NEWSPAPER LAW.

1. A post-master is required to give notice by letter (returning the paper does not answer the law), when a subscriber does not take his paper out of the office, and state the reasons for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrears, or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until the payment is made.

3. Any person who takes a paper from the post office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay.

4. If a subscriber orders his paper to be stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it from the post-office. This proceeds upon the ground that a man must pay for what he uses.

5. Courts have decided that refusing to take newspapers and periodicals from the post-office, or removing and leaving them uncalled for, is *prima facie* evidence of intentional fraud.

A Man in the Type "G" Class

In our book showing "What Men Wear" we show styles designed especially for Tall Men who weigh from 180 to 240 pounds.

Studying the physiology of Mankind developed certain facts and factors, and the wholesale tailoring system known as "Semi-ready" was developed to its present perfect form.

Every size and type of man is provided for,—and every coat is made to fit a certain man just as though he had taken his coat off to be measured.
