"No," answered the young man

A LITTLE LIFE SAVER

There is no other medicine for little ones as safe as Baby's Own Tablets, or so sure, in its beneficial effects. These Tablets speedily cure stomach and bowel troubles, destroy worms, break up colds, thus preventing deadly croup, allay simple fevers, and bring the little teeth through painlessly. Mrs. C. A. Weaver, Saskatchewan Landing, Sask., says:-"I have used Baby's Own Tablets for my little one in cases of colds, stomach and bowel troubles, and other minor ailments, and have never known them to fail in speedily restoring the child's health. I think there is no medicine for babies like the Tablets." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

KING EDKARD'S HOUSES.

Has So Many That He Lends Them to Save Expense of Upkeep.

There is a good deal of speculation in England as to who will have the offer of White Lodge from King Edwars if, as is expected, Mrs. Hortman resigns her tenancy owing to financial difficulties. It is an ideal spot for a residence, only just a few miles out of London, yet perfectly rural in all its surroundings.

The drawback to White Lodge is that the place, though not large is very expensive to keep up, and it was for this reason that several people refused the King's offer after the death of the Duke of Teck including, so it was said at the time, at least one member of the

feet of little children. Please help us.

A CANDID DOCTOR.

Physician and lawyers are sometimes charged with protracting profitable "cases" through months, and perhaps years, that could have been disposed of in a few days or weeks. One medical man, who had no temptation to that kind of practise, was frank enough to take advantage of the impeachment, and put the blame where it belonged. A lady was very solicitous about her health. Every trifle made her uneasy, and the doctor was called

immediately. The doctor was a skilful man, and consequently had a large practise. It was very disagreeable to him to be so often called away from his other cases for nothing, and be resolved to take an opportunity of letting the lady see this. One day the lady observed a red spot on her hand, and at once sent for the doctor. He came, looked at her

hand, and said: "You did well to send for me early." The lady looked alarmed and

asked: "Is it dangerous, then?" "Certainly not," replied the dortor. "To-morrow the spot would

have disappeared, and I should have lost my fee for this visit."
