

COLD BROUGHT ON KIDNEY DISEASE

BRANTFORD LADY SUFFERED TILL CURED BY DODD'S KIDNEY PILLS.

Mrs. A. H. Thomson had Heart Disease, Lumbago and Rheumatism, and Tells How She was Restored to Health.

Brantford, Ont., Oct. 11 (Special)—How Colds, LaGrippe and other minor ills settle on the Kidneys and develop Rheumatism, Heart Disease, Bright's Disease and other terribly dangerous ailments; and how any and all of them are cured by Dodd's Kidney Pills is fully shown in the case of Mrs. A. H. Thomson, whose home is at 48 Albion Street, this city.

Mrs. Thomson was, some years ago, taken with Cold and LaGrippe and Straining, which affected her Kidneys, and the result was Backache, Lumbago, Rheumatism and Heart Disease, which caused both her and her friends grave anxiety.

She had suffered some years when she heard of cures effected by Dodd's Kidney Pills, and bought a box, which she used with such splendid results that she continued to take them till she was cured. Since then she has used Dodd's Kidney Pills in her own family and recommended them widely to her friends, all of whom have warm words of praise for the standard Canadian Kidney remedy, Dodd's Kidney Pills.

Heart Disease, Rheumatism, Lumbago and Bright's Disease are all Kidney Diseases or are caused by diseased kidneys. You can't have any of them if you keep your Kidneys sound and your blood pure. Dodd's Kidney Pills make the Kidneys sound. Sound Kidneys strain all the impurities out of the blood.

UNCLE EZRA SAYS.

"I hev allus noticed one thing 'thet the man who finds fault with his wife's cookin' never says that he could do better himself. The reason is, he's afraid he would tell him to go ahead an' try it."

They Soothe Excited Nerves.—Nervous affections are usually attributable to defective digestion, as the stomach dominates the nerve centres. A course of Parmelee's Vegetable Pills will still all disturbances of this character, and by restoring the stomach to normal action relieve the nerves from irritation. There is no sedative like them and in the correction of irregularities of the digestive processes, no preparation has done so effective work, as can be testified to by thousands.

OF COURSE IT IS.

"I don't see why moralists call the time a girl spends at her mirror, time wasted by vanity."
"Isn't it?"
"Of course not. It's time of real reflection."

The teacher was giving an exposition of culpable homicide. "If I went out in a small boat," he said, "and the owner knew it was leaking, and I got drowned, what would that be?" After a few minutes' silence a little boy stood up and said: "A holiday for us, sir!"

SUCCESSCROWNS EFFORT

Hustler Generally Gets What He Worked For.

Perhaps you have heard the story of the young fellow in a big office who was laughed at by his associates for working harder than seemed necessary. They asked him one day what good it did him and what he expected to get. "The big desk in the corner," said the hustler. And there was much laughter, because the big desk in the corner was the manager's. But the day came when the young man who liked work sat there and gave orders. Some men, it is true, have no big desk, no pleasanter or better position in sight. But those who have are not as few in number as any near-sighted socialist thinks. The great thing to do is not to "knock" the man ahead of you and make yourself sore by coveting his job, but to look for his strong points, the points at which he outweighs you, and develop them yourself. And no one can develop in himself any quality he cannot learn first to admire in some one else.

FOR THE SUNSHINE CLUB.

Need Never Bear More Than One Kind of Trouble at a Time.

We need never bear more than one kind of trouble at a time. Some people bear three kinds—all they have had, all they have now, and all they expect to have. Let us keep cheery. Hopefulness puts energy into the muscles, clears dim eyes, steadies tired nerves, and fits one to do the most and the best of which he is capable. On the other hand, despondency just as certainly saps nerve force and weakens muscles. A little hill becomes a great mountain to the climber with a despondent heart. One sometimes sees in the streets an advertisement which says, "Don't worry! Use—somebody's soap!" Better advice, perhaps, is, "Don't worry. Use hope!"

It is an undisputed fact that one packet of Wilson's Fly Pads has actually killed a bushel of house flies. Fortunately no such quantity can ever be found in a well kept house, but whether they be few or many Wilson's Fly Pads will kill them all.

Johnnie (to new visitor)—"So you are my grandma, are you?" Grandmother—"Yes, Johnnie! I'm your grandma on your father's side." Johnnie—"Well, you're on the wrong side; you'll find that out."

Regarded as one of the most potent compounds ever introduced with which to combat all summer complaints and inflammation of the bowels, Dr. J. D. Kellogg's Dysentery Cordial has won for itself a reputation that no other cordial for the purpose can aspire to. For young or old suffering from these complaints it is the best medicine that can be procured.

SAVAIAN VOLCANO.

Sends Forth More Lava Than Any Other Volcano.

