

## The Largest and Best Assorted Stock

In town of Groceries, Crockery and Glassware, Ready-made Clothing, Boots and Shoes, etc.

# J. McFarland

## Millinery Opening.

SEPT. 23, 24, 25.

We will be pleased to have everybody call and see our stock of Fall Millinery on these dates.

New Idea Patterns.

*Wm. Campbell.*

## Hunting Outfits

The kinds of work we like best is fitting people out for a good time in the woods, with the best guns and equipment that money can buy. We're in better shape to do this now than at any time, and can meet every reasonable requirement at the least possible expense. Come in and look through the stock we have and the catalogue of things we can very quickly get.

It pays to be particular what gun you buy and we've been particular in advance of your need. We get the best as a matter of course.

... Jos. Heard ...

## Your Summer Visitors

will enjoy an hour spent in inspecting the many beautiful things we are showing this season.

Jewelry, Silverware, Fine China, Fine Leather Goods.

All the latest styles in Jewelry, many new patterns in Table Silverware, a large line of Fine Leather Goods. SEE OUR SOUVENIR CHINA.

At **Britton Bros.,**

FOOT OF KENT STREET, LINDSAY.

Friday, September 24, 1909

### What Harriman Did.

Toronto World.

A prominent New Yorker is credited with saying that the late Mr. Harriman was the highest type of a railroad financier, and not only that, but the highest type of a railroad organizer. In other words, he knew how to finance, and how to build, and run a road when built. Let us grant this. And yet the one thing that can be said of Mr. Harriman is that he used these great gifts solely and only for two purposes:

First, for the floating out on the public of all the possible issues of securities over the various railroad propositions he handled to his own personal advantage, and to the increase of his own personal fortune.

Second, for taking the highest possible tolls out of the public who used the roads so as to pay dividends on the torrents of watered stock that he created.

Never once did he think of giving the public high-class transportation at low rates, he lived for and died in the effort to take the greatest possible rates out of the public to the aggrandizement of himself, and perhaps for a time at least of those who bought the securities that he created.

Harriman did not improve transportation methods for the public, he mined them for Harriman.

Harriman was the most pronounced instance of "predatory wealth" denounced by Roosevelt, and Harriman probably hated Roosevelt for the statement, more than he did any other man.

The American Republic, the home of democracy, has become the greatest breeding ground of the predatory rich in the world. The United States is not producing Lincoln's these days.

### Careless Use of Firearms.

Police Magistrate Moore, of Lindsay, has written to the Ops council requesting them to take steps to stop the indiscriminate use of firearms on the Sengog river. Mr. Moore refers particularly to rifles. He points out that there is no game in the neighborhood requiring a rifle to kill it, and that there is no telling where a bullet from a modern rifle may go, or who it may kill before it stops. The Ops council, and in fact all councils, would do well to use the power given to them for the purpose of prohibiting the use of any firearms except shot guns, and at any season except the open season, as Mr. Moore suggests. Rifles are dangerous anywhere, but especially so on rivers or lakes or in cleared country where bullets can travel long distances without meeting some obstruction.

### Come to the Fair.

Reports indicate that this season farm crops have been decidedly better than for some years past, and that the general agricultural and commercial outlook is much improved compared with other recent years. One of the ways in which this better state of affairs should manifest itself is in an increase in the number and improvement in the quality of the exhibits at the fall fairs, as well as in a larger attendance. The local fairs should be encouraged, for various reasons. It is hoped there will be a good turn-out at the Fenelon Agricultural Society's show on Wednesday and Thursday next, Oct. 6th and 7th. Increased patronage one year means an increase in prizes and attractions the next year. Let everybody come to the fair, and encourage the directors to enlarge and improve in the future.

### Fenelon Council.

Council met at call of Reeve. The minutes of the last meeting were approved on motion of Messrs. Tompkins and Tolmie. Application for position of Collector of taxes was received from Thos. Smitheram.

It was moved by Mr. Tolmie, seconded by Mr. Parkin, That Mr. T. Smitheram be appointed Collector for 1909 at a salary of \$80.00.—Carried.

Moved by Mr. Parkin, and seconded by Mr. Tompkins, That this Council levy the sum of \$2,800 for Township purposes.—Carried.

The amount to be levied on the Township for County purposes exclusive of the County school rate is \$2827.33; the County school rate being \$138.83. For the Township General school grant the amount of \$3,366 will be required, and the total amount required by the different Boards of School Trustees is \$2,164.74. The Township's assessment for 1909 is \$1,074.465.

Moved by Mr. Tompkins, and seconded by Mr. Parkin, That a by-law be now introduced giving council authority to levy annual rates, and to confirm the collector's appointment.—Carried.

The By-law was given its three readings and signed and sealed, Mr. Tolmie in the chair.

