

### MAGISTRATE'S SKIN DISEASE CURED

Magistrate F. Rasmussen, of 217, Marquette Street, Montreal, writes to the Zam-Buk Co. as follows:—

"Gentlemen,—For many years I was troubled with a serious eruption of the skin, which was not only unsightly, but at times very painful. I first tried various household remedies, but all these proved altogether useless.

"I then took medical advice. Not one, but several doctors in turn were consulted, but I was unable to get any permanent relief. Some time back I noticed a report from a Justice of the Peace who had been cured of a chronic skin-disease, by Zam-Buk, and I determined to give this balm a trial.

"After a thoroughly fair test, I can say I am delighted with it. I have the best reasons for this conclusion; because, while everything else I tried—salves, embrocations, washes, soaps, and doctors' preparations—failed absolutely to relieve my pain and rid me of my trouble, three boxes of Zam-Buk have worked a complete cure.

"In my opinion Zam-Buk should be even more widely known than it is, and I have no objection to your publishing this letter."

For eczema, eruptions, rashes, tetter, itch, ringworm, and similar skin diseases, Zam-Buk is without equal. It also cures cuts, burns, scalds, piles, abscesses, chronic sores, blood-poisoning, etc. All druggists and stores at 50 cents a box, or post free for price from the Zam-Buk Co., Toronto.

### BOYS AS HOUSEMAIDS. Employment of Boys May Do Away With Servant Problem.

Why not employ boys as "housemaids" and be rid at once and for all of the everlasting "servant problem"? A London woman who had had desperate experience with the ordinary servant decided to install a boy. She got a bright and intelligent one from an agency, and he developed into a most creditable "mother's help."

Civil, clean, intelligent, always willing, and invariably quick, the lad proved himself more than the equal of the average female servant. "The wages boys require are small," writes Mrs. Carey, who advocates the employment of boys, and she gives some valuable information on the subject in a booklet which has just been published.

### A REMARKABLE DEMONSTRATION.

Of the many magnificent features at the Toronto Exhibition this year none was more remarkable nor created more genuine interest than the demonstration of the "Nugget" Shoe Polishes in the Main Building.

The demonstrator polished a shoe with the "Nugget" Polish and immediately afterwards washed it. The water ran off the shoe "like water off a duck's back," and the shine was not destroyed, which proves that "Nugget" is a waterproof Polish. The shoe was then wiped on a clean towel, but the polish did not rub off and soil the towel, which is conclusive evidence that it will not come off on the clothes in wet weather.

The "Nugget" is a leather preservative which will double the life of your shoes. It keeps the leather soft and pliable preventing the shoe from cracking. Millions use it all over the civilized world. Try it, and its superior qualities will be self-evident. At all dealers, 10c per tin, Black or Tan.

### A MILLIONAIRE FACTORY.

Hawaii Turning Out Men of Millions by the Score.

There are probably more self-made millionaires residing in Honolulu than in any city twice its size on the mainland. According to Van Norden's Magazine, there are scores of millionaires made and in the making in Hawaii.

Men of moderate means last spring became by fall men of great wealth after the sugar crop had been marketed. Small planters of pineapples of a few seasons ago are men of high finance today, expending hundreds of thousands of dollars annually advertising their output that was not worth a tenth of that sum all told ten years ago.

The men of Hawaii who have created opportunities for themselves create opportunities for others. Alexander Young, the many-time millionaire of Honolulu, came to

Hawaii a poor man, worked hard, helped organize and conduct the Honolulu Iron Works which now makes sugar machinery to be shipped to every quarter of the globe, retired from hard labor and built as his monument a hotel that is equal to any in appointment found in London or New York and with a roof garden more spacious than any on the Continent. He is content that he has lost a million maintaining this public palace, for it is a credit to Alexander Young and to Honolulu. Its building set a new pace and the business city of wood was practically rebuilt in stone and marble.

### ESAU WOOD'S STORY. Peculiar Combinations of Two Little English Words.

Esau Wood sawed wood. Esau Wood would saw wood. All the wood Esau Wood saw Esau Wood saw. In other words, all the wood Esau saw to saw Esau sought to saw.

Oh, the wood Wood would saw! And oh, the wood-saw with which Wood would saw wood.

But one day Wood's wood saw would saw no wood, and thus the wood Wood sawed was not the wood Wood would saw if Wood's wood-saw would saw wood.

Now, Wood would saw wood with a woodsaw that would saw wood, so Esau sought a saw that would saw wood.

One day Esau saw a saw saw wood as no other wood-saw Wood saw would saw wood.

In fact, of all the wood-saws Wood ever saw saw wood Wood never saw a wood-saw that would saw wood as the wood-saw Wood saw saw wood would saw wood, and I never saw a wood-saw that would saw as the wood-saw Wood saw would saw until I saw Esau Wood saw wood with the wood-saw Wood saw saw wood.

Now Wood saws wood with the wood-saw Wood saw saw wood. Oh, the wood the wood-saw Wood saw saw would saw!

Oh, the wood Wood's wood-shed would shed when Wood would saw wood with the wood-saw Wood saw saw wood.

Finally, no man may never know how much wood the wood-saw Wood saw would saw, if the wood-saw Wood saw would saw all the wood the wood-saw Wood saw would saw.