In the Island of Savaii, in the Samoan group, during an August night in 1905, there arose from the midst of a peaceful cocoa plantation a volcano that in the four years of its still ceaseless activity has sent forth more molten lava than has any other volcano of which there is any human record. To-day the flow of lava, in some places seven hundred feet in depth, is filling up the sea along a frontage of more than seven miles, and has destroyed about fifty villages and as many square miles of what was once the most productive area in all Samoa. From Apia, about fifty miles away, on the Island of Upolo, it is sometimes possible to read at night by the glare of the Savaian volcano, whose twin pillars of vapor by day become transformed then into columns of red.

"Does the baby talk yet?" asked a friend of the family. "No," replied the baby's disgusted little brother, "the baby doesn't need to talk." "Doesn't need to talk?" "No. All the baby has to do is to yell, and it gets anything there is in the house that's worth having."

Jinks—"Have you selected a trade or profession for your boy?" Winks—"I shall make a plumber of him." Jinks—"Has he a bent that way?" Winks—"He's born for it. Tell him to do a thing immediately and he won't think of it again for a week."

A CLASS FOR COURTSHIP.

Japan is advancing by leaps and bounds. The latest thing is a class in "courtship" for girls. This has been made a part of the curriculum in all of the secondary schools for girls. The almond-eyed maidens are taught that should they be "so unfortunate as to fall in love before becoming engaged," they must conceal the fact, and above all remember that women must not propose. Also they are warned that well-bred girls do not exchange photographs with their admirers.

A GREAT SHOE FOR DRY FEET

The "Wood-Soled Boots," or Clogs advertised in this week's issue, are a Marvel of Cheapness. They are cut from grained leather, and being lined with thick warm felt, should be a very great boon to Farmers, Fruitgrowers, Poultrymen or any wishing real damp protectors. For stable use they are ideal. Thousands of them are sold by the proprietors of The Scottish Wholesale Specialty Coy., 134 Princess St., Winnipeg, Man.

THE LEADING QUESTION.

"Waft, waft, ye winds, the story, And you, ye waters roll!" But who will get the glory When two men claim the Pole?"

There can be a difference of opinion on most subjects, but there is only one opinion as to the reliability of Mother Graves' Worm Exterminator. It is safe, sure and effectual.

ALMOST AS GOOD.

"Have you a college diploma?" "No; but I have several mining stock certificates that I might frame and hang up as evidence that I have been through the school of experience."

A Good Name is to be Prized.—There have been imitations of Dr. Thomas' Electric Oil which may have been injurious to its good name, but if so, the injury has only been temporary. Goodness must always come to the front and throw into the shadow that which is worthless. So it has been with Electric Oil; no imitation can maintain itself against the genuine article.

Browne—"How surprised we should be if we could see ourselves as others see us!" Towne—"Yes; but think how surprised the others would be if they could see us as we see ourselves!"

If every housekeeper would use Wilson's Fly Pads freely during the Summer months the house fly peril would soon be a thing of the past.

THERE'S THE RUB.

"Died in poverty!" cried the philosopher, scornfully. "Died in poverty did he, an' you expect me to sympathize? What is there in dying in poverty. I've got to live in it."

The things that others do not consider worth going after come to those who wait.

Do You Realise the Danger of a

POISONED FINGER

DEATH OFTEN LURKS IN A CUT.

YOU see this danger illustrated in the case of Mr. W. C. Edwards, a well-known Friendly Society leader, of Peter Street, Toronto. He cut one of his fingers with a piece of glass, and instead of applying Zam-Buk to prevent blood poison and to heal it, he neglected the cut, and blood poison followed. He says:—"The blood-poison from the finger spread up my hand and arm and caused me terrible agony. After two months' treatment the doctor said there was no cure, and amputation would have to take place if I intended to save my arm. I left that doctor and consulted another. After a few weeks' treatment, he also told me that operation would be necessary. He said the bone had become diseased and the finger would have to be opened so that the bone could be scraped. I went away to consider when I would have the operation performed and met a friend who advised me to try Zam-Buk. "That night I bathed the wound and put on some Zam-Buk. I got a little sleep for the first time for many nights. In the morning the wound began to bleed instead of the foul discharging as in the past. This was a healthy sign so I went on with the Zam-Buk. Well, to cut a long story short, in a few days I put away the sling, and in a few weeks the finger was healed completely. To-day that finger is as sound as a bell and I owe it to Zam-Buk. I spent over \$20 in doctors fees and when I think how Zam-Buk at such a trifling cost saved me from amputation I am very grateful for the balm I can tell you."

WHAT ZAM-BUK CURES.

Zam-Buk cures cuts, burns, sprains, festering sores, ulcers, scalds, blood-poisoning, eczema, bad leg, diseased ankles, running sores, ringworm, cold-cracks, chapped hands, chilblains, and all other skin diseases and injuries. All druggists and stores sell at 50c. box, 3 for \$1.25 or post free from Zam-Buk Co., Toronto, for price. Refuse anything offered "just as good."