Moved by Mr. Parkin, and seconded by Mr. Tolmie, That Walter Hill be paid \$12.50 for fixing bridge on con. 4 at lot 13, and \$10.00 for gravelling the hill on quarter line between lots 10 and 11, con. 5, he to pay for gravel used.—Carried.

Moved by Mr. Tolmie, and seconded by Mr. Tompkins, That Charles Everson be instructed to remove the fence that is across the road on his beat at lot 27 con. 7, within six days, or legal proceedings will be taken; also that the clerk write a notice to be posted up there forbidding any person or persons obstructing said roadway.—Carried.

Moved by Mr. Parkin, and seconded by Mr. Palmer, That all taxes that are not paid by the 15th of December 1909, be charged two per cent. per month till paid.—Carried.

On motion of Messrs. Tompkins and Parkin, orders were issued for payment of different sums totalling as follows: For culverts and extra work on roads \$214.05; For gravel, \$93.15; For township made cement tile, \$61.00; For Northey for cement tile, \$7.50; Jno. Cundal, Assessor for equalizing 26 S. S. No. 10. \$4.50; Clerk on salary, \$25.00; W. B. Feir, for use of O. Hall, \$2.00; W. H. Powles, for Postage and Stationery, \$6.50.

Council then adjourned to meet at call of Reeve.

### Corbett—Hall.

Victoria, B. C., Colonist.

On Tuesday the home of Mr. R. E. Hall, Glanford avenue, was the scene of a very pretty wedding when his only daughter, Miss Pearl E., was united in marriage to Mr. Charles L. Corbett, of Aberdeen, Wash.

At 1 o'clock the bride entered the room with her father, attended by her little cousin, Laurine Gibson. The ceremony was performed by Rev. W. Leslie Clay, after which the wedding party, consisting only of the relatives and immediate friends of the bride, sat down to a sumptuous repast.

The bride wore a very pretty dress of white lace over silk, and carried a bouquet of bride's roses and maiden hair fern. The little maid of honor was becomingly attired in pink silk, and carried a basket of sweet peas. Mrs. Corbett's travelling dress was dark blue serge with hat to match.

Mr. and Mrs. Corbett left on the Princess Charlotte for Seattle, where they will spend a week before taking up house-keeping in Aberdeen.

Mrs. Corbett's former home and birthplace was Wolseley, Sask., where she lived with her parents, who may justly be classed with the pioneers of that town. Her father, Robert E. Hall, is well and favorably known in that place, having acted in the capacity of councillor for years, and has large interests in Wolseley yet.

Although the bride has been here less than a year, she was a great favorite, liked by old and young. It is therefore with genuine regret her numerous friends see her depart, even amid best wishes. Her gifts were numerous and costly, testifying to the esteem in which she was held both here and in Wolseley.

### Personals.

Mr. and Mrs. Kellogg, of New York, were visiting Mr. and Mrs. Wm. Campbell last week. Mrs. Kellogg is Mr. Campbell's niece.

Mr. S. McKendry, of Saskatoon, is visiting at his home here.

Mr. D. Merriam left on Wednesday for Cobalt, where he intends to stay the winter.

Mr. H. J. Lytle of Lindsay was in town on Monday.

Miss Viola McIntosh of Rosedale spent Sunday with friends at the Falls.

THANKS.—Mrs. Thos. Junkin of Verulam brought to the Gazette office a few days ago a basket of fine Duchess apples, for which our thanks are heartily tendered.

ST. ANDREW'S CHURCH.—Mr. W. H. Moore, B. A., of Toronto will speak at the morning service on "Temperance and Moral Reform." In the evening the pastor will take for his subject "A Model Revival."

LOCAL OPTION CAMPAIGN.—On Sunday afternoon there will be a mass meeting for men in Dickson's Hall. In the Baptist Church in the morning Rev. J. B. Kennedy of Toronto will preach, and in the Methodist church in the evening. Mr. E. J. Moore, B. A., will give an address in the Presbyterian church in the morning.

METHODIST CHURCH.—Anniversary services will be held on October 10th and 11th. Rev. John Garbutt and Rev. J. P. Wilson, B. A., will be present, and with such able speakers, together with special music, this occasion will be largely anticipated and thoroughly enjoyed by all who can come. Watch for bills about the 1st of October. ... Next Sunday Rev. J. B. Kennedy, of Toronto, will preach in the evening on the local option issue. The Pastor will preach in the morning on "Am I My Brother's Keeper?"

FIRE.—On Sunday morning about half past two o'clock fire destroyed a frame building on Bond street on the old foundry premises, owned by Mr. Thomas Robson. The building contained a number of implements, besides patterns to the value of \$1,000, which were also burned. There was an insurance of \$100 on the building and \$500 on the contents. The origin of the fire is unknown. The blaze was first noticed by Mr. Jas. Peterkin, night watchman at the Chemical Works, and a stream from the mill pump was turned on to the building, but the fire had gained so much headway that the efforts to extinguish it were unavailing. There were many valuable implements, and the engine formerly used to run the foundry, in the building, and the loss to Mr. Robson will be quite heavy.

