

GANANOQUE MAN OUT OF TROUBLE

HAD RHEUMATISM, BUT
DODD'S KIDNEY PILLS
CURED IT.

Hugh Abernethy on His Feet
Again—Cure is Easy, Simple, Natural and Permanent.

Gananoque, Ont., Oct. 18.—(Special)—That Rheumatism can be cured surely, simply and permanently is the good news that Hugh Abernethy, a well-known resident of King Street, is spreading among his neighbors.

"I had suffered from Rheumatism and stiffness of the joints," Mr. Abernethy states. "My muscles would cramp. I could not sleep, and I had terrible headaches. I took many different medicines, but nothing did me any good till I tried Dodd's Kidney Pills. Six boxes put me on my feet again."

Others who have taken Mr. Abernethy's advice and used Dodd's Kidney Pills are also loud in their praises of the old reliable Canadian Kidney remedy. For Dodd's Kidney Pills cure Rheumatism and other blood diseases by curing the kidneys. Sound kidneys keep the blood free from impurities. And with no impurities, such as uric acid in the blood, you cannot have such painful and dangerous diseases as Pain in the Back, Rheumatism, Lumbago, Neuralgia, and Heart Disease.

Keep your kidneys strong and well with Dodd's Kidney Pills and you can face the cold, wet days of fall without a fear of Rheumatism.

MATTER FOR GRATITUDE.

Of two celebrated barristers, Balfour and Erskine, this story is told. The former's style, it should be mentioned, was very verbose, while the latter's, on the contrary, was crisp and vigorous. In court one day Erskine noticed that Balfour's ankle was bandaged.

"Why, what's the matter?" asked Erskine.

Instead of replying, "I fell from a gate," Balfour answered in these words:—

"I was taking a romantic ramble in my brother's garden, and in coming to a gate I discovered that I had to climb over it, by which I came into contact with the first bar and grazed the epidermis of my leg, which has caused a slight extravasation of the blood."

"You may thank your lucky stars," replied Erskine, "that your brother's gate was not as lofty as your style, or you would have broken your neck!"

Employer (to his clerk)—"Is it true that when the clock strikes six you put down your pen and go, even if you are in the middle of a word?" Clery—"Certainly not, sir. If it gets so near six as that, I never begin the word at all."

It is Known Everywhere. — There is no city, town or hamlet in Canada where Dr. Thomas' Electric Oil is not known—wherever introduced it made a foothold for itself and maintained it. Some merchants may suggest some other remedy as equally beneficial. Such recommendations should be received with doubt. There is only one Electric Oil, and that is Dr. Thomas'. Take nothing else.

"Well, gentlemen," said Tompkins to a couple of his friends, "you can talk as much as you please about the inferiority of women, but there are lots of them that can discount most of us for brains. Take my wife, for instance; she's got twice as much sense as I have, and I ain't ashamed to acknowledge it either." "But, don't you think," said one of his auditors, "that you put rather a low estimate on your wife's intellectual powers?"

LONDON'S SWEET TOOTH.

Great Increase in the Consumption of Candies.

Appropos of the fondness of Eskimos for gumdrops and the sustaining properties of sugar, of which a substantial ration is now supplied regularly to soldiers in the German army, there seems to be a distinct increase in the consumption of candies of all sorts in England of late. The enhanced value of the shares of the big sweetmeat selling companies is one indication. Another is that everywhere in the City of London one sees an increase in the number of itinerant nougat sellers and other curbstone candy hawkers, who are all doing a good business.

Automatic candy supplying machines have to be refilled oftener and workmen may be seen frequently buying a pennyworth of sweetstuff and eating it as they go. This probably affects the tobacco trade adversely; at all events in the poorer quarters of London tobaccoconists are complaining while confectioners rejoice.

Temperance advocates also welcome the signs of increased consumption of sweets among the working classes, as it tends to counteract the desire for intoxicants.

Two Quakers were having an argument, and one considered the other was speaking falsely. This is how he reproved him:—"Friend Thomas, I will not call thee by any bad name, but if the mayor were to ask me who was the greatest liar in the town, I would hasten to thee and say, 'Thomas, I think the mayor greatly desireth to speak with thee.'"

A BOON TO MOTHERS.

When Children are Injured!

Children are always sustaining cuts, bruises, burns, etc., and not infrequently contract ringworm, scalp diseases, and similar skin troubles at school. Mothers will find Zam-Buk without equal for all these accidents and diseases.

