5 o'clock train for an extended honeymoon trip before settling in their new home in Saginaw, Mich.

An exceedingly pretty wedding was solemnized on Wednesday afternoon at three o'clock, in St. James' Church, when Miss Helen M. Macdougall, daughter of Mr. and Mrs. Hugh Macdougall, was united in marriage to Mr. George G. Beall, son of Mr. and Mrs. Geo. Beall of Lindsay, in the presence of a large number of friends and relatives. The Rev. C. H. Marsh, Rector of St. Paul's Church, Lindsay, and the Rev. W. H. A. French, Rector of St. James' Church, Fenelon Falls, were the officiating clergymen. The bride, beautifully gowned in a travelling suit of amethyst broadcloth, and carrying a sheaf of bride roses, entered the church on the arm of her father to the strains of Mendelssohn's wedding march. She was attended by her sister, Miss Kathleen Macdougall, as bridesmaid, wearing a pretty dress of white swiss, and by her cousin, Miss Grace Payne, of Campbellford, as maid of honor, in a pretty shell pink frock. The bridesmaid's bouquet was of pale pink chrysanthemums. Mr. Evan Campbell of Ottawa supported the groom. After the ceremony a reception was held at Glenholm, the residence of the bride's parents, where a recherche luncheon was served by McConkeys of Toronto. The usual toasts were proposed and heartily responded to by the guests. The groom's gift to the bride was a beautiful amethyst necklet; to the bridesmaid a pearl crescent pin; to the organist, a lace pin, amethyst and pearl; and to the groomsmen a handsome meerschaum pipe. The happy couple left on the five o'clock train for New York, Quebec and other points. The out of town guests were Mr. and Mrs. Beall, Sr., and Mrs. Geo. Beall of Lindsay; Mr., Mrs. and Miss Grace Payne of Campbellford; Mrs. (Rev.) Vance, Toronto; the Misses Shirley, Alice and Carol Beall of Lindsay; Mrs. Herbert Beall of Ottawa, and Miss Alice McNeillie of Lindsay.

Personals.

Mrs. Jas. Boyd, of Allisonville, Prince Edward, is spending a week here with her sister, Mrs. P. Burgess.

Miss B. Nevison, of Rothburn, Sask., was in town on Monday and Tuesday visiting relatives, and left on Wednesday, accompanied by Miss Ada Mitchell, for a visit to Castleton and Toronto before returning to the West.

Rev. H. B. Kenny, formerly pastor of the Methodist Church here, now of Belleville, left on Thursday after spending a few days with old acquaintances at the Falls.

Mr. and Mrs. B. Colling and Master Cleo, of Belleville, returned to their home on Wednesday after a week's visit with their cousin, Mrs. D. Jewell. Mr. Colling went home the proud possessor of a twelve-pound lunge, caught in Cameron lake, as a sample of the kind of fish taken in the Kawartha Lakes district.

The Swastika Outing Club of Peterborough stayed Friday night in town on their way to Peterboro. This party took a trip to Lake Simcoe and spent a couple of days at Beaverton. All the members report having enjoyed the outing very much.

Mr. Ellsworth Stoddard of Victoria Harbor was in town this week, attending the marriage of his brother, Mr. C.

Stoddard. He left on the afternoon train on Wednesday for home, accompanied by Mrs. Stoddard who has been visiting her parents, Mr. and Mrs. John Wilson.

Miss M. Washburn left on Tuesday to attend the millinery openings at Toronto. The Rev. W. H. A. French, Supreme Court delegate and delegate for North Verulam, left on Wednesday evening to attend the High Court meeting of the I. O. F., of Central Ontario, which was held at Brampton.

Mr. Benjamin Corson, of Toronto, who was at the Falls in 1882, 83 and 84, while the canal was being built, was in town this week.

Miss Violet Prescott, of Toronto, is spending a week with her sister, Mrs. Hayes.

Mrs. Lord, who is visiting her father, Rev. Dr. McLean, in Nova Scotia, is expected home on Monday next.

Messrs. T. Cashore, A. Clark and Lal Menzies spent on Saturday until Wednesday on a trip to Lake Simcoe on Mr. Cashore's yacht the "Hiawatha," and report a most enjoyable outing. The party caught 16 good sized bass in two hours in Lake Simcoe, and about as many more in Balsam Lake.

On the 7th of September Miss Pearl E. Hall, only daughter of Mr. and Mrs. H. E. Hall, of "Wolsely Cottage," Glenford Ave., Victoria, B.C., will be united in marriage to Mr. Chas. L. Corbett, fourth son of Mr. and Mrs. S. Corbett, of Fenelon Falls.

Miss Elina Truax of Toronto who has been on an extended visit to Mrs. W. J. Heard, returned to the city on Saturday.

Mr. and Mrs. W. A. Bishop have returned from Rosedale.

Rev. A. Cook, pastor of the Baptist Church, is away on his vacation.

Mr. Geo. Magee, teller in the Montreal Bank, spent Sunday in Toronto.

Mr. J. Twomey Jr. spent Sunday in Midland with friends.

Dr. D. Gould went to Toronto on Monday on business, returning on Thursday.

Promotion Examinations.