VICTORIA CHURCH, POWLES' CORNERS.—Anniversary services will be held Oct. 17th and 18th. Rev. W. G. Clarke, B. A., the popular minister of Port Hope Methodist Church, will preach on Sunday and lecture Monday evening. Bills will give all particulars.

W. I.—The regular meeting of the W. I. will not be held the last Friday of this month (to-day) as usual, on account of Lindsay fair, but will take place on Friday next, Oct. 1st, at 2.30 p.m. at home of Mrs. D. Jewell, on Francis street. Subject: "Husband, Wife and Home." All come prepared to give something on this subject. Everyone invited.

HARVEST HOME SERVICES.—The Rev. F. L. Barber, Rector of Christ's Church, Bobcaygeon, will be the select preacher at the Harvest Home services in St. James' Church, next Sunday. The choir is preparing special music in keeping with the occasion. Rev. Mr. Barber will also preach the Harvest Home sermon at St. Peter's, Verulam. Rev. W. H. A. French, the Rector of St. James', will take the place of Mr. Barber at Bobcaygeon next Sunday.

DEANERY MEETING.—The Deanery meeting of Durham and Victoria was held at Milbrook on Tuesday and Wednesday, Sept. 21st and 22nd. A large gathering of the clergy was present, in fact the largest for many years. The Right Reverend J. F. Sweeney, D. D., Bishop of the Diocese, preached in the evening in St. Thomas' Church, and gave a magnificent sermon on Matt. 9: 9. The secretary of the Deanery, the Rev. W. H. A. French, Rector of St. James' Church, Fenelon Falls, acted in the capacity of Bishop's Attendant for the session.

### Rosedale.

(Correspondence of the Gazette.)

Our village is assuming its usual quiet aspect, as most of the tourists have gone to their homes.

Messrs. J. H. Brandon and J. Mann, of Fenelon Falls were in Rosedale on Monday.

Mr. H. J. Lytle is making extensive improvements on his boat house, and it adds greatly to the appearance of his already beautiful summer home.

Concrete on the new lock has been completed and the workmanship displayed is a credit to both engineer and contractor.

Miss Viola McIntosh of this place spent Saturday and Sunday the guest of her friend, Miss "Kit" Junkin, of Fenelon Falls.

Miss D. Smith and her niece, Miss Bella Brooks, have returned from Toronto, after a week's visit with friends.

Mr. and Mrs. E. G. Lytle, of Oakwood, were here on Sunday.

Threshing and corn harvesting is the order of the day among the farmers at present.

### Powles' Corners.

(Correspondence of the Gazette.)

This week is a very busy one with corn cutting, filling silos and threshing. A great many will drop their work to go to Lindsay Fair, and no doubt it will be good this year.

Mr. Alex. Hume, of Haileybury, made a short visit here with Mrs. John Knox.

The syndicate ensilage cutter and blower is in operation at Mr. Thos. Harrison's and Mr. W. Dunn is furnishing the power. The weather man is giving fine weather for this kind of work.

This ought to be a good year for the farmer. Good sound general purpose horses are in good demand at good prices, hogs are over \$8 per cwt. live weight and cattle of a good quality bring a very fair figure. Butter and eggs are away up in G. So very likely the bank account will be augmented.

Hot weather comfort can be obtained by drinking iced "Salada" Tea. Nothing to equal it for a cooling and refreshing drink.

The fall assizes open at Lindsay on Monday next, 27th inst. The case of Mr. Jos. Hunter, of Bobcaygeon, who is charged with shooting his wife, will be among those which will come up for hearing.

At the supper given by the Elk Lake people to the members of Parliament last week, moose meat was removed from the bill of fare by the Superintendent of Game and Fisheries, Mr. Tinsley. He refused permission to kill a moose in close season, even for the makers of the law.—Temiskaming Herald.

Peterborough Review: W. A. Boyce, who is farming on the 11th concession of Smith township, about eleven miles from Peterborough, has a thriving bed of ginseng that he is growing as a commercial crop. Four years ago he started with 1,000 plants, and now has 4,000 plants and 14,000 seeds undergoing the first process towards producing plants. His old plants have been growing for seven years and are now matured and ready to market, and Mr. Boyce is looking for a buyer. The price ranges from \$4 to \$10 per lb., the exporter who has the most direct connection with the Chinese market, where it is all consumed, being able to pay the best price. The plant is grown under plant houses, and the culture, though simple, is but little known. Shade is necessary, as the plant will not thrive where exposed to open sunlight. Mr. Boyce is not the only one engaged in the growing of the profitable plant in this part of the country, and all are making a success of the experiment.

### FALL MILLINERY OPENING.

Miss Washburn takes pleasure in announcing her Fall Millinery Opening, Sept. 23, 24, 25th, to which the ladies of Fenelon Falls and vicinity are cordially invited.