Mrs. Thomas Allen, 156, Water Street, St. Mary's (Ont.), says:—"My daughter Mildred, 4 years old, was severely burned by falling on a hot flat iron. She was burned on the heel, instep, and on the thigh very badly. I at once applied some Zam-Buk, which eased the pain, and in the course of a few days the wounds were thoroughly healed."

Mrs. George Aldridge, 12, Louise Street, Stratford, says:—"While playing barefooted about the yard my son Bertram, 6 years old, stepped on a broken glass bottle, which cut very deeply into his big toe. The cut was so deep that I sent for a doctor and had the foot properly dressed, the doctor leaving a lotion to be applied daily. Under this treatment, however, the wound seemed to get no better, but on the contrary inflammation set in. A kindly neighbour then recommended Zam-Buk. We obtained a supply, and after a few applications the child seemed to rest better, and the pain was very much reduced. In a few days, under the Zam-Buk treatment, the wound assumed a better appearance, and from that time healing was very rapid. Inflammation and soreness were finally completely banished, and in ten days from the first application of Zam-Buk, we took the bandages from the foot. I feel sure that but for Zam-Buk the child would have had a very bad time, and might have had to sacrifice the toe."

Not only for cuts, burns, bruises, etc., is Zam-Buk effective, but also for serious skin diseases such as eczema, ringworm, ulcers, etc. It also cures poisoned sores, chronic wounds, bad leg, piles, festering sores, chapped hands, cold sores, frost-bite, and all skin injuries and diseases. Druggists and stores everywhere sell at 50c a box, or post free for price from Zam-Buk Co., Toronto; 3 boxes \$1.25. You are warned against harmful imitations sometimes represented to be "just as good."

Never strive for an inside view of a bad egg.

Used according to directions, Dr. J. D. Kellogg's Dysentery Cordial will afford relief in the most acute form of summer complaint. Whenever the attack manifests itself no time should be lost in seeking the aid of the Cordial. It will act immediately on the stomach and intestines and allay the irritation and pain. A trial of it will convince anyone of the truth of these assertions.

GRAPES.

Grape Juice.—To three quarts of fruit add one quart of water. Let boil. Strain and then add one cupful of sugar to three quarts of juice. Let boil and bottle.

Perfect Grape Jelly.—Use in this proportion: One-third apples, to two-thirds grapes. Use grapes that are part green and part ripe, they make the best jelly. Cover apples with water, cook until tender (need not remove peeling); to the grapes add just enough water to keep from sticking. Drain the fruit—but do not squeeze—use equal parts of juice and sugar; needs only a few moments cooking longer. This makes a perfect jelly, and it will not granulate, a fault with grape jelly. When cool cover with melted paraffin.

HIS EXPLANATION.

"Well, dearest, I'm going to ask your father for your hand to-morrow."

"Oh, I'm so glad, George! I was afraid you didn't have the courage."

"I've got to do it. It's one of the election bets I lost."

A Simple and Cheap Medicine.—A simple, cheap and effective medicine is something to be desired. There is no medicine so effective a regulator of the digestive system as Parmelee's Vegetable Pills. They are simple, they are cheap, they can be got anywhere, and their beneficial action will prove their recommendation. They are the medicine of the poor man and those who wish to escape doctors' bills will do well in giving them a trial.

CAKES.

White Cake.—For a delicate cake and one nice for a bride's loaf use two cupfuls of pulverized sugar, three-fourths cupful of butter, one cupful of sweet milk, one and one-half cupfuls each of corn starch and flour and two teaspoonfuls of baking powder. Mix butter and sugar to a cream, then add milk, next corn starch and part of the flour with the baking powder sifted with it, next the white of six eggs beaten to a froth and lastly the remainder of the flour. Use any flavoring desired. In baking any kind of a cake in loaves the pans should be lined with a piece of oiled paper cut to fit the bottom of the pan and pressed down closely before putting in the batter. This will keep the cake from burning and cause it to slip out more easily.

Prize Cake.—Beat the whites of five eggs thoroughly to a froth, then stir in two-thirds of a tumblerful of powdered sugar, previously sifted several times, add three-fourths of a tumblerful of flour previously sifted with half a teaspoonful of baking powder together with a pinch each of salt and cream of tartar. Flavor with one drop only of extract of rose or lemon. Stir together quickly and put in oven. A little butter improves the taste of the cake.
