Coming to Lindsay.

Rev. J. Stitt Wilson, one of the best speakers in America, who resigned his pastorate in Chicago to preach the gospel of Socialism, will speak in Lindsay on Dec. 8, 9, 10 and 12. "Socialism, the Supreme Issue before Civilization," "The Bible Argument for Socialism," "Capitalism, the Modern Anti-Christ," are among Mr. Wilson's subjects. An extended notice of Mr. Wilson and the subjects he deals with will appear in the next issue of the Gazette.

Attend the Meetings.

The farmers of the neighborhood should make it a point to attend the meetings of the Farmers' Institute to be held here next week. There is always something to be gained at these meetings. The speakers sent out to discuss farming topics are chosen because of their practical experience. They are men who have made a success of farming, and what they have to say should therefore be of value. Especially is this the case with Mr. Shearer, who will address the meetings here next week. Mr. Shearer was left with a heavily encumbered farm, besides other disadvantages, and succeeded not only in wiping out the debt in a comparatively short time, but in making some money. There should be a good turn-out on Friday, particularly at the afternoon meeting, which in past years has sometimes been poorly attended.

Board of Trade.

A meeting of the Board of Trade was held on Monday evening and matters in connection with improvements on the canal brought up for discussion. As the attendance was not up to the mark, an adjournment was made until Monday evening for a fuller representation of the business interests of the town. A good attendance is urgently requested at this meeting.

Curling.

On Friday evening last the skips for the coming winter were elected. Owing to increased membership ten skips are needed this year, instead of eight last year. All of last season's skips were re-elected, and Messrs. Bishop and Sadler elected to make the ten. The only other business transacted on Friday night was the striking out of rule 9, which provided for a bonus of two games to the skip playing his complete rink the oftener. This season the penalty will be two points for every man substituted, regardless of his rank, the substitute to be put on as lead, and the members of the rink moved up when the absent player ranks higher than lead. On Monday the skips met and chose their men, and the combinations published below are the result:

G. Kerr	Thos. Robson
Rev. W. J. M. Cragg	W. Northey
A. A. Cameron	A. Moss
S. J. Sims	E. A. Pearce
W. A. Bishop—skip.	T. Cashore—skip.
H. McIntyre	A. H. Townley
Geo. Mark	J. Twomey Jr.
A. Tiers	H. McCallum
J. H. Brandon—skip.	Thos. Sadler—skip.
W. Shane	H. Copp
F. Robson	J. Jones
C. Deyman	E. C. Nevison
J. F. Mann—skip.	A. Gould—skip.
Chas. Heard	Gordon Callan
Geo. Wilson	S. A. Mason
Dr. Johnston	C. W. Burgoyne
W. Aldous	W. H. Robson—skip.
J. H. Stanton—skip.	
S. Hall	F. J. Goodman
M. Haskell	D. J. McLean
J. R. Hand	M. H. McCallum
R. M. Hamilton—sk.	Thos. Graham—skip.

As usual when the rinks are made up at the beginning of the curling season, all the members are sizing them up to pick the winner. The fortunate four have not yet, however, been positively located, and probably won't be until well toward the end of the season. For there's many a slip 'twixt the cup and the skip (and the lead and the second and vice), and a rink that on paper appears pretty strong may not show up so well on the ice.

Rinks are entered in the Tankard and District cup games, the primaries in the former to be played at Lindsay and the latter at Peterboro.

Mr. Alf. Smith has been appointed caretaker for the season.

ANOTHER CAPTURE.—Constable Jones, having reason to believe that illegal trapping and shooting was being done at Burnt River, went out there on Friday to investigate. In one place he visited he found four muskrat skins, and in another twenty-one. The skins were confiscated. As game warden during the hunting season Mr. Jones was empowered to impose fines, and he accordingly taxed the possessor of the twenty-one pelts \$15, and the other man \$10, with costs in each case of 45c. These are light penalties, considering what might have been inflicted had the officer wished to be severe, but they will serve as a warning. Future offenders will be almost sure to get a much heavier fine if caught, and the chances are they'll be caught, as both Constable Jones and the Department are determined to enforce the law.

ST. JAMES' LITERARY SOCIETY.—In spite of the bad weather, a goodly number of the members of St. James' Literary Society met on Monday night at the residence of Miss Hand. After business was ended a good programme was rendered. Among those taking part were Miss G. French, Mr. Wilson, Miss A. Hand, Miss D. Moss and Rev. W. H. A. French. The evening ended up with a guessing contest. After refreshments votes of thanks were given the hostess, and the members departed, stating that seldom had they spent a more pleasant evening under similar conditions. The next meeting will be an open meeting at the residence of Miss Cameron, on Monday, December 6th. The programme will be along the lines of "Wit and Humor" and is in the hands of a strong committee. Refreshments will be served at the conclusion of the programme. The admission fee will be 10c.

BAD STORM.—On Monday rain fell during a great part of the day, and froze as it fell. The weather turned colder in the evening. Everything the rain touched was heavily coated with ice, and during the night some snow was added. A good deal of damage was done in town to telephone, telegraph and electric light wires which were broken down. Wire communication was shut off between all outside points, and up to three o'clock on Thursday had not been restored. Fruit and shade trees have suffered considerably. The weather has been so cold since the storm that a large portion of the ice is yet on the trees and quite a lot on the wires, and a strong wind would still do damage.
