

ONE WOMAN'S STATEMENT

TELLS HER SUFFERING SISTERS TO USE DODD'S KIDNEY PILLS.

They Proved a Blessing to Her When Her Pains and Weakness Were Almost More Than She Could Bear.

St. George, Man., Dec. 13.—(Special).—Hoping to save her sister women in the West from pains and aches which come at the critical times in a woman's life, Mrs. Arsene Vinet of this place has given the following statement for publication:—

"I have brought up a large family and have always enjoyed good health until the last two years. I am fifty-four years of age and at the critical time of life that comes to every woman, I had pains in my right hip and shoulder. I could not lie down two minutes at a time without suffering the greatest agony. Sometimes I awakened with a feeling as if some one had laid a piece of ice on my head. Another time it would be a burning pain under the left shoulder.

"I took many medicines but could get no relief, till reading of cures of similar cases to my own by Dodd's Kidney Pills, led me to try them. They did wonders for me. 'I want all women to know what Dodd's Kidney Pills did for me.'"

Dodd's Kidney Pills cure the Kidneys. The woman who has sound Kidneys is safeguarded against nine-tenths of the suffering that makes life a burden to the women of Canada.

PHARISEES' SIN.

"What was the sin of the Pharisees?" asked the Sunday school teacher of a bright little girl.

"Eating camels," was the prompt reply.

She had read that the Pharisees "strained at gnats and swallowed camels."

STRANGE FRANKNESS.

"That wealthy old fellow is a queer chap."

"How so?"

"Never claims he was happier when he was poor. Always says he's happier now."

A Safe Pill for Suffering Women.

The secluded life of women which permits of little healthful exercise, is a fruitful cause of derangements of the stomach and liver and is accountable for the pains and lassitude that so many of them experience. Parmelee's Vegetable Pills will correct irregularities of the digestive organs and restore health and vigor. The most delicate woman can use them with safety, because their action, while effective, is mild and soothing.

In order to facilitate the work of Post Office servants the Belgian postal authorities propose that correspondents shall in future use red envelopes for all letters to Brussels, yellow for the country, and green for abroad.

ORIGIN OF THE ROD.

Used in Driving Oxen, It Came Handy in Measuring Land.

The origin of the rod, pole or perch as a lineal and superficial measure has been traced to the rod, pole or goad used to urge and direct a team of oxen pulling a plough. So it came about it was used as a convenient and handy land measure in feudal times by the lords in allotting plots of land for agricultural purposes to the villeins and others, says the Builders' Journal.

One rod wide and forty long (i. e., one furrow long, deep) built up a quarter of an acre. The furlong, or four poles wide and same depth i. e., forty poles, one acre—was a convenient length for a furrow before turning the plough. Of course these lengths somewhat varied in different parts of the country where soils and agriculture varied, but gradually the slight variations grew less and finally the present accepted statutory acre was evolved.

Gunter's chain of 66 feet (ten square chains to the acre) was invented by the Rev. Edmund Gunter (1581-1626). He was a professor of astronomy at Gresham College, London, and ingeniously adapted it to facilitate decimal calculations in land measurements. The use of the rod in superficial measurements of brick work and lineally in hedges, ditches and fences followed as a convenient existing measure.

REVELATION.

"Ah, sir, we do enjoy your sermons," remarked an old lady to a new curate. "They are so instructive. We never knew what sin was until you came to the parish."

To discern and deal immediately with causes and overcome them, rather than to battle with effects after the disease has secured a lodgement, is the chief aim of the medical man, and Bickle's Anti-Consumptive Syrup is the result of patient study along this particular line. At the first appearance of a cold the Syrup will be found a most efficient remedy, arresting developments and speedily healing the affected parts, so that the ailment disappears.

DIPLOMACY.

Bobbs—"Henpeckke thinks you are the finest fellow in the world. How did you manage to make such an impression?"

Slobbs—"Oh, I pretended to be surprised when he told me he was a married man."

A Medicine Chest in Itself. — Only the well-to-do can afford to possess a medicine chest, but Dr. Thomas' Electric Oil, which is a medicine chest in itself being a remedy for rheumatism, lumbago, sore throat, colds, coughs, catarrh, asthma and a potent healer for wounds, cuts, bruises, sprains, etc., is within the reach of the poorest, owing to its cheapness. It should be in every house.

The Grand Duchess Elizabeth, widow of the murdered Grand Duke Sergius and sister of the Czarina, has formally founded in Moscow an order of white nuns and accepted the dignity of abbess of the convent. Everything connected with the convent—buildings, furniture, and the dress of the inmates—is pure white.

These two desirable qualifications, pleasant to the taste and at the same time effectual, are to be found in Mother Graves' Worm Exterminator. Children like it.

OLIVES IN SPAIN.

About 3,200,000 acres are given up to the cultivation of olives in Spain. Eating olives are delivered dry to the factories, where they are soaked in large vats with a solution of caustic soda until the solution has penetrated to the stones. After a washing in fresh water the olives are put into hogsheads of brine for two months of fermentation. When they are bottled new brine is used, but the output from the factories is usually in hogsheads holding 160 gallons.

IN THE SWEET BYE AND BYE.

TAXICABS AS AN INVESTMENT

A system, which can boast of being the only means of rapid transit in a quick growing community, is an ideal investment, because it is a big money earner. Toronto's Taxicabs have demonstrated their value as the rapid transit service of this city. Toronto's Taxicabs have proven their big earning powers, and can, under present conditions, pay a dividend of 10% per annum, or 2 1/2% quarterly, beginning January, 1910.

We advise the purchase \$6.00 per share, par value \$5.00, and of Taxicab Stock at \$6.00 the time to buy is now. Subscriptions will be accepted up to 100 shares in the order received at this office.

LA GRIPPE

Arrested, and Consumption Cured

Mr. G. D. Colwell, of Walkerville, Ont. was stricken down with La Grippe in 1906 and it left him in very bad condition. He says: "I was all run down and bordering on Consumption. I could not sleep straight, had awful sweats, and coughed nearly the whole time. This is how I was when I began to take Psychine, in a low nervous state; but from the first bottle I began to improve. It did marvels for me and brought me back to health in no time, making a new man of me. It fortifies the body against the attacks of La Grippe and is a sure preventative. I always take Psychine if I feel a cold coming on and it puts me right in no time."