### THE FIRE WALKERS. Unique Ceremony Observed Annually in India.

A strange custom of fire-walking is carried out annually at Mushirabad, a suburb of Hyderabad, India, on the anniversary of the twentieth day after the death of Imam Hussain.

Several cartloads of firewood are gathered together in an open space in front of the "Asboorkhana," and at midnight the heap is set alight. The wood burns steadily for some two hours, the heat being so intense that no one can stand within a distance of at least a dozen yards from the fire. When it is burnt out, the live charcoal is spread out evenly on the ground in the form of a circle, with a diameter of about six yards. When everything is ready, two men bearing "alms" standards—jump barefooted on to this fiery carpet, and walk across it, not once, but at least a dozen times. The heat from the glowing embers is more fiery than when the wood is burning. The jumping of the first two men is a signal to the others, and soon several hundred persons have followed their example.

The strangest thing about this unique ceremony is that no one appears to receive any hurt.

Even children of all ages jump into the fire, and run across it, without the least hesitation, and all seem to be at home.

### When a man has enough money laid aside to keep him on Easy street the rest of his days, he ought to give others a chance.

### GRIM HUMOR. The physicians were holding a consultation beside the cot of the man supposed to have appendicitis concealed about his person.

"I believe," said one of the surgeons, "that we should wait and let him get stronger before cutting into him."

Before the other prospective operators could reply, the patient turned his head and remarked feebly: "What do you take me for—a cheese?"

Practically all Canadian druggists, grocers and general dealers sell Wilson's Fly Pads. If your storekeeper does not, ask him why.

NO ESCAPE.

Her Husband—"Well it takes two to make a quarrel, so I'll shut up."

His Wife—"That's just like a contemptible man! You'll sit there and think mean things."

Very many persons die annually from cholera and kindred summer complaints, who might have been saved if proper remedies had been used. If attacked do not delay in getting a bottle of Dr. J. D. Kellogg's Dysentery Cordial, the medicine that never fails to effect a cure. Those who have used it say it acts promptly, and thoroughly subdues the pain and disease.

### THE QUESTION. "Worth makes the man," sighed the philosopher.

"True," replied the purely commercial gentleman, "but how much do you think a man ought to be worth?"

### Father (very severely)—"Now, look here, Jenny, you must not encourage that young man to stay so late every night. It is disgraceful. What does your mother say about it?"

Jenny—"She says men have not altered a bit, dad!"

"Father," asked the son of a Hebrew clothes-dealer, "will these shirts shrink?" "Vy do you ask, mine son?" "A customer wants to know." "Vos dey too big for 'im?" "Yes, father." "Den most certainly dey vill shrink."

### If every housekeeper would use Wilson's Fly Pads freely during the Summer months the house fly peril would soon be a thing of the past.

Smallman—"These are hard times. I heard of a man the other day who couldn't raise money even on Government bonds." Slimwit—"Indeed! What was the reason?" Smallman—"Well, you see, he didn't have the bonds."

Trial is Inexpensive.—To those who suffer from dyspepsia, indigestion, rheumatism or any ailment arising from derangement of the digestive system, a trial of Parmelee's Vegetable Pills is recommended, should the sufferer be unacquainted with them. The trial will be inexpensive and the result will be another customer for this excellent medicine. So effective is their action that many cures can certainly be traced to their use where other pills have proved ineffective.

### DIDN'T WEAR 'EM.

Jimmie giggled when the teacher read the story of the Roman who swam across the Tiber three times before breakfast.

"You do not doubt a trained swimmer could do that, do you, James?"

"No, sir," answered Jimmie, "but I wondered why he didn't make it four and get back to the side his clothes were on."

### BILL'S FAILING.

The sages of the village were discussing the veracity of old Si Perkins when Uncle Bill Abbott ambled in.

"What do you think about it, Uncle Bill?" they asked him.

"Would you call Si Perkins a liar?"

"Waal," answered Uncle Bill slowly, as he thoughtfully studied the ceiling, "I don't know as I'd go so far as to call him a liar exactly, but I know this much; when feedin' time comes, in order to get any response from his pigs he has to get somebody else to call 'em for him."

These Pills Cure Rheumatism.—To the many who suffer from rheumatism a trial of Parmelee's Vegetable Pills is recommended. They have pronounced action upon the liver and kidneys and by regulating the action of these organs act as an alternative in preventing the admixture of acid and blood that causes this painful disorder. They must be taken according to directions and used steadily and they will speedily give evidence of their beneficial effects.

### ROUGHS IT THEN. "Does your wife enjoy roughing it?"

"Does she? Say, you should see her in a bargain rush."

It is an undisputed fact that one packet of Wilson's Fly Pads has actually killed a bushel of house flies. Fortunately no such quantity can ever be found in a well kept house, but whether they be few or many Wilson's Fly Pads will kill them all.

Ignorance is a Curse—"Know thyself" is a good admonition, whether referring to one's physical condition or moral habits. The man who is acquainted with himself will know how to act when any disarrangement in his condition manifests itself. Dr. Thomas' Electric Oil is a cheap and simple remedy for the eradication of pain from the system and for the cure of all bronchial troubles.
